

Friends Amazed to See Her Out

"Since I took the Sargon treatment my friends are simply astonished to see me looking so well and walking around like I do. It is even hard for me to realize.

"I had been suffering for twenty years with neuritis and could only get around a little in the house. For the past several years I have also had high blood pressure and have been in a generally run-down condition. I was very nervous and could not sleep well at night. At times I was troubled with constipation.

"No medicine reached my case until I tried Sargon and Sargon Soft Mass Pills. Now I am not bothered with neuritis or high blood pressure and all my pains are gone. I can get out and take long walks now, for the first time in years. The pills are very mild, but effective and completely overcame my constipation.

"It gives me a lot of pleasure to tell my friends about the Sargon treatment, because it is the best medicine I ever used in my life."

Stomach trouble, headache and constipation often caused by Rupture promptly disappear.

Truly remarkable and prompt results have been obtained not only with recent and not fully developed ruptures, but also with old, long neglected ones.

Ingenious, recently perfected devices are now holding ruptures firmly, which heretofore never had been retained.

No elastic belts nor filthy legstraps are used. I guarantee the durability of my absolutely sweat and moisture proof, sanitary appliances.

75% of ruptured children recover completely through expert mechanical treatment according to statistics.

Finds a Good Truck.

Harry Knabe had the truck of Ed Gansener which he used to take his hogs to the state fair and was impressed with it, and when he returned found out that it was better to have one and less expensive than it would be to go without one and so now has one of his own, and one of the most dependable at that.

Wunderlich, age 61, were invited to the home of Mr. and Mrs. Leo Switzer in honor of the event.

The combined ages of the 11 pres-

ent was \$35 years, with the average being 76 years.

Dinner was served at noon and from the way each one seemed to relish and store away the food would lead one to conclude that once the eating habit was contracted when quite young, and had grown more acute with each succeeding year, but who could resist.

We wonder if the experiences of each and the joys and sorrows, the prosperities and adversities all combined were recorded in detail, would make interesting history.

William Balfour "the Sage of Fiddlers" entertained the guests in one of his programs on the violin much to the delight of all present.

After wishing Mr. Schomaker many more birthdays the guests bid him not good bye but just good afternoon.

—A Guest.

REPORT WOMAN BEATEN

From Wednesday's Daily—

Last night a party of touring actors arrived in the city en route to Humbolt where they are to show, and reported to the night police that some woman was being beaten up near the Platte river bridge.

The party comprising Mr. and Mrs. C. H. Niles and Ernest Hall, reported that as they crossed the bridge coming south, they noticed a car parked near the bridge and that a man, a woman and a child were standing a short distance away and the man seemed to be beating another woman who was lying on the ground and apparently struggling. As far as the party of actors could see the assault was being made with a tire pump.

As the car came from the north the people mixed up in the assault grabbed the apparent victim of the assault and threw her in the car and hurriedly started away from the scene, passing the car of Mr. Hall and going on north over the bridge.

Sheriff Reed, Constable Tom Svoboda and Officer Pickel went out to the bridge to investigate the case and found verification of the story in the fact of the tracks along the road and also finding a woman's black patent leather slipper which it is thought was the property of the woman that had suffered the assault.

The passing autoists reported that the child who was in the group was apparently the object of trouble as the woman that was being beaten up was apparently attempting to hold the child.

The officers have a clue that may lead to the identification of the parties and as to the real facts in the case.

NEGRO SENT UP FOR YEAR

Omaha—His insistence on collecting a debt of \$11 sent Robert Jackson, negro, to prison for a year. His method of collection was wrong.

Jackson told District Judge Fitzgerald that Clarence Sorrell became annoyed when reminded of the debt so often and that he and another man ran Jackson out of the house. Jackson at the time was a bit intoxicated and returned with a gun, he said.

Mr. Sorrell was in the bath tub but had a blackjack lying in plain view and the third man was armed with a butcher knife, Jackson related.

"I just naturally started shooting and I guess I hit Sorrell about three times. Then I broke out of the house and left town for a couple of weeks," Jackson said.

Sorrell now is recovering from his wounds, received on Aug. 24, but Mr. Jackson won't have another opportunity to collect the debt for a year, which was the minimum sentence.
