

Alvo News

John Stradley, patrolman from Greenwood, was a visitor in Alvo and was conferring with Sterling Coatman on the matter of road work.

Mrs. Edith Kitzell shelled and delivered corn at the Rehmer elevator, getting the grain away and having the work incident to the shelling.

George Foreman was loading two car loads of alfalfa hay last week which was to be shipped to Omaha.

F. E. Dickerson was a business visitor in Omaha on Tuesday of last week, called there to look after some business matters connected with the store in Alvo.

L. M. Stanley shelled corn on late Tuesday and had the same delivered by the firm of Coatman & Skinner, with their trucks, the grain going to the Rehmer elevator.

Edward Nelson since getting moved has been very busy with getting the stock straightened up, and also with the serving of the trade, which is very good here with his help being kept hustling all the time.

Mrs. Elmer Rosewood, postmistress, was a visitor in Lincoln on last Tuesday, where she was visiting with friends and also looking after some shopping.

The home of Tony King and wife was blessed on January 22nd last Wednesday morning by the arrival of the stork at their home, bringing the very first young American.

John Banning and wife were over to Union on last Sunday where they were visiting, having gone via Omaha where they visited at the Methodist hospital with Joe Banning, who was injured receiving a cow at his home in Union, when he had a leg broken and shoulder injured.

Mrs. Mary B. Skinner, who has been sick for some time past at the home in Alvo is reported as being quite poorly at this time and is being cared for by a nurse.

One of the friends of Herman L. Bornemeier who is a great chicken fancier and who does the raising of chicks for profit as well as the love of the game, says that Mr. Bornemeier will receive early in February some fifteen hundred baby chicks, which he will grow and which are expected to ripen during the balmy month of spring.

Death of Peter Nickel at Alvo

Pioneer Resident of Cass County and Prominent and Loved Resident of Community.

On January 20th at his home a few miles east of Alvo, Mr. Peter Walter Nickel passed to the other world, after a two months' sickness during which time he suffered much, and was very patient during the time of his illness, being greatly thankful for all kindnesses which were extended. The family was very solicitous in their ministrations of the beloved husband and father.

Peter W. Nickel was born on May 26th, 1854 at Sandbach, Germany, and there lived and attended school during his boyhood, coming to America when fourteen years of age with his parents, his parents being Mr. and Mrs. George Nickel who settled in Pekin, Illinois, where he remained for some time and came first to Nebraska in 1879, where he remained for a short time and then returned to Illinois, where he worked as a farm hand for two years and returned to Nebraska in 1881 and began farming and has made his home here ever since. He was united in marriage with Miss Gertrude Lottermann at Elmwood on April 7th, 1887. This union was blessed with nine children, two of whom died when young, they being Magdalena, who died September 7th 1896, aged three years, and Rose who died May 13th 1906.

Those surviving are John P., Jennie V., Katie A., Maggie, Walter P., Herman E. and Phillip L., all remaining at home. He also has a sister, Magdalena Halmer of Sandbach, Germany.

The funeral was held at the Methodist church in Elmwood, and interment made at the beautiful Elmwood cemetery. Mr. Nickel was a devout Christian and a member of the Lutheran church of Eagle, where the family worshipped, all being members of the church there. The funeral was conducted by the minister of the church, the Rev. R. E. Rangelor who resides in Lincoln.

Mr. Nickel was a hard worker and struck many a hard blow to redeem Cass county from the raw prairie and added his work to make it the very garden which it is today. He was one of the hardy pioneers which we are indebted for the wonderful country which we now enjoy.

One of the friends of Herman L. Bornemeier who is a great chicken fancier and who does the raising of chicks for profit as well as the love of the game, says that Mr. Bornemeier will receive early in February some fifteen hundred baby chicks, which he will grow and which are expected to ripen during the balmy month of spring.

Killing of Two Federal Agents Act of Murder

Verdict of Coroner's Jury on Dry Law Tragedy at West Palm Beach.

West Palm Beach.—A coroner's jury late Thursday held that George W. Moore, alleged bootlegger, murdered two federal prohibition agents, killed last Saturday when they attempted to search the Moore home for liquor. Immediately after the verdict of the jury, which stated that Robert K. Moncreu and P. R. Patterson died from gunshot wounds "inflicted by George W. Moore, in an act of murder." Justice Rickart announced he would issue a warrant holding Moore for the grand jury.

The defense bitterly contested the case through the inquest, bringing witness after witness in an attempt to prove that the agents had attempted an illegal search after nightfall with day time warrants. Witnesses, including Mrs. Moore and her fourteen-year-old daughter, Ollie, testified that the agents did not ring the doorbell of the residence before attempting entry and that the raid was made after dark.

On the other hand, James S. Kugler and W. M. McNulty, two agents who survived the raid, declared it was still daylight when they attempted to search and that Moncreu first showed the search warrant to Moore before asking him to open the door.

The agents said the raiding party left headquarters at 5:30 p. m. for the Moore place and that it was still daylight when they got there. Gus introduced to read from a government book that official sunset on the day of the slayings was at 5:32 p. m. Three other witnesses for the defense testified that darkness had fallen when the raid and shooting occurred.

The search warrant, framed by the blood of Moncreu, was examined by the jury and found to be a daytime warrant.—State Journal.

PLANES STOP FOR NIGHT Miles City, Mont.—Out of the Rocky mountains and over the plains once more, sixteen pursuit planes of the army's winter test flight from Selfridge field, Mich., to Spokane and return, swooped down on the municipal airport here Thursday afternoon to remain overnight. They will nose across North Dakota Friday stopping at Bismarck, N. D., for luncheon and servicing and at Fargo for the night.

Lieut. T. M. Bolon, who was delayed in the take-off from Helena Thursday, because of a damaged landing gear and propeller, trailed his mates into Miles City. He landed at 4:55 p. m.

Four of the ships of the Arctic patrol flew direct to Miles City from Helena in two hours and twenty minutes. A snowstorm which was in progress when they sat down here halted before their eleven mates appeared from Rattlesnake lake, near Billings, where the fliers had lunch and refueled.

FOX MUST SHOW CAUSE New York.—After attempts at a compromise on a trusteeship had failed, Federal Judge Coker Thursday issued an order requiring the Fox Film corporation to show cause why an equity receiver should not be appointed to take over its assets. The order will be argued Monday afternoon.

The suit on which the order was signed was filed Monday by Mrs. Susie Dryden Kruger, widow of one of the original Fox backers and holder of 29 per cent of the voting class B stock in the company. Last Saturday Ira M. Gast, a minority class A, non-voting, stock holder, brought a similar suit, and Thursday a third suit was revealed. Arthur Berenson, attorney for two class A stockholders, said papers in an action for his clients had been served on William Fox before either Mrs. Kruger's or Mr. Gast's suit was filed.

FIRE IN A SOLDIERS' HOME Biloxi, Miss.—In a temperature of twenty degrees above zero, a hundred widows of Confederate veterans, all about ninety years old, were rescued Thursday from their dormitory at the old soldiers' home at Beauvoir, near here, as the building, a one story structure, was swamped by the blaze originated in the boiler room from overheating in the coldest weather of the year on the gulf coast.

We print everything but money and butter. Phone your order to No. 6. Prompt service.

Bishop Beckmann Named by Pope as Archbishop

Head of Lincoln Diocese of Which Local Churches Are a Part Called to High Post

Rt. Rev. Francis J. Beckmann, bishop of Lincoln, since December 25, 1923, has been called to one of the highest posts that the Roman Catholic church can offer to the members of its clergy. The announcement was made Thursday in press dispatches from Rome that Pope Pius had announced the elevation of the bishop of Lincoln to the archbishopric of Dubuque. The archdiocese includes the states of Iowa, Nebraska and Wyoming and the see of the archbishop is at Dubuque, Iowa.

Plattsmouth residents have had the opportunity several times of meeting the able churchman and bishop and that his elevation to one of the high posts of the church has been a long standing desire. He has been one of the most able church executives in the west. Bishop Beckmann was a visitor here at the time of the investiture of the late Father M. A. Stine with the title of monsignor, he having then just received the honor over the work of his new diocese.

Bishop Beckmann will assume his new duties in about three months, he said at Lincoln. Plans for his installation have not yet been made. It is likely that the only ceremony will be at Dubuque.

Bishop Beckmann succeeds the Most Rev. J. J. Keane, archbishop of Dubuque, who died last August 2 after serving as archbishop for 18 years.

Appointment to the archbishopric adds another to a long list of honors conferred by the church upon Mr. Beckmann.

Studied at Louvain. Born in Cincinnati in 1875, Bishop Beckmann studied at Louvain university and at the American college in Rome, being ordained in June, 1902.

Bishop Beckmann was president of Mount St. Mary's seminary, Cincinnati, and while there organized the American Catholic Students Mission Crusade, which now has more than 400 thousand members. He is still executive chairman of the crusade.

On Christmas day, 1923, Monsignor Beckmann was appointed bishop of Lincoln. He was installed by Archbishop Keane on May 15, 1924. Praised by Pope.

In 1925 Bishop Beckmann was honored by Pope Pius for his work with the crusade. He was given a special message, praising his work, after two audiences with the pontiff.

In June, 1926, Bishop Beckmann was appointed apostolic administrator of the Omaha diocese to administer in the absence of Archbishop Hart, who had been ill for a long time. Bishop Beckmann continued to serve as administrator until Bishop Rummel was installed as Archbishop Hart's successor in July, 1928.

Dubuque Clergy Pleased. Dubuque, Ia., Jan. 23.—Announcement of the appointment of Bishop Beckmann as archbishop of Dubuque was greeted with enthusiasm by the Catholic clergy here.

Bishop Beckmann has visited Dubuque many times. The youngest man ever appointed archbishop of this diocese.

CHURCH RULING IS CLEARED UP Lincoln, Jan. 23.—University students of the Episcopal faith, as well as all other members of the church not regularly enrolled in the two other parishes here, may affiliate themselves with the University church on the edge of the Nebraska campus, Father L. W. McMillan, priest in charge, stated Thursday.

His statement was made in connection with a ruling at Omaha Wednesday by Bishop E. V. Shaylor before the diocesan convention in which he established the line of demarcation for the three parishes.

"It has been the mistaken belief of some," Father McMillan explained, "that adult members of the faith must affiliate with Holy Trinity or the mission of St. Matthew."

He said, applies only when they are regularly recognized communicants of the two parishes.

ORDERED TO LEAVE MOSCOW Mexico City.—The Mexican government Thursday ordered its entire legation in Moscow to leave soviet Russia as a protest against the recent communist demonstrations before the Mexican embassies in Washington, Buenos Aires, Argentina and Rio Janeiro, Brazil. The Mexican administration holds that the Moscow government was responsible for the demonstrations.

Announcement of the step was made by Genaro Estrada, minister of foreign affairs. He revealed that the Mexican minister had been ordered to leave Moscow several days ago. Today the charge d'affaires and all others in the embassy personnel were directed to quit the Russian capital, "as an act of protest."

DEBATE ENFORCEMENT Washington, Jan. 23.—Recommendations of President Hoover's law enforcement commission, the subject for a radio debate tonight, were given the complete approval of a dry spokesman, Senator Harris (dem., Ga.), and drew censure from a wet, Representative Black (dem., N. Y.), who contended that the proposal for dealing with casual offenders would strike at the right of trial by jury.

FARM STOCK SELLS FOR GOOD PRICES Brantree, Jan. 22.—At the Edward Brandt farm sale east of the city horses sold from \$75 to \$100 and milch cows from 70 to 80 a head. Farm machinery also brought good prices. Mr. Brandt is retiring from the farm and will move to town.

PARAGUAY MAKES PROTEST

Geneva.—The Paraguayan charge d'affaires in Paris has sent a protest to the League of Nations against alleged plans for military movements by the Bolivian army in connection with the Chaco Boreal territorial dispute. The charge d'affaires said that "in denouncing this imminent aggression on the whole Paraguayan Chaco front, my government disclaims responsibility for the eventual results and formally protests against this attempt which has been secretly prepared by the Bolivian government."

The communication of the Paraguayan government was telegraphed to all states that are members of the league council and to the Bolivian government.

Cold Takes Five Lives and Imperils Others

War Department Orders Investigation of Ice Gorge on Wash River

Chicago, Ill., Jan. 23.—As forecasters promised some moderation from winter's third frigid blast which brought death to three persons in flooded southeast Missouri and two others in the neighboring state of Arkansas and hampered rescue work among marooned flood sufferers in Indiana, attention was centered upon further inundating dangers by a war department order for immediate investigation of an ice gorge on the Washburn river at Palestine, Ill.

Appeal to the secretary of war for the investigation was made by Governor Louis L. Emmerson and Senator Otis Glenn of Illinois, who pointed out the rapid flooding of Illinois river lands.

Fearful of Break. Persons living below the ice gorge at Palestine and those below another at Covington, Ind., were fearful that any break would release great volumes of water upon them, and the lands of persons living upstream were rapidly being inundated, the war secretary was informed.

Although the cold was reported moderated considerably in most of the middle west, many spots still shivered at some of the lowest temperatures in many years.

Abnormally cold weather continued in the Rocky mountain regions, and the section between the western foothills of the Appalachian mountains and the Atlantic coast was experiencing uncomfortable subnormal temperatures. A bright sun over the northwestern section here brought relief from the grip of extraordinary cold.

Rising or moderate temperatures were predicted for tonight and tomorrow in most of the north central states, but other forecasters said readings would remain below normal.

Planes Carry Supplies. Freezing of the flood waters in southern Indiana stopped the use of boats in carry supplies to the hundreds of homeless held prisoners in isolated districts. Red Cross officials were making elaborate plans for further use of airplanes to carry supplies to the sufferers.

Two Negroes were frozen to death in southeast Missouri. The third victim fell through a crust of ice and was drowned. Red Cross workers at Kennett, Mo., expressed fear that other persons have perished of cold or for lack of food. Ice there hampered relief work, too.

One infant died at Exarkana, Ark., and an aged Negro died of exposure at Little Rock, Ark.—World-Herald.

INSURANCE FOR ALIMONY Chicago.—Alimony insurance made its debut Wednesday in the divorce court of Judge Joseph Sabath with Frank E. Mueller, construction engineer, presenting a \$30,000 policy to assure the payment of \$500 a month to Mrs. Mary E. Mueller for the next five years. At a previous hearing in the couple's divorce suit, Mrs. Mueller had demanded some security that her husband would pay the \$500 monthly. "I'll get an insurance policy for it," Mr. Mueller said.

Judge Sabath, veteran divorce jurist, said the insurance is a boon to the divorce courts. "It not only helps husband and wife, but it simplifies the problems of the court. These people will not return for at least five years and the court is relieved of the job of forcing a husband to pay alimony."

LARGE SNAKE IS CAPTURED San Francisco.—A thirty foot snake, known to scientists as the reticulated python, Wednesday was the prized captive of Phillip Chancellor, former \$18 a week newspaper reporter, who several months ago inherited an estate of \$6,000,000 and immediately set out on an expedition to Borneo and the South Seas in search of rare serpents.

Chancellor, who is twenty-two years old and reputed to have an income of \$1,000 a day, informed his father, Dr. Phillip S. Chancellor of Monterey, Calif., by cable of his capture of the python, said to be one of the largest in captivity. The message was dated Sydney, Australia, and informed his father he would sail from that port Jan. 26.

FARM STOCK SELLS FOR GOOD PRICES Brantree, Jan. 22.—At the Edward Brandt farm sale east of the city horses sold from \$75 to \$100 and milch cows from 70 to 80 a head. Farm machinery also brought good prices. Mr. Brandt is retiring from the farm and will move to town.

Christ Furniture Company 118-122 So. 6th Street Phone 645, Plattsmouth

Argue O'Fallon Case Before the I. C. C. Today

Final Phase of Commission's Efforts to Set Valuation Begins Today; Rails Ready to Appeal.

Washington, Jan. 22.—The final phase of efforts by the interstate commerce commission to determine whether railroads of the country are worth approximately 23 billion dollars or 38 billion dollars begin tomorrow with arguments before the commission on the long-controverted O'Fallon recapture case.

Only nine miles in length, the St. Louis & O'Fallon coal-carrying 'railway' has become one of the most famous lines in the country by virtue of the commission's attempt to recapture \$226,880 from it under mandate of Congress.

Once Fixed Valuation. Once the commission has fixed a valuation for the road for the purpose of collecting excess income above 6 per cent, only to be reversed by the supreme court on the grounds that cost of reproduction new of the property and not cost as of 1914 should be considered. As a result the commission has been compelled to change its entire procedure, and tomorrow attorneys representing most of the roads in the country will endeavor to interpret the extent of the court's order.

If the commission in its next valuation of the O'Fallon is believed by the carriers to have weighed sufficiently of reproduction new and the valuation is satisfactory, the O'Fallon is expected to accept the valuation and the procedure used by the commission would be accepted for valuing all roads.

May Take Another Appeal. If it is not satisfactory, another appeal to the court from the commission's procedure may be taken. In its previous finding, the commission held the road owed the government \$226,880 for the period from 1920 to 1923, and ordered this amount turned into the treasury as a fund to aid unprosperous roads. The commission gave the road a maximum valuation of \$987,874, but the road claimed a valuation of \$1,350,000.—World-Herald.

GUARD STUDENT STRIKERS Madrid.—The National university closed Wednesday after the students began a strike, was strongly guarded Wednesday night to prevent further attempts at disorder.

The situation was quieter after the violence at noon when students forcibly ejected some professors from classrooms and later paraded the streets in scattered groups singing and shouting taunts at the government. The parades caused no disorder. The police watched them without interfering, but were ready to take firm measures if they had been needed.

The authorities have taken the attitude that the strike is a regrettable venting of youthful spirit. The students, however, stated by demonstration was justified by what they regarded as unwarranted official oppression and interference in student affairs.

During the day a red banner was hoisted on a balcony near the medical school while the strikers cheered. Some students had waved red flags while others were driving the professors from the classrooms.

SILENCE KEPT BY FRANCE Washington.—Assistant Secretary Lowman said Wednesday that no protests had been received from the French government regarding the search of French liners in New York harbor by prohibition agents, adding that earlier word to that effect was due to misunderstanding.

Lowman said no objections of any sort had been received since those that came several months ago from the French government against the government agents slapping the hips of persons landing from French liners. That practice was ordered discontinued several months ago.

He added that prohibition agents had no authority to board liners to search for liquor. The assistant secretary said the earlier announcement was due to confusion of the old protest with the present situation.

JULIA FRANKS FILES HIGH COURT APPEAL Lincoln, Jan. 22.—Julia Sullivan Franks of Omaha, appealed Wednesday to the supreme court from the action of the district court of Wayne county in holding that the suit she brought against the estate and legal heirs of Mary Sullivan, former resident of that county, should have been started in Knox county instead.
