That the dinners which the Union Business Men's Club have been giving might not be broken into, the ladies of the Methodist church concluded they would serve dinners every Monday during the month of November, as it was inconvenient for the ladies of the Baptist church to do so, on account of their Thanksgiving dinner and other functions. Obituary.

Ida Freeman was born July 16, 1855, at Prescott, Wisconsin. In 1884 she came with her parents to Nebraska. The journey required two years. Ox teams and covered wagons were the mode of travel. The first winter was spent in Iowa, the second winter at the old Mission House at Bellevue, Nebraska. The family then settled on a farm a short distance north of Nebraska City. Two years later the family moved to the farm southeast of Union. There she resided until several years ago when she moved to Union where she lived until about one year ago when she went to Omaha to be cared for. She passed away at 8 a. m. Thursday, Nov. 7 at the Covenant hospital at Omaha.

She was a member of the Presbyterian church and for years was an active worker in the cause. When a young lady, she attended Peru Normal where she prepared herself to be a teacher and taught in various schools in Cass county for 25 years.

She leaves to mourn her loss one brother, Mark M. Freeman, Omaha, four nieces, six nephews.

The funeral was held Saturday from the Baptist church at Union at 2 p. m., conducted by W. A. Taylor, assisted by Rev. Beebe. Interment was in Selota cemetery.

LOBBYIST WORTH HIS HIRE

Washington—A decision that money paid a lobbyist is a necessary and ordinary business expense is being studied by the attorney general's office to determine if an appeal shall be made. The decision, made by the United States board of tax appeals in an Alabama case, held that \$7,750 which the taxpayer listed as paid for lobbying was deductible from his gross income. The courts previously have held that money paid a lobbyist could not be deducted from gross income.

The claim was made by a gasoline and motor oil dealer on the ground that he had paid the sum to an attorney for services in connection with legislation relating to the standards of motor fuel in his state.

TRUCK LICENSE FIGHT HALTED

Enforcement of the recently passed law requiring commercial vehicles from other states to buy Nebraska motor licenses operating in or through the state will be temporarily suspended, according to S. S. Caldwell of Omaha, following a recent unofficial conference with Roy Cochran, state engineer.

Cochran, according to Caldwell, promised there would be no further moves made to enforce the law until his return from Texas in about two weeks.

The law has caused considerable agitation, both in Iowa and Nebraska.
