From Wednesday's Daily-

The weekly luncheon of the Plattsmouth Rotary club yesterday was featured by a very interesting address by Miss Olive Jones, city librarian, on the work of the library and many interesting facts were developed in the talk that gave the members of the Rotary a much clearer idea of the large scope that the city library is occupying in the community life. Miss Jones in her remarks gave the information that the Plattsmouth library has the largest

in the United States, the average being ten books for every man, woman and child in the city. It is also the fourth largest library in the state. The meeting was in charge of W. G. Kieck and provided a fine program despite the intense heat that

circulation per capita of any library

prevailed. The club had as a guest J. P. Bloom, of the Bloom Mounment Works of Omaha, president of the

A "CITY CONVENIENCE" FOR COUNTRY HOMES

KEEP FOOD COLD Freeze Ice Cubes With Oil Heat!

CUPERFEX generates its own frigid cold by burning a few cents worth of kerosene daily. This dependable new refrigerator keeps butter firm, milk sweet, meats fresh and tasty-right in the kitchen in the warmest weather. It makes sparkling ice cubes for cooling beverages and delicious frozen desserts. Better and cheaper than ice; far safer than refrigeration makeshifts.

Superfex has no moving parts; nothing to get out of order. Just light it and leave it. In about an hour and a half the burners generate 24 to 36 hours' food-preserving cold -then go out automatically. Sturdily made; whiteporcelain lined; ample shelf-room. A great boon to country homes.

Telephone today for further information, or come in and see Superfex work.

OIL-BURNING REFRIGERATOR Made by Perfection Stove Company

H. C. Friesen Hardware

A Superfex is also available for use with natural, man-

ufactured or tanked gases; semi-automatic control

OIL-BURNING MILK CHILLER The Superfex principle is now used in a new chiller which cools milk

to 40° at the rate of a gallon every 2 to 3 minutes. Ask us about it.
