Legion Preparing for the Fall

in Dues Is Made.

The Hugh J. Kearns post of the deal with-that of the forthcoming Fall Fun Festival and the changes in dues made necessary by the action of the last state convention.

The Fall Fun Festival is to be held on the week of November 11th to 16th, inclusive, and as this will occur Red Cross Presoon after the election of the new officers it was decided to have the committee selected at this time in order that the plans may be carried, on without delay and Commander Lugsch selected as the committee to have charge of the Festival, W. R. Holly, Leslie W. Niel, Frank H. Smith and Elmer A. Webb. The committee will plan a much larger scheme of entertainment than in the past and also to eliminate wheels or other devices that have been featured at these as well as other similar in the city. The committee will plan special features which it is hoped will make the forthcoming show a real event in every way.

The post also faced the necessity charged for the year 1930 at the last state convention of the Legion at maintained their dues at two dollars, the lowest amount of any post in the state and of this sum, one dollar was sirt to be a part of the Red Cross. sent to the national organization and for the local treasury and which amount was hardly adequate for the small expenses of the post administration. The last state convention raised the state dues to one dollar per member and this will not leave the local post anything from their membership fees and thence the necessity of the raise.

It was decided by the unanimous vote of all of the members present that the dues be placed at three dollars for the next year and which will permit the post to have social features or lunches at their monthly meetings as is the custom in a great many of the posts of the state. In many of the posts the memberships have for years ranged from three to five dollars, so the local post is still among the lowest in the cost of mem-

The election for the officers for the year 1930 will be held at a meeting on Thursday, October 31st as the changes in the state constitution has arranged for the new officers to take office in November instead of December to give them greater opportunity of getting ready for the new year program.

The local community building is being given a fall overhauling by the members in painting several of the smaller rooms and it is hoped to be able to have the main hall painted and re-decorated. One of the plans of the year calls for the placing of a ceiling on the main dance hall which will add to the appearance of the hall as well as a great saving in the heating of the building as now a great amount of heat is lost in the open spaces above the rafters of the room.

POSTPONE MEETING

From Friday's Dally-

Owing to the continued rain and increasing disagreeable road conditions it was found necessary today to have a postponement of the county welfare meeting which was to have been held today at Weeping Water. This meeting was to have been held a few days ago at Weeping Water but owing to the storm it was decided to have the date much pleased to learn that this eschanged to Friday and today the timable lady is now showing a very in Nebraska, Iowa, Kansas and Mis- 1905; J.
