### The Sunday Night Services.

The Rev. Robert E. Hanson, pastor of the Murray Christian church is meeting with good success in his work as pastor here. He has most interesting services and every time something new for the congregation and for the people to think of at the service on last Sunday evening there was a large and greatly interested congregation and a very fine service. Rev. Hanson gave a fine discourse and was assisted by the Cotner College Girls Octette, the program being as follows: Prelude, Irene Epler's Song, Congregation, Invocation, Pastor: "Salutation", Octette; Scripture and Prayer; "Twilight and Dawn" duet, Virginia Ball, Grace Elda Lowe; "I Waited for The Lord" Octette; Offertory, Irene Epler; "On Calvary" solo, Helen Louise Arnold; The Silent Sea, Octette; Sermon, "What Does Jesus Expect?" Pastor: "The Holy Hour" Invocation, Octette; Benediction.

### The Sunday Ball Game.

The ball game which was staged on Sunday at the park between the Broken Down Giants, a colored team from Omaha and a fine lot of lads at that, and the Murray team was largely attended and a very fine presentation of the national game was given. The base ball game surely had no kick coming as to a good clean game, notwithstanding the visitors won over the local lads at a tune of seven to four in the score.

### Safety First The Idea.

Since the losing of a barrel of roofing paint, the Nickles lumber yard is playing safe on the proposition by the locking of the foot and large bung of the paint barrel, so that no one can get to the paint only by breaking the lock. They are hoping that they may not suffer the loss which they did before.

### Will Build Platform.

G. M. Minford the veteran cattle feeder and who has made a success of the vocation is at this time building a concrete platform where the boys won for Vernie Pullen the Social Circle Project club and has 17 members. The club was fortunate in having Allen Vernon as their leader, but success depends upon individual efforts. While there was many good pigs in the club and would no doubt have made a good showing, Vernie did the act necessary that was showing his pig at the fair that brought "home the bacon" and he had close competition for there were a number of strong clubs showing.

### Vernie Pullen

The untiring efforts of the club leader, Allen Vernon, the close cooperation of the foster parents, Mr. and Mrs. Robert Good and the faithful and determined spirit of the club won for Vernie Pullen the first place in 4-H and 2nd place in open class with his spotted Poland gilt at the county fair.

Vernie's pig seemed to develop just right under the careful management of its sponsor.

This 4-H club is organized by the Social Circle Project club and has 17 members. The club was fortunate in having Allen Vernon as their leader, but success depends upon individual efforts. While there was many good pigs in the club and would no doubt have made a good showing, Vernie did the act necessary that was showing his pig at the fair that brought "home the bacon" and he had close competition for there were a number of strong clubs showing.

Lewiston feels very proud that one of their members was successful and wishes Vernie future success in his undertaking.

### Lester Dill Home.

Lester Dill who was taken so suddenly with a severe pain in his head which circled the entire head and which required that he be taken to the hospital where he received treatment for some ten days was able to return home early this week and is feeling very well at this time. The workmen completed the work of constructing the concrete slab to the corner east of Murray on Monday evening. They also have laid the forms two miles north of the corner and have begun the work of paving from there south to meet the work done from the south. This two miles they are expecting to have completed in a short time after which they will work out of Mynard and take up the work at the Perry-Wiles corner and go north and will work from there to Plattsmouth. They are hoping to get the pavement all laid to Plattsmouth by the time the cold weather comes.

### A Most Unusual Offer

To get a Semi-Weekly paper for less than the price of an ordinary weekly in these days of high production costs when Omaha papers have united in a subscription advance of some 25 per cent, is indeed most unusual. Yet that is just what the Journal offers you. Campaign now on for new subscribers, and will run to October 15th—an entire year for \$1.50—52 weeks, 104 issues. Old subscribers, too, can pay for one, two or three years in advance at this rate, but all arrears must be paid up at the regular \$2 rate. This is the greatest newspaper bargain of the year, so don't fail to send in your money or hand it to the field representative. Of course, it applies only to subscribers in the first postal zone—as the postage alone on those living further away about equals the regular subscription price. Offer will positively be withdrawn October 15, and may never be repeated.

### WILL PLAY FOOTBALL

The Plattsmouth town football team which has been practicing for the past few weeks in the great fall sport, are to have their first game on next Sunday and the event will be staged at the ball park at Murray which the local team will use as their home grounds for the season. The Murray park has recently been fixed up nicely and the use of the park placed at the disposal of the local players with the small charge of ten per cent for ground upkeep. The attendance at the baseball games there this season has been much better than here and this is one of the reasons members of the team state that the football game will be transferred to that place, the lack of support for either baseball or football here making it a losing proposition.

### UNDERGOES OPERATION

From Wednesday's Daily—Yesterday Joseph McMaken, III, son of Mr. and Mrs. Joseph McMaken Jr. was operated on at the Methodist hospital at Omaha for the removal of his tonsils and adenoids which have been giving him a great deal of trouble. The little lad came through the operation in fine shape and it is expected will be back home by Thursday and relieved of the trouble from which he has been suffering for some time.

## BIBLE LESSON STUDIES

By M. S. BRIGGS

Sunday, Oct. 13th, 1929.

Lesson Text: Daniel 1:8-20.

Leading thought: "Keep Fit for Work."

### Feeding on the Kings' Dainties

Careful study, and painstaking investigations, has demonstrated that the animals are much benefited by the feeding of well balanced rations, and free from disturbing elements, which interfere with the best digestion. The manufacturers of stock feeds, are producing many convincing testimonials, substantiating the fact that it pays to have the best of food and well balanced, with plenty of good pure water and good sunshine to secure the best growth of stock.

The growers insist that the scrub stock shall be eliminated and when it comes to commercialism, the cost cuts the figure and the results arrived at, must show decided gains and the business must be profitable. Little Frances Rehmyer of near Weeping Water was able to win the Grand Champion prize on her Chester White barrow, by reason of the excellent stock, good well balanced feeding and a sanitary surrounding and plenty of good pure water. Dirt and filth does not necessarily promote best results in growing hogs. Neither can we expect rest results from human beings under like circumstances.

Not the King's Dainties. Daniel and the other three Hebrew children refused to be polluted with the king's dainties, for Daniel knew that to grow good sturdy stock in the human race as well as animals, there must be pure food. He therefore,

enjoyable six o'clock dinner to the team and coach, Mr. Albright. This was in recognition of the excellent playing which the team did in winning from Elmwood on the last day of the county fair. The game was one of the attractions of the fair. The score of the game was 12 to 13.

Hold News Reporter Meeting. Mr. Eldon Lux of Lincoln and editor in chief of the News Reporters of the 4-H club work over the state, was a visitor in Weeping Water and was at a meeting of the news reporters of the different 4-H clubs of Cass county which were in session in Weeping Water last Tuesday.

Having experience in writing and the better ways of putting news in print this meeting which was one of instruction was of great benefit to the different reporters of the county. There were many people from over the county present to receive the instruction which has come by the years of experience and the special instruction which Mr. Lux has been fortunate enough to receive.

Spending Week in West. Mrs. Fred H. Gorder departed on last Tuesday evening for Ogallala, where she is spending a week with her daughters, Misses Helen and Dorothy, who are teaching in the schools of that place. Miss Helen has been instructor in the schools of that place for some six years. The young ladies as well as the mother will be rejoiced to have the visit, and also insisted on the father also coming, but the pressure of business will not allow his absence from the county at this time, when there is so much to look after for the county.

Chicken Dinner. Last week the home of Mr. and Mrs. Jos. Diel, residing six miles north of Weeping Water, was the scene of a happy time for a group of friends and relatives who participated in a good old-fashioned chicken dinner that Mrs. Diel with the aid of her daughter, Mrs. C. L. Shields, had prepared.

More Comedious Quarters. C. H. Gibson, the veteran grocer

when it was urged that the four who had been selected of the Jews to be fed on the food of the King's Tables, which was to be in competition with the people of other countries, and of the Chaldees themselves, that to select plain, common and pure foods, and pure water which would best promote good digestion and healthy growth, he refused to partake of the miscellaneous food of the King's Tables, well knowing that it contained articles detrimental to the welfare of the eater thereof. The test showed that those who refrained from the wines and strong drinks were better when the day of examination came. The comparison showed that the Hebrew children were ten times better both physically and mentally than the Chaldees.

### Higher American Manhood.

Better automobiles and airplanes are being built, a better line of hogs, cattle and horses as well as poultry are being brought about, better peaches, wheat, corn and potatoes, as well as extending away down along the line, we are surely pleased with the advancement of these lines. Why not stress the American manhood, in the line of the physique, with better and more robust health, can we do it by using the King's dainties, purer food, better house, less of the stringing worry, and lack of the very best living. Better babies, as well as better chicks and pigs. The child has a right to expect the very best in inheritance, the child is being cheated out of his heritage when he is not surrounded by the best of influence, and that will not come from "hotch" which so many, lesser Americans

wink at the making, as well as the bootlegger who vends the stuff. The babies have rights, which we, as parents, if we do not see that they are given their rights, are proving ourselves unfaithful to the trust of parenthood, which the blessing of having been given children, are accorded us. Little Ruth Rikil of near Murdock, won the champion prize at the State Fair, because she was a healthy, normal child and adequately developed, the health and character of the parents, Mr. and Mrs. Rikil, were her heritage, but not this alone, she had received good food and care, the blessing of good air and sunshine, as well as proper training, this has counted for her and will for all who have the rights which were theirs by birth.

### Too Much of King's Dainties.

During the World war, the armies of the Central Powers, were advancing on Paris, and with a well organized army, and plenty of ammunition as well as munitions of war, it looked like the city was doomed that the war was to be won by the Central powers, and with the destruction which had been the feature of the war of invasion that far a black outlook was on the horizon of the world's history. The King's Dainties in the shape of the wines of the French, and which the Central powers took, and imbibed to their full, turned the tide of battle when the soldiers became "potted" and before they could sober themselves, the tide of the advance was stayed and, the battle turned, with Paris saved and human history a different thing. Verily the Lord of Hosts turns the evil oft times into good.

and who is enjoying a very fine business, is moving during the present week to the store room formerly occupied by S. M. Ambler, which is admirably fitted for this line of business. Mr. Gibson when he shall have gotten into the new place will also add to his already fine line of groceries and supplies, a market where the finest of meats, both fresh and cured will be served to the clientele.

These present were: Messers and Mesdames Ed Ulrich, Jos. Biel, Alois Biel, H. A. Johnson of Omaha, Geo. Shields of Omaha, C. L. Shields of Omaha, Emil Muntt of Omaha, Mrs. George Wagner, Mr. George Wagner, Jr., of Omaha, Misses Anna Marie, Helen and Dorothy Ulrich, Emily and Regina Biel, Thersia, Sophia, Frances and Virginia Biel, Mildred Diel, "Buddie" Shields, Harland and Gilbert Johnson of Omaha, John and Joseph Diel, Jr., Carl, Albert and Bernard Ulrich, Frank Biel and Mr. and Mrs. Joseph Diel.

### Celebrate Birthday Anniversary

At the home of Ben Olive of Weeping Water on last Sunday, October 6th was celebrated the passing of the birthday anniversary of Buccolinas Wolph who is the father of Mrs. Olive. Mr. Wolph has been in Cass county for many years and has been one who has struck many a hard blow to redeem this fine state from the prairie and its rawness of the half century ago, and convert it into the community of happy, prosperous homes which this county contains. When he came here there were no automobiles, no radios, neither were there telephones, for they had not been discovered, but today we have full enjoyments of the wonders of these discoveries.

An elegant dinner was served to some thirty or more of his relatives and friends, who were gathered to enjoy the occasion and add their greeting and endorsement of the life and friendship of this wonderful man. There were there to assist in the celebration of Mr. Wolph and his good wife, the host and hostess, Mr. and Mrs. Ben Olive, Paul Wolph and wife, Conant Wolph, Frank P. Sheldon and wife, V. P. Sheldon and wife, E. C. Giles and family and Mr. and Mrs. George Olive, parents of Mr. Ben Olive.
