A very puzzling case in that of Margaret Long, daughter of Mr. and Mrs. A. G. Long, who with the father and Dr. J. F. Brendel was taken to Omaha on last Saturday and a very thorough clinic given. The specialists were puzzled as to the nature of the malady, and are awaiting with proper observation for the developments. Miss Margaret was brought home to be observed by her family physician.

The middle of February is time when the signing up for another year in the Cow Testing Association. More are applying. Men and women are beginning to see that it pay to "know your cows." If you are going to milk, a border cow takes all the profit and it is a pretty hot and cold job to milk a cow, when she won't pay for her feed and there is only one sure way of knowing and that is by testing. One of the largest herds entered in this locality is that of T. H. Pollock. Other herds east of Murray entered are John Holscher, A. C. Hanson, Albert Young, Cap Gayer and Alvin Range.

Sure a string of trouble seems to follow the family of Mr. and Mrs. Earl Lancaster. He has rented a farm there and where he can move as soon as he can get away from here. They have made many friends near Cedar Creek and Manley who are loath to have the family move. He has many friends around Murray and Plattsmouth who will extend the wish, that good success attend this fine family when they shall move away.

ENJOYED FAMILY DINNER
In honor of his brother and other relatives, Mr. and Mrs. Sam Latta, arranged to have a private dinner at the Hotel Gruber at Murray, on last Sunday which was timed at one thirty in the afternoon. Mr. and Mrs. George Latta of Red Cloud, arrived Sunday morning and were entertained as were also Mr. and Mrs. John Bennett and son, Gordon Bennett, Mrs. John Bennett being a daughter of Mr. and Mrs. George Latta. Mr. and Mrs. W. S. Smith and Miss Beatrice Rawls also being guests. The dining room has been nicely decorated for the occasion, and the dinner served was one of great excellence, was served by Mrs. James E. Gruber, who is one of the most accomplished of cooks. The occasion was the 56th wedding anniversary of this couple and his 78th birthday anniversary.

They were married 56 years ago at Plattsmouth, Nebraska. Mrs. Latta's maiden name being Miss Margaret Peak, and a cousin of Mrs. W. S. Smith, James W. Holmes and Mrs. C. A. Rawls of Plattsmouth. Mrs. Latta was born in Delaware county, New York, and Mr. Latta was born at Washington in Washington county, Iowa, and coming to Nebraska with his parents, Mr. and Mrs. Robert Latta in 1855, when the country was young. Mr. Latta was then twenty-two years of age. Mr. George Latta lived in Old Rock Bluffs from the time he was four years of age until he was twenty-two, eighteen years, and was well acquainted with the early history of eastern Cass county. They went to Lincoln following the wedding ceremony where they partook of their wedding dinner with Dr. Latta and the bride, the uncle. They prospered in the west where they have an elegant home and a very fine and extensive farm. The decorations for the family dinner and to celebrate the occasion were very beautiful, and greatly enjoyed by the wedding and birthday party.

COURT ORDER IS DENIED

Chicago—Judge John P. McGoorty Monday sustained a demurrer filed by counsel for the U. S. A. Electrical company, denying the state's attorney's petition for a court order requiring the company to turn its books over to the prosecutor's investigators in connection with the Chicago sanitary board investigation.

The U. S. A. firm installed lights on McCormick boulevard for the sanitary district at the purported cost of \$1,000 a light. For the last several weeks federal investigators have had the books in their possession in connection with a checkup of income taxes paid by officers of the company. First Assistant State's Attorney John Northup said a new petition would be filed Tuesday after the court had held the one presented Monday to be too vague.

CAR TURNED OVER

Last Friday afternoon as Charles Quinn was returning home from Lincoln, and when between Lincoln and Eagle, his Ford touring car took a slide and turned completely over. The top of the car was a complete wreck but Charles escaped without even a scratch for which he feels thankful and says that he can hardly see how he escaped without getting hurt. Other cars came along and occupants of these helped to get the car righted and then John Gerdes came along with his truck and pulled him into Eagle where his car was started and he was able to drive on home. Henry Thimman accompanied him to Lincoln, but did not return home with him.—Elmwood Leader-Echo.

Chicago Each Day is Facing Larger Debt

No Sales Are Reported by Purveyors of the Various Governmental Tax Scripts.

Chicago—Another day, another \$150,000 added to the growing total of back salaries in Chicago and Cook county, and the auction block for tax anticipation warrants loomed a little clearer on the misty financial horizon. No sale has been recorded by the purveyors of the various governmental tax scripts, but all retained their optimism that the warrants would be marketed altho a discount might be necessary.

H. Wallace Caldwell, president of the board of education and its emissary to Wall street, was understood to be returning home after a week's visit to New York. Herbert C. Heller, New York investment banker, has gone back to consider the terms offered him for the purchase of \$27,150,000 in city corporate warrants. The result appeared to be dimming hope that the moneyless governments in Cook county can sell script without offering a premium attractive to the bankers. Samuel Eitelson, corporation counsel, expressed optimism over the negotiations with Heller, however, and indicated he expected a proposition from the New Yorker within two or three days. He said no concrete proposals were made by Heller. Eitelson conferred Monday with Mayor Thompson, but their conversations were not divulged.

A real estate association announced that, in co-operation with 371 local improvement boards, a petition to bear 100,000 signatures will be prepared asking Governor Emmerson to call a special legislative session to "avert the impending panic."—State Journal.

BLAME SUICIDE WAVE TO FILMS

Rio de Janeiro, Feb. 10.—Films of love themes are responsible for many suicides of young Brazilians, in the opinion of commentators here. There were 14 suicides in one restaurant 24 hours, and were inspired by infatuations. In one case a boy and girl hanged themselves at opposite ends of the same rope thrown over the limb of a tree.
