

May Question Woman in Miles Death Probe

Said to Have Entered Room Shortly Before Diplomat Died—Widow Wed Rogers

Washington, D. C., April 2.—A report that a woman of high social standing in Washington had visited the room shortly before Miles' death, shortly before he died on June 14, 1928, arose today in the investigation of the justice department...

Was Recovering. Miles was operated on by a prominent surgeon on June 4, and 10 days later had so far recovered that his physician left Washington...

Veil of Mystery. Through a veil of secrecy thrown about the probe by Burkinshaw, it was established today that the investigation has been in progress since last December...

SMOKING ROOM FOR GIRLS

Chicago—A smoking room for women was established Wednesday at the University of Chicago, to which coeds may retreat to puff a cigarette unmolested by uplifted eyebrows and too loudly spoken condemnation by the nonsmoking factions, who are invited to "remain where cigarettes are not permitted."

The new smoking room was opened in Ida Noyes hall, the coed campus clubhouse, at the suggestion of the advisory council.

Axes Fly in War on Cedar Rust Perils

Neighbors Join in Attempt to End Menace to Apple Crop; Hundreds of Trees Felled.

Lincoln, April 4.—Wholesale neighborliness is coming to the front in southeastern Nebraska, where entire communities are working together to destroy the cedar tree, carrier of cedar rust which ruins the apple crop.

Orchard owners and their neighbors sat down last night to discuss the problem, according to E. H. Hoppert, horticultural specialist of the University of Nebraska extension service.

Word Is Spread. Neighboring calls to explain the seriousness of the cedar rust menace are being spread in the cutting of several hundred more trees.

Form Organization. "This will cost a considerable sum of money, it is true," stated Mr. Hoppert, "but orchardists spend more than that amount every year for sprays against scab which is not as serious a problem as the rust."

THREE TOWNS FINISH CENSUS. Washington, April 2.—Hardly had President Hoover been counted Wednesday in the 15th decennial census, upon which will be based the distribution of the seats in the house of representatives, before widely separated communities of the country began to report they had finished their task.

Allen Says Kansas is Dry. Chicago—Bleeding Kansas of yore will never be dripping Kansas, according to Senator Allen, who passed through Chicago Wednesday en route to Washington.

Bedfast 40 Years as Result of Vow. Woman Dies at 80

She Said She Would Never Rise Until Husband Altered His Will; Changed Her Mind.

Tipton, Ia., April 4.—Mrs. Mary Wickham, who made a vow 40 years ago never to leave her bed until her husband had changed his will to give her all his property, died here Thursday at the age of 80 without having broken her vow.

Ignored Most Visitors. She said, however, that she had lost the use of her legs through disuse, and she was never able to regain control over them.

Husband Never Relented. Mrs. Wickham was in excellent health at the time she took to her bed and remained in good health for most of the time she stayed there.

BODY OF MINER IS FOUND

Kettle Island, Ky.—Discovery of one more body, bringing to seven the total taken from the mine of the Pioneer Coal company, where sixteen men were entombed Saturday by an explosion, was announced Wednesday night by John Daniel, director of rescue work.

Identification of the man was not possible as the worker who found his body did not know him and it was impossible to remove the body at the time.

North Dakota Democrats for a Repeal Plank

State Convention Asserts Prohibition Has Failed in 10-Year "Trial"—See "Real Chance"

Jamestown, N. D., April 2.—Repeal of the Eighteenth amendment and the Volstead act was urged in a plank in the platform adopted today by the North Dakota state democratic convention.

State Chairman H. H. Perry of Ellendale, Secretary Fred W. McLean of Grand Forks, and P. W. Lanier of Jamestown, congressional candidate in the Second district, said they felt the anti-prohibition stand of the party gives it a real chance for victory.

The plank asserted North Dakota democrats favor temperance and are against the saloon, but that "ten years under prohibition has resulted in a reign of intemperance in words, expenditure of money, crime and corruption."

"The unholy alliance between the underworld bootleggers, rum runners, moonshiners and fanatic prohibitionists is being financed by our prohibition law and sponsored by the national republican party, and has gotten to a place where the very foundation of our national government is threatened," the plank reads.

EXPERT CALLED TO CAP WELL

Oklahoma City, April 3.—Summoned from Tampico, Mexico, Homer Craig, oil engineer, arrived Thursday afternoon by airplane and took charge of efforts to bring under control the mammoth gusher which has been running wild in the Oklahoma City oil field for more than a week.

Craig, who has made a specialty of harnessing wild oil wells, was reached at Tampico Wednesday by H. V. Foster, president of the Indian Territory Illuminating Co., owner of the well.

Ten Persons Killed in Fireworks Blasts

Philadelphia, Pa., April 3.—Ten persons lost their lives and more than 30 were injured today when a series of explosions virtually wiped out the plant of the Pennsylvania Fireworks Display Company, Inc., at Devon, 16 miles west of Philadelphia.

Most of the dead were employees of the plant which was comprised of 10 small buildings on a seven-acre tract of land near the main line of the Pennsylvania railroad.

Although hospitals reported treating only about 20 injured persons, many more were treated on the scene by emergency ambulances. Many others in the two hundred homes in surrounding territory, which state police reported were damaged, were treated by family physicians or administered first aid treatment themselves.

Three heavy explosions caused most of the damage, smaller blasts followed over a period of 20 minutes after the first great shock.

Eight of those who lost their lives were killed outright. Another died shortly afterward and the tenth, a girl, died in the Bryn Mawr hospital this afternoon, four hours after the explosion.—World-Herald.

Madison Men Fight Tuberculin Testing

Hearing on Injunction Set for Saturday Morning—Claim the Law Is Invalid.

Norfolk, Neb., April 3.—A restraining order has been issued and a hearing on a temporary injunction is to be held before District Judge C. H. Stewart Saturday morning in an action brought against state and county officials by several Madison county stock raisers seeking to prevent the carrying on of tuberculin tests in cattle at this time of year.

Eleven prominent Madison county stockmen have joined together as plaintiffs in the suit, which was recently filed in district court at Madison. Included are Frank Massman, Frank Schroeder, Walter Schroeder, Kinley Hogrefe, Paul H. Hogrefe, Robert Huddle, John F. Bredehoff, Carl Borchers, Harry Reeker, Charles Schroeder and Fred Prauner.

State Chiefs Named. The defendants named are Governor A. J. Weaver, Attorney General C. A. Sorenson, County Attorney Hadley Kelsey, Dr. C. H. Hayes, as head of the state bureau of animal industry, and Daniel M. Purdy as veterinarian in charge of the tuberculin tests in Madison county.

The plaintiffs charge that the tuberculin tests at this season of the year are especially harmful to breeding stock cattle for the reason that they must be corralled, driven through chutes and otherwise handled. It is claimed that this would cause great damage to the cattle owners through the loss of calves.

Law Not Observed. It is further alleged the tuberculin laws of Nebraska are unconstitutional.

The plaintiffs contend, in addition, that Madison county has never been set aside as a tuberculin area by petition.

tion of 51 per cent of the stock raisers as is required by the statutes. Finally, it is asserted that the portion of the statutes which attempts to delegate to the state department of agriculture the power to declare a tuberculin area within a county is an unlawful delegation of legislative power and discretion.

MERGER FIGHT IN COURTS

Youngstown, O.—The battle over the proposal to merge Youngstown Sheet and Tube with Bethlehem Steel got into the courts Thursday, and Friday several officials of Sheet and Tube, including James A. Campbell, chairman, probably will be required to make written depositions concerning the financial status of both companies. Judge David G. Jenkins Thursday gave the right to take depositions to attorneys for Arthur B. Taylor, a stockholder, who had asked a mandamus injunction to require Sheet and Tube officials to give him access to figures upon which the proposed merger is based.

Hearing on the petition will be held Monday morning, just one day before the meeting of Sheet and Tube stockholders whose votes and proxy votes will be the final decision on the merger. At that time proponents will need nearly 800,000 votes out of the total of approximately 1,200,000 to approve the deal. Shares not voted will, in effect, count against the merger.

MRS. HOOVER AT MEETING. Philadelphia—Mrs. Herbert Hoover attended the Friends yearly meeting here Thursday, announced by many in the audience. She is a member of the Friends society. She came to the meeting unexpectedly and quietly took a seat in the middle of the old meeting house. With her sat Mrs. George Vaux, jr., and her traveling companion from Washington, Mrs. Charles D. Wallace. She planned to spend the night with Mrs. Vaux before returning to Washington Friday.

Mrs. Hoover told a secret service man who accompanied her and Mrs. Wallace that her visit here was purely by a church matter and that she did not want to be bothered with police clearing the way wherever she went.
