South Bend Residents File Gravel Petition

Document With Fifty-Eight Signers Asks for Levy of Three Mills for Graveling

The agitation that has been conducted in South Bend precinct for the graveling of a highway through that precinct from the Louisville precinct line northwest through the town of South Bend and connecting with the D. L. D. near Ashland, resulted yesterday in a petition being filed in the office of the county clerk asking the commissioners to accept the petition and proceed according to law to satisfy the wishes of the people of that section.

The petition asks that the sum of three mills be levied on the taxable property of the precinct for a one year period and that this be used in the construction of a gravelled highway through the precinct, the board of county commissioners to meet a like amount from the county funds, which would be appropriated to the road work.

The residents of South Bend have long felt the need of a good surfaced road in their precinct and are taking active steps to see that their wish is realized and that another part of the county is served by a year around highway. In their desire the residents of the precinct will have the hearty support of all of the county as the road is one that is needed to help link up a real highway system that is growing and which needs only the completion of the road from Greenwood to Platts-mouth to make a very thorough system of gravelled and paved roads.

HAVE FINE MEETING

The local Rotary club held their first meeting for the new month at the Barclay cafe Tuesday noon and had a full attendance as Frank Bestor was able to make up his attendance in Omaha. Incidentally the club received a commendation from the President of the Rotary International Eugene Newson of North Carolina for the good work that they are doing, this message being read by President Livingston.

The club also had two young men from the high school, Warren Farmer and Paul Iverson, who are to be the honorary members of the club for the ensuing month. Both of these fine young men received a very hearty greeting from the club and the formal address of welcome from the president, Dr. Livingston.

The meeting was led by R. A. Bates and included a very fine talk on Paraguay, ONE OF THE countries of South America to which Rotary has recently been introduced, given by John L. Tibball.

During the luncheon Lee L. Sterrett, new teacher in the commercial department of the high school gave two very fine vocal selections in his most pleasing manner.

Gorgeous costumes and settings are seen in their own brilliant coloring, and the tintings make the players all but living. Beside the great cast, "On With the Show" has a chorus of dazzling beauties, numbering over one hundred.

Rainbow Rivalled. An entire stage was built for the action of "On With the Show." It is a set representing the first scene of a musical comedy, which is laid in the South, and it is complete with a Colonial mansion, the Mississippi river as a back drop, the prow of a steamboat and bales of cotton as props.

"On With the Show" was photographed by an all-color process which brings out every shade in its true value. An all-star cast and the 100 dazzling beauties are in this lavish entertainment.

P. A. Jacobson Files for County Commissioner

Well Known Resident of Louisville to Seek Republican Nomination in 2nd District

From Tuesday's Daily—This morning Judge P. A. Jacobson of Louisville was a caller at the court house and while here filed his name as a candidate for the republican nomination for county commissioner in the second district, subject to the wishes of the voters at the primary in August.

Mr. Jacobson is one of the long time and prominent residents of Louisville and has been very active in the life of that community and at the present time is serving as justice of the peace and is one of the most highly respected residents of his community.

The new candidate is a former business man at Louisville and has splendid qualifications for the office that he is now seeking at the hands of the voters. It has been a great many years since Louisville has had a candidate for the commissionership from their locality and they feel that with the growing size of the community that they are justified in seeking to have a representation for this time on the board.

So far the only other filing in the second district has been that of T. B. Johnson, democrat, 50 far Commissioner Harris has not entered his name in the race for the office that he held for the past several terms.

SOCIAL CIRCLE CLUB

The January meeting of the Lewiston Social Circle was held at the home of Mrs. Bruce Wolf with Mrs. Earl Wolf assisting. An all day meeting with a bountiful dinner was the main feature of the day was this gathering.

Miss Beemis of the Wright Bias Tape company had met with the project leaders at Nehawka and the project leaders had many new ideas for the use of bias tape. One thinks of tape as only a binding, but after the meeting it was found that bias tape could be used for many, many things such as dress trimmings, lingerie trimmings, pillow tops, quilt blocks and many other useful articles.

The lesson on quilts and their history was very interesting. Among the exhibits was an old coverlet that had been handed down for three generations of the Wolf family. Several other members had quilts, quilt blocks and quilted pillows to show the club.

The business meeting was held by the president. The club voted to send a gift to Mrs. Berger who was so unfortunate in having her house burn.

The club is to have a "Hobo" party at the home of Mrs. Meta Hannl the afternoon of Feb. 12th. Everyone to come dressed according to name of party.

The next regular meeting will be held on Feb. 18th at the home of Mrs. Mildred Albh.

Louisville Asks Vacating of Highway

Petition Filed to Have Road Leading to Old Wagon Bridge Declared Abandoned

Following a conference last week at Lincoln as to steps that might be taken to secure the abandonment of the old wooden bridge over the Platte river at Louisville and to support the new structure that is being built and which the state and Sary and county have a tentative contract to purchase and operate, the county commissioners yesterday received a petition asking that the roadway that leads to the old bridge be vacated.

It was held at Lincoln that the bridge was a part of the highway system and that while there was no authority for the state and counties closing a free bridge, that there was a law that permitted the abandonment or vacation of highways that led to the bridge and as the bridge was considered a part of the highway system that it too could be included.

The granting of the request of the Louisville petitioners will assure that the new bridge will have the support of the community in paying for the structure through tolls and making it that much quicker to realize a free bridge than if the old bridge was also left in commission.

The road to be vacated is at the south end of the bridge and extends south some seventy-five feet from the bridge abutment.

At the close of this delightful program the president, Mr. Wiles, urged that all members pay dues, if possible, at this time, and in response to his request, many of the dues were paid, after which all did justice to the delicious refreshments.

Mrs. Fred Spangler, chairman, is to be complimented on the splendid program which she had prepared, and which greatly added to the enjoyment of the crowd.

BOY HELD FOR SHOOTING

Stanton, Ky.—Belgrade Harr, sixteen-year-old high school student, is in jail here Saturday night charged with shooting with intent to kill and Ernest Byrd, coach at Stanton academy, is fighting for his life with a bullet in his brain, all the result of an admission to a basketball game Friday night. Physicians said Byrd had little chance to live.

According to Harr's version of the shooting, Coach Byrd owed him money. The boy is said to have gone to the door of the gymnasium where Byrd was taking tickets for a basketball game and asked Byrd to admit him and subtract the admission price from the alleged debt. Byrd refused, the boy said, and the argument ensued. Harr left, but returned and again asked admission. He said another argument followed, at the conclusion of which the coach struck him and knocked him down. He then fired the shot, the bullet entering the coach's head above the left eye.
