Number of Girls Injured.

Last Friday while a number of the Senior class were on their way to the home of John N. Larsh over near the river where they were to have a picnic and with six of the young women of the class in and on the car of Lee Paris which was a sedan, and were going south from the Jesse Peil corner, the car became unmanageable and striking an uneven place, overturned, with the result that the car was very badly wrecked and the young ladies badly bruised.

Miss Namie McMahan being thrown a great distance and striking on her shoulder bruising it badly and Miss Doris Albin had her knees very badly bruised and skinned. The other girls who were Reba H. Paris, the driver, Marcella McQuinn, Pauline Smith and Rutheda Dystart were more or less bruised. They were fortunate in that they were not injured more severely. It proves that human flesh is more durable and will resist injury more than iron or steel, for the car was a mass of wreckage, while every one of the young ladies were able to smile.

International Broadcast by Christian Church Local Church Will Participate in the Great International Pentecost Observance

A chain broadcast, comprising about forty stations, which will cover all North America and, on short wave, will reach around the globe, is now assured as a part of the nineteenth-centennial memorial of the church of Christ. This broadcast will be from the New York studio of the Columbia Broadcasting Chain, and will be given on Sunday afternoon, June 1. Take notice that this is just one week prior to the world-around service commemorating the birthday of the church.

Millions to Hear the Plea. The church journals and Bible-school periodicals are co-operating with the purpose of assembling the entire membership of all our churches and Bible schools in America, every Bible-school worker and every member is asked to help to accomplish that end. This will mean at least three million listeners in the United States alone. Aside from this, the Columbia Chain has a clientele of some ten million listeners regularly on Sunday afternoons. These will be listening.

In addition to this, because of the short-wave broadcast, we are writing to our churches in Great Britain and Ireland, New Zealand, Australia and South Africa, suggesting they provide themselves with short-wave sets to pick up the short-wave broadcast and thus enable the brethren in these lands to listen in.

The Time. Very careful note should be made of the time. Our figures are all given Standard Time. Any who may be going by advanced time on June 1 should tune in one hour earlier than

Program and Personnel

The program will contain the same Scripture lesson and at least two songs that are to be used in the services in all churches of Christ the following Sunday. The Scripture lesson read will be Matt. 23: 13-23; Luke 24: 49 and Acts 2: 1-3; 22-24 and 36-42. The songs sung will be "My Faith Looks Up to Thee" and "All Hail the Power of Jesus' Name." These songs will be led by the Cathedral Chorus of twenty-eight voices. Every listener is asked to sing. It is hoped that there will be ten million people singing these songs together. Some will be in Europe, some in Africa, some in New Zealand and Australia, to say nothing of millions in America. Write immediately, after hearing the broadcast, to some one of our church papers, and report your participation in the broadcast service.

The prayer will be offered by Bro. Geo. A. Klingman, minister of the Highland Church of Christ of Louisville, Ky. Bro. Klingman will also read the Scripture lesson. The solo "Alone" will be sung by Mrs. Alice Burgess, singing of the Central Christian Church of Pittsburgh, Pa. FOR WET NINETEENTH HOLE London—That the thirsty golfer should be free to take alcoholic refreshment at the nineteenth hole, no matter at what hour he reaches it, was the plea submitted Tuesday by Frank Holroyd, on behalf of the National Golf association, to the English royal commission of licensing laws. Holroyd admitted that teetotaler

golfers were not unknown but he believed a moderate consumption of alcohol after two hours play made a golfer better able to continue another two hours. When asked by a woman commissioner if his remark also applied to women golfers Holroyd polished his monocle, but did not answer the question.

"Perhaps his silence means that he would rather ladies did not play at all," remarked a male commissioner.

Prohibition Oath

An affidavit swearing to non-use of liquor for six months before administration of the oath of office for any judge prosecuting attorney, sheriff or other enforcement officers would be required by Mrs. Ferguson's program.

The former woman governor announced for that office again Friday after the state Supreme court ruled her husband ineligible to compete for governor.

In stepping aside in favor of his wife's candidacy, Mr. Ferguson saw his own prohibition declarations revised in her announcement. Ferguson had said he would veto all liquor legislation whatsoever, "either pro or anti," if he were elected.

Mr. and Mrs. Ferguson have been in democratic retirement since she completed her term as governor in 1926.
