Burlington Man Endorses Sargon

"Sargon has done me more good than any medicine I ever took in my life.

"For ten years I suffered with stomach trouble that I poisoned my whole system and brought on all kinds of complications. I had very little appetite and what little I did eat caused me a lot of pain. Lumbago and rheumatism in my legs bothered me a lot and I suffered from headaches that must have been brought on by constipation. Nervousness kept me from sleeping, too, and I was always tired and listless.

"Almost as soon as I started taking Sargon and Sargon Soft Mass Pills, my whole condition began to improve. This wonderful treatment built back my strength and put my stomach in fine condition. My appetite picked up and indigestion disappeared. The pains from lumbago and rheumatism stopped entirely. The pills regulated me perfectly without any bad effects at all.

"I'm glad to recommend Sargon to all my friends; it's a medicine that does all that is claimed for it—and more."—Frank R. Blakeway, 1909 S. 12th St., Burlington, Ia.
