The writer visited Henry M. We found him cheerful, and will be glad when we can again meet him on the street wearing that cheerful smile.

# Living up to every promise the NEW Polarine

WINS NEW USERS BY THE THOUSAND

Everywhere in the state, thousands of motorists have proved for themselves that "The Modern Motor Oil" does cut carbon deposits in half, does live up to every promise made for it when it was first introduced.

Here are some of the reasons why the new Polarine has earned preference.

Deposits less than half as much carbon as old process oil.

The "pour point" of the new Polarine is so low that perfect lubrication is assured in the coldest weather.

It has remarkable stability at high engine heat—due to the complete removal of wax and tar by a new process of refining.

Its clearness and light, bright color indicate a new degree of oil purity—give it greater resistance to wear and dilution and make it a long-lasting, safe and economical oil.

If you have not used the new Polarine, plan to give this modern motor oil a trial the next time you have your crankcase drained. You will save money three ways—less engine wear, more power, lower oil cost—for the new Polarine is premium quality oil at no advance in price.

### SOCIAL CIRCLE CLUB

The last two meetings of the Social Circle Club have been real busy ones. The ladies met at the home of Mrs. Ezra Albin in February for an all day meeting. Each came with a covered dish and dinner was served at noon.

The lesson given by the project leaders were greatly enjoyed. Spring housecleaning so close at hand, the lesson "Curtains for every Room" was greatly appreciated. As we all like to put new spring frocks on our windows, many helpful suggestions were given as well as many samples.

An all day quilting is being planned to be held at Mrs. S. Y. Smith's sometime in the near future. The quilt is one of the designs given in the lesson by the leaders. Up to date five quilts have been made by club members from our patterns.

The March meeting was held at the home of Mrs. Tony Klamm. The roads being bad a rather small percent of the club was present.

Had those not present known of the luxurious dinner served by Mrs. Klamm they would not have let the bad roads kept them at home.

The afternoon was well taken up with the lesson and business meeting. Many new ideas were found in rearranging our clothes closets to make them more convenient. Also

types of clothes covers were found for those not fortunate in having closet space. Selection of towels and ideas in decorating were given. At close of the lesson plans were begun for the local achievement program. It was decided to give the program at the Lewiston Community Center on Tuesday evening April 8th at 8 o'clock. A bazaar is to be held in connection with the program and lunch is to be served a small charge for the lunch.

Plans were discussed for the group achievement to be held at the Christian church of Murray the afternoon of April 24th. The April meeting with Mrs. Young and Mrs. Harris as hostesses will be held at the Lewiston Community Center.
