### Senate Votes for 'Immoral' Book Entries

Bill Would Admit All Foreign Literature; Passed by a Large Majority in Chamber.

Washington, Oct. 11.—The senate Friday voted on record for a less rigid prohibition against the entry into the United States of foreign literature that might be regarded as of immoral or seditious.

By a vote of 38 to 36 it adopted an amendment by Senator Cutting (R.), New Mexico, striking from the tariff bill the provision in existing law barring importation of books held by customs officials to be of an immoral nature and eliminating part of a new provision which would have closed the doors to entry of literature advocating treason or insurrection.

At the suggestion of Senator Couzens, republican, Michigan, the New Mexico senator modified his proposal to retain that section of the new provision prohibiting entry of literature urging forcible resistance to any law of the United States or containing a threat against the life of an American citizen. In this form it was adopted.

Earlier the senate had rejected an amendment by Cutting which would have permitted entrance of all literature that might be held to be immoral or seditious. The vote was 48 to 33 for retention of the section as written in the bill.

The opposition heaped on the New Mexico senator's original proposal led Cutting to modify it. As a result he drew seven additional senators to his cause.—Omaha Bee-News.

### \$2,300 FEETS PAID STATE BY BARBERS

Lincoln, Oct. 10.—Barbers and hair dressers have already paid \$2,300 in fees to the state licensing board and will continue to contribute a neat sum annually in the way of renewals.

Seven hundred seventy-five permits at \$3 apiece have now been issued. Hair cutters were given until July 1 to get their licenses without examinations and that time was extended to Sept. 1. Unless a further time extension is made, applicants hereafter will have to pass a test.

## Well Loved Resident of Elmwood Called to Rest

Mrs. Anna Lenz, Resident for Many Years of Elmwood, Dies at Home of Daughter.

Mrs. Anna Lenz, nee Lorenz, was born at Mendota, Ill., August 17, 1858, and departed this life at the home of her daughter, Mrs. William Pahl at Elmwood, Nebr., on October 14, 1929, having attained the age of 71 years, 1 month and 17 days.

Early in life she with her parents came to Magnolia, Iowa, where she grew to young womanhood. On February 20, 1879, she was united in marriage with Fred Lenz, and to this union eight children were born.

In the year of 1911, Mr. and Mrs. Lenz and family came to Elmwood, Nebr., where they resided until God called them to their Heavenly home.

Mrs. Lenz was converted early in girlhood, at the age of nine years and joined the Evangelical church, of which she remained a faithful member until death. As long as her health would permit her, she was an active and zealous member of the various organizations of the church. She loved her Christ and it was her faith in Him that gave her inspiration and joy the latter days of her life. It was her desire for some time to greet her Master and meet her loved ones, who have gone on before.

Mrs. Lenz will be long remembered for her kind, generous dispositions. Hers was a rare character. She was a loving wife and a kind hearted mother.

What a blessing and what an example to this generation is a home like her home has been. Where love and virtue and the sacredness of the marriage vow is cherished and kept until death us do part. God bless our fathers and mothers and may we be worthy to follow thy example.

Mrs. Lenz leaves to mourn her loss, eight children, Edward G., Mary Cook, Lucy Koelling, of Ord, Nebr., Lydia Pahl, George P., Emma Hopkins, Walter H., of Elmwood, Nebr.; Rev. Frank A., of Lincoln and three brothers, Rev. H. O. Lorenz, of Los Angeles, Calif.; Charles Lorenz, of Council Bluffs, Iowa; Frank Lorenz, of Elmwood, Nebr., also two sisters, Mrs. Joseph Winter, of Glenwood, Iowa, and Mrs. John Neise, of Missouri Valley, Iowa. Besides these, she leaves sixteen grandchildren, one great-grandchild and many other relatives and friends.

"Servant of God, well done, Rest from thy loved employ! The battle fought, the victory won."

Enter thy Master's joy. The pains of death are past; Labor and sorrow cease! And life's long warfare closed at last—

Thy soul is found in peace." Funeral services were conducted at the Evangelical church by Rev. C. Jannan and Rev. Chas. Lewlein. Interment was made in the Elmwood cemetery.—Elmwood Leader-Echo.

### 102-DAY STRIKE IS DEADLOCKED

New Orleans, Oct. 11.—The New Orleans 102nd day street car strike stood at stalemate Friday despite the strikers' vote to return to work if the New Orleans Public Service would agree to arbitrate their re-employment provision of the New York agreement.

By a vote of 974 to 39 the strikers accept the New York agreement with the arbitration provision. At a previous voting several weeks ago the men rejected the agreement because they claimed the re-employment provision was not sufficiently specific.

The New York agreement provides for recognition of the union.

## Pioneer of West Part of County Passes Away

Isaac M. Liston, Long Time Resident of Near Elmwood Laid to Rest There.

Isaac Miller Liston was born in Vigo county, Indiana, December 29, 1854, and died in Elmwood, Nebraska Oct. 5th, 1929.

He lost his father at the age of eleven years, at which time he became the head of and the support of the family, with the aid of his widow's mother. Eight years later his mother passed away, after which he came to Cass county, Missouri, where he met his wife, Sarah E. Liston, to whom he was married, June 19, 1881.

This happy union was blessed with two children, Dr. O. E. Liston of Elmwood, and Mrs. C. E. Rennolds, of Papillion, Nebraska.

At fifteen years of age, Mr. Liston united with the Baptist church, and transferred his membership to the Methodist church when he came to Missouri, there being no Baptist church in the community. He has always been a faithful, hard worker in the church, and was the leading spirit in the establishment of a new church in Lane, Kansas, where he resided for a number of years. He has especially taken great pleasure in the music of the church; directing and singing in the choir until very recently.

He was a member of the Odd Fellows lodge for 48 years, always taking a very active interest in lodge work.

He devoted to mourn his departure, his dearest wife, his son, Dr. O. E. Liston and family, his daughter, Mrs. C. E. Rennolds and husband, his invalid brother J. T. Liston and family, hosts of other relatives, friends and neighbors, who have come to know him and admire his clear thinking, his firm righteousness and the rugged strength of his manly character.

The funeral service was held at the Methodist church, Tuesday afternoon. The pastor, Rev. J. A. Klein, conducted the service and was assisted by Rev. Victor West. There was a large attendance, including many out of town friends. The Odd Fellows and the Royal Neighbors attended in bodies. The music was provided by a quartet composed of Miss Cora Williams, Miss Opal Turner, Miss Ethel Coatman and Mrs. Della Green. Mrs. Willard Clapp sang "Crossing the Bar." Mrs. W. D. Skeen, with painstaking care, arranged the many beautiful flowers. Interment was made in the Elmwood cemetery.—Elmwood Leader-Echo.

### LOSE JOBS IF THEY MARRY

London.—The old problem of marriage versus career was discussed Thursday night at a meeting of women government employees who, because they are under civil service, must leave their posts if they marry. That rule, together with the remuneration paid to women as compared with men, is part of the agenda of a royal commission which recently was appointed to investigate conditions in the civil service.

The discussion brought out varying views. Miss Ellen Wilkinson, labor member of parliament, contested the view that 99 per cent of women just wanted marriage, and took jobs in default of something better.

"It makes a woman look very critically at a man, when he represents not merely a haven of refuge from the typewriter, but just a little home in place of a thrillingly interesting life," Miss Wilkinson said. "Mind you, it pulls up the standard of men. There is one career no one has ever suggested a woman would give up on marriage—the job of being a woman M. P."

### TOP SPUD PRICE IS \$1.50

Alliance, Neb.—Western Nebraska potato growers are shipping their products to the markets and with the crop normal in this section the shipments are large. The price being more favorable because of short crops in other parts of the country, the west Nebraska spud farmers are reaping a large return.

A total of 1,316 carloads of potatoes has been shipped out already this year, as compared with 653 cars at the same time last year. The movement of table stock spuds has been going on for about a month, while the shipment of certified seed stock is just getting started.

The going price of table stock is between \$1.30 and \$1.50 per bushel, as compared to 50 cents a bushel a year ago. The price of certified seed potatoes, which are in much demand in the south, is between \$3 and \$3.50.

## Mrs. C. A. Rosencrans is County Welfare Officer

Appointment of Well Known Welfare Worker Promises for Success of New Plan

Under the plan proposed by Hon. E. M. Pollard, head of the state department of welfare and labor, the appointment of Mrs. C. A. Rosencrans of this city as county welfare and probation officer has been made by Judge James T. Begley and County Superintendent Miss Alpha Peterson and as soon as the appointment is acted upon by the board of county commissioners the new officer will take over the work, which it is hoped will prove a great boon in dealing with cases of children or dependents.

The plan of Mr. Pollard has been warmly endorsed by civic organizations over the county and the Women's club at their county convention on Thursday week on record as favoring the move which will give to cases of delinquent children or those who may be in unfortunate circumstances a thorough investigation from the standpoint of making better citizens and to give each case a sympathetic investigation.

The selection of Mrs. Rosencrans for this position is a most happy one as she is eminently qualified in every way for the work, having served here as the secretary of the Red Cross for many years and active in the welfare work of the American Legion Auxiliary. Mrs. Rosencrans having served as a teacher in the public schools has a clear understanding of the problems of dealing with the children who are delinquent in their school attendance and as a mother she can feel and appreciate the home surroundings of the child and be a most valuable aid to the parents as well as the children.

The work will also include the cases of delinquent children who may have become involved in some infraction of the law and which case is better handled in the opinion of Mr. Pollard by personal review and attention than the mere sentencing of a child or youth which would perhaps cause them to become a menace to society while under the probation plan they may be restored to the role of useful citizens.

## Doughboys Have Touch of Army Hardships

First Battalion of the 17th Steps Here on Practice March to Murray and Return.

From Friday's Daily.—The first battalion of the Seventeenth infantry was encamped here over last night at the U. S. rifle range north of this city and which gave the troops a touch of the hardships that are a part of the army in the field, as the boys found the camp grounds very wet and muddy and also a rain storm in which to pitch their tents for the night.

Early this morning the troops broke camp and started on the second phase of their twenty-five mile practice march or hike, which has as its objective Murray, where the troops will spend tonight and then start back on the hike to Fort Crook and their regular barracks and post routine.

The battalion included the machine gun company as well as two line companies of infantry, the medical detachment and part of the train with their wagons and equipment that were necessary in the care of the troops while on the march.

The machine gun company had with them the guns, carts and the mules that are used in hauling the carts which made a fine showing as the troops marched through the city on their way southward to Murray. With the battalion was carried also the rolling kitchens to supply the food for the troops at their temporary camp tonight.

To many of the residents here the long marching columns and the machine gun carts and rolling kitchens were vivid reminders of the period ten years ago when hundreds of thousands of Americans in the khaki were marching, marching on in the training camps and over the hills and valleys of France.

## STATE IS LOSER IN FIGHT ON CONTRACT

Lincoln, Oct. 11.—The State banking department lost out in supreme court Friday after having won in district court, a controversy it had with A. M. Huston, Earl Ryerson, F. L. Akins, J. F. Halderman and D. W. Osborn, stockholders in the defunct First State bank of Pawnee City, in which it sought to enforce against Huston, as trustee, a contract to purchase the remaining assets of the bank for \$47,500. The contract, in legal effect, relieved the stockholders of their double liability. The supreme court orders the contract cancelled and the action dismissed.

Mrs. H. S. Dalton and children and Mrs. Edgar McGuire were in Omaha today where they spent a few hours attending to some matters of business and visiting with friends.

## Crop Bigger Than Normal; Oats and Barley Up; Apple Production Doubles

Lincoln, Neb., Oct. 11.—A corn crop bigger than normal instead of several million bushels short is now predicted by the state and federal division of agricultural statistics.

The monthly report issued today by A. E. Anderson places the yield at 221 million bushels, a 15 per cent increase over the 192 million estimate for last month. Production per acre is 24.5 bushels as against the 21.3 bushel estimate on September 1. The five-year average is 214 million bushels.

On an average yield of 33.5 bushels, oats will produce 83 million bushels against last year's crop of 79 million bushels and the five-year average of 69 million bushels.

Barley is expected to return 19 million bushels, compared with the 15 million bushels grown last year and the average of eight million.

Production of all wheat will approximate 55 million bushels, compared with last year's 69 million bushels and the five-year average of 56 million.

The estimated potato production of eight million bushels is two million greater than last year and almost three million more than the average.

The 93 per cent condition of sugar beets foretells a production of 1,093,000 tons.

Though rated at but 62 per cent, apple orchards are bearing 868 thousand bushels of fruit compared with 470 thousand bushels last year and the average of 646 thousand bushels. The peach yield of 65 thousand bushels is eight times that of last year, and the pear crop of 36 thousand bushels is three times as great.—World-Herald.

## BANK TAKEN OVER

The Bank of Eagle, situated at Eagle in the west part of Cass county, was taken over Friday by the state department of trade and commerce. Secretary Bliss of the department stated that plans of reorganization would be considered at once in order to give some banking facilities to that community as this was the only bank there, the Farmers State bank of Eagle having closed last year.

The capital stock of the Bank of Eagle amounted to \$20,000 with a surplus of \$5,000. The deposits in the bank amounted to some \$230,000.

The president of the bank was H. K. Frantz, long and active in the state banking circles and having served as president of the Nebraska Bankers' association and member of their legislative committee.

The state department is hopeful that steps can successfully be carried out to effect a reorganization of the bank and permit it being continued in the future but pending some adjustment of the trouble the bank will be in the hands of the department.
