John D. Bramblett at Rest.
The funeral of the late John D. Bramblett who passed away on December 17, 1929, was held on Thursday, December 19th, the Rev. W. A. Taylor conducting the services and preaching the funeral and assisted by Rev. Beebe of the Methodist church, who offered the prayer and also read the scripture lesson. In the delivery of the discourse over the remains of his friend, Rev. Taylor had occasion to pay a very high tribute to the man whom he had known and loved for so many years. They had worked shoulder to shoulder in all the things which go to make up best conditions in society, state and religion. As a member of the Modern Woodman of America, Mr. Bramblett was a worker always for the members and loyal to a friend beyond that most practiced. When

FINAL NOTICES OF TAXES FILED

Lincoln, Dec. 23.—Secretary of State Marsh is sending final notice to many corporations, domestic and foreign, that unless their delinquent occupation tax is paid within 90 days of the receipt of notice their charters will be subject to forfeiture. The tax of domestic corporations became delinquent Sept. 1 and foreign corporation taxes were delinquent Aug. 1. Many of the corporations who have not paid do not care to continue in business and some companies are said to have overlooked the fact that they are delinquent. A penalty of 15 per cent in the tax has accrued against all delinquents.

Seek U. S. Aid in the Battle on Lobby Fraud

Fid Arnold Collected More Than \$1,000,000 in 4 Years; Caraway Raps Operations

Washington, Dec. 20.—Federal legislation to protect the public against "phony" lobby organizations, like those managed by J. A. Arnold, was recommended in a report of the senate lobby committee Friday.

The committee pointed out that in the past four years over \$1,000,000 poured into the coffers of two lobby associations which Arnold operated to make a "living for himself and a small group associated with him." Concerning these two organizations the report said:

"There is, in truth, no such thing as a Southern Tariff association, or for that matter, an American Taxpayers league."

In submitting the report, Senator Caraway (D.) of Arkansas, committee chairman, described Arnold as a man "utterly without regard for veracity, and no seeming sense of self-respect."

He also asserted that the statement of John H. Kirby of Houston, Tex., that he contributed \$2,900 to the tariff association, was untrue.

The operating methods of Arnold's lobby organization were first exposed by the Hearst newspapers.

After calling attention to conflicts in Arnold's testimony, the report concluded:

"The above are but instances of many in which the testimony of the witness was shown to be false, either by documentary evidence, his own admissions, or other evidence, not to speak of his general demeanor, and the evasiveness of his replies to direct questions propounded to him.

Peters Assets Will Repay All the Creditors

If Properly Administered, Says President of Insolvent Trust Company.

Omaha—Assets of the Peters Trust company here will be sufficient to pay all creditors in full, if properly administered, R. C. Peters, former president of the insolvent company, announced Monday.

President Peters' statement, in which he stated that officers of the company reduced their salaries some time prior to the crash in an effort to save the company, was made here after Federal Judge Woodrough had ordered state authorities to transfer assets of the company to the federal receiver and without "dawdling."

Assets of the company, in the face of the latest computations, will total almost \$12,000,000 with \$9,000,000 of that amount held in trust.

Peters expressed satisfaction over Judge Woodrough's action in ruling that "the affairs of the company be handled by the federal receiver rather than the state liquidating agent."

A conference is to be held here Tuesday morning at which Receiver Daniel, Liquidating Agent Gamble and Attorney General Sorenson will consider the feasibility of permitting state auditors to continue their check of the company's audit, which already has resulted in charges of embezzlement being placed against two assistant vice presidents.

Continuance of the audit under state supervision is regarded by state authorities as being of prime importance.

Daniel, who took charge of the company funds Monday under Federal Judge Woodrough's order, said that a definite decision on the matter will not be reached until after the conference. He stated also that "he assumed" that there would be no hindrance to the state's auditing activities.

Attorney General Sorenson was informed Monday afternoon of the decision of Judge Woodrough of the federal court at Omaha, placing the Peters Trust company of Omaha, including trust estates as well as ordinary assets, under the administration of a federal receiver under the bankruptcy law. The attorney general said the state may appeal. He said Attorney Morsman stated in our court last week that it would be the policy of the state receiver to return trust estate to their owners and not to collect fees based on trust estates.

The attorney general said the trust estates constitute twelve-thirtieths of the assets of the trust company and that his fight for state control had been in the interest of these.—State Journal.

Plot Against Belgian Royalty is Revealed

Red Reported to Have Confessed Plan to Assassinate Ministers, Too.

Brussels, Dec. 23.—The newspaper Independance Belge tonight said that a plot to assassinate members of the Belgian royal family and prevent the marriage of Princess Marie Jose to crown Prince Humbert of Italy had been discovered by Belgian and Italian police.

The plot was said to have been aimed at the Belgian and Italian ministers if plans for the marriage were carried out.

The newspaper said the police here arrested a young Italian communist named Bierni who was alleged to have confessed he came to Belgium to murder the Italian minister of justice, Prof. Rocco.

He was further alleged to have disclosed a plot to bomb the Italian royal train which is to convey King Albert and Queen Elizabeth to Italy for the wedding. As he described the plan, anarchists were to throw bombs from another train which would pass the royal coaches at Milan.

It is believed Bierni may have been associated with Fernando di Rosa, who fired a shot at Prince Humbert while he was here on October 24 in connection with the formalities of announcing the engagement.—World-Herald.

THREE DEAD IN EXPLOSION

Albany—Three men were killed and another badly burned in an explosion and fire late Monday at the plant of the Redmond & Bramley Oil company, inc., in Aensselaer, just across the Hudson from here. The blast, which occurred in a storehouse containing 10,000 gallons of kerosene, wrecked that building, blew out the windows in scores of houses, and shook structures for ten miles about.

Altho identification was not positive, because of the charred condition of the bodies of the dead were believed to be these men, missing since the explosion: John Carey, thirty-eight, Troy; Thomas Carey, twenty-nine, Troy; his brother; Kenneth File, Nassau.

The cause of the explosion has not been determined.

Congress Dries Demand Report on Prohibition

Senator Jones Will Request Word from Hoover Commission This Week.

Washington, Dec. 22.—Congressional dries are going to insist upon an early report from President Hoover's law enforcement commission upon its study of prohibition.

Senator Jones of Washington, a leader of the republican prohibition forces in congress, will go before the commission this week to request a report on its inquiry into conditions resulting from the Eighteenth amendment.

Democratic dry leaders in the senate already have served notice that they will demand a report from the commission on its study of prohibition before permitting the appropriation of further funds to carry on the work of the law enforcement commission.

Charges in Senate.
Just what has aroused the dries is not clear, although Senator Harris (dem. Ga.), a pronounced prohibitionist, recently declared in the senate that Chairman Wickersham and the "enemies of prohibition" were seeking to withhold any report on the dry law survey.

However, Senator Jones, an administration senator, professes no alarm over the attitude of the commission. The attorney general said the trust estates constitute twelve-thirtieths of the assets of the trust company and that his fight for state control had been in the interest of these.—State Journal.

Red Reported to Have Confessed Plan to Assassinate Ministers, Too.

Brussels, Dec. 23.—The newspaper Independance Belge tonight said that a plot to assassinate members of the Belgian royal family and prevent the marriage of Princess Marie Jose to crown Prince Humbert of Italy had been discovered by Belgian and Italian police.

Hoover's national commission of law enforcement and observance, said the commission's inquiry had resulted in the conclusion that two major problems demanded immediate settlement. He named these as being the solution of prohibition enforcement and the removal of "governmental lawlessness" itself.

Judge McCormick said that, consequent to the settlement of the latter problem, there would be a resultant guarantee of constitutional rights to citizens.

The invasion and search of private dwellings without warrants, the commission member declared, constitutes one of the most serious evils of present day law enforcement. He characterized it as a gross misuse and denial of the constitutional rights of citizens, and a menace to life and liberty.

"A man's home is his castle," Judge McCormick continued, "and the practice of entering it in the cause of prohibition enforcement, without recourse to legal procedure should be abolished. Third degree methods, as indulged in today, are wrong."

HID IN CHURCH FOR SAFETY

Evanson—Staid Evanson beheld another of its series of small but unusual incidents Sunday. The new Hope negro church was besieged for more than an hour by members of the congregation. Finding their efforts to gain entrance by either force or diplomacy, blocked by well placed barricades, the church folk enlisted the aid of the police department.

A pair of husky sergeants, placing little stock in the reported diabolical connections of the entrenched parties, broke a window and climbed in, with pointed pistols, and searched and found—under a pew—Max Belcher, a member of the congregation.

He was seized, rushed to the police station and locked in a cell. A lieutenant hurried down the corridor, pad in hand, sensing a confession of impud. He was met, however, with a disarming smile.

"Well," the huge prisoner announced, "she can't get me here."

"Who?" inquired that part of the department that could squeeze within ear shot.

"Mrs. Belcher—my wife," Mr. Belcher explained.
