Troops and Warships Ordered to India

Harassed Officials Now More Optimistic of Solving Situation—At Critical Stage.

Bombay, India, June 9.—Encouraged by reports that the war office had dispatched troops and warships to India, harassed officials tonight assumed a more optimistic attitude toward a situation in the Peshawar district which was regarded as critical.

With their hands full coping with the irritating passive resistance campaign, for which Mahatma Gandhi is interned at Yeroda prison, Poona, Indian government officials surveyed the reported massing of thousands of Afridis beyond Khyber pass, on the fringe of the northwest frontier.

The Afghan tribesmen, stung by repeated bombing raids of British airmen, when some five thousand projectiles were dumped on them in their mountain retreats, were said to be swarming like hornets through the district and watching the pass as a cat watches a mouse.

Advices from London indicated that the third destroyer flotilla and a Lincolnshire regiment are on the way, and there is hope of another contingent leaving soon. How soon actual mobilization in India would take place hinged upon developments in Peshawar.

Tonight, India was somber. There was an air of suspense, awaiting the report of Sir John Simon, although it would be forthcoming only in its first section, with findings, but without the recommendations on which depended the trend toward peace or further civil resistance.—World-Herald.

FIND FOR DEFENDANTS

The county court room whose walls have echoed to the happy words of plighted love and bitter struggle over the estates of deceased persons, yesterday was filled to its capacity and dozens of the residents of Greenwood and vicinity were standing in the hall to hear the testimony and arguments in the case of the State of Nebraska vs. Everett Stewart, Art Weideman, Jr., and Ernest Bright.

The case is one arising out of the complaint filed here against the three young men charging them with having taken a quantity of ice cream which was to have been used at a social affair of one of the Greenwood churches, the cream being recovered later. At the request of the parties making the complaint the charge was made of petty larceny, filed here by County Attorney W. G. Klock and the defendants pleaded under arrest. The plea of not guilty was made by the parties and they were released under bond until the hearing yesterday.

After the submission of the evidence and the arguments that required half of the day the case was submitted to the jury of six men and after a short deliberation the verdict was returned of not guilty and the three young men freed of the charge that had been made against them. The case has attracted a great deal of attention at Greenwood, some seventy-five of the residents there being here for the hearing and the verdict of not guilty was received with both favor and disfavor by the parties who were here to attend the hearing.

VETERAN SEEKS INSURANCE

Edward McLaughlin of Havelock, well known in this city, appeared before a jury in federal court at Lincoln Tuesday, suffering from pulmonary tuberculosis, apparently impaired, to ask \$57.50 a month from the government on the strength of his war risk insurance policy.

McLaughlin enlisted in 1917 and was assigned to Kelly field, San Antonio, later joining a casual detachment at Camp Funston. Here he was stricken with influenza and pneumonia, which he blames for the encephalitis and paralysis agnitas that eventually made him helpless. No premiums were paid on his war risk policy after his discharge March 1, 1919, but because of his complete disability he asks to have it made effective.

The government seeks refuge in the law which says the disability must appear within thirty days after the policy lapses, and expects to show that McLaughlin worked for a year in the Havelock shops before being stricken with the disease now affecting him. His attorneys are Edward Fogarty of Omaha and Richard F. Wood, while George Keyser and R. L. Wagner are defending the government.

IN MEMORY OF

Herbert Ellis Beckman, who departed this life June 1, 1930. There is just one spoke missing from the wheel of youthful friends that chummed together.

His happy smile we see no more, His loving voice is hushed forever. The face we loved, we see no more.

The footsteps hushed our chum's departed. Oh, why had thought, that one so young, Should leave his friends here broken-hearted.

—MRS. GARLAND TILSON.
