Certificate of County Clerk

State of Nebraska, Cass County, ss—

I, Geo. R. Sayles, County Clerk of Cass county, Nebraska, hereby certify that the foregoing is a true and correct Sample of the official Ballot to be used at the Primary Election to be held in Cass county, Nebraska, on Tuesday, August 12, 1930.

Witness my hand and the Seal of my office at Plattsmouth, Nebraska, this 4th day of August, 1930.

GEO. R. SAYLES,
County Clerk, Cass County.

(Seal)

Church Holdings in Buildings Growing Very Rapidly

New Buildings Arranged for in the Past Year Reaches Figures of \$68,000,000

Chicago—New religious and memorial buildings, on the basis of contracts awarded, cost more than \$68,000,000 during the first six months of this year.

This total is not surprising, comments the heating research bureau of the C. A. Dunham company, when the magnitude of religious activity in America is considered.

"Today church edifices alone are reported as having an aggregate value of \$3,800,000,000," it is stated. There are 232,000 churches, with 44,380,000 members over thirteen years old, a recent study discloses, and it is declared that increasing population and the growing church membership enlarges the demand for new and modern structures.

New building is being supplemented, it is stated, by remodeling and modernizing this summer.

Churches, unlike the old days, are for the most part run upon business lines as to operating expenses. Following the lead of commercial and are declared to be effecting new economies. These economies extend to heating plants which are being changed over to differential vacuum systems that soon save the cost of such change through fuel economies.

There are now 21,600,000 Sunday private structures of all classes they school pupils, about four million less than the pupils in all the public elementary and secondary schools, the bureau points out in explaining the increase in church buildings.

WAGNER'S SON SUCCUMBS

Bayreuth, Germany—Selgrüed Wagner, son of the famous composer, Richard Wagner, died here Monday from a heart attack at the age of sixty-one. His death deeply shocked the large international audiences attending the annual festival of Wagner music and plunged the city into mourning.

At his deathbed were only his wife and the chief physician of the local hospital. Within a few hours after the news became known, most of the buildings in the city were draped with black.

Funeral services will be held in the hospital at noon on Tuesday for the Wagner family. In the Wagnerian tradition, the body will be buried in the Bayreuth cemetery after a public funeral by the municipality. The festival performances will continue as scheduled, despite the death of the man to whose enterprise they are chiefly due.

Lincoln, Aug. 4.—Nebraska voters may "scratch" the ballot all they desire in November but at the primaries Aug. 12, party lines must be drawn tightly. Attorney General Sorensen held Monday.

Scratching of Ballots is Banned

Lincoln, Aug. 4.—Nebraska voters may "scratch" the ballot all they desire in November but at the primaries Aug. 12, party lines must be drawn tightly. Attorney General Sorensen held Monday.

Attorney General Declares Affiliation Cannot Be Changed Until November

Lincoln, Aug. 4.—Nebraska voters may "scratch" the ballot all they desire in November but at the primaries Aug. 12, party lines must be drawn tightly. Attorney General Sorensen held Monday.

Quotes State Law

This Sorensen held, is not permissible under the election laws which say, in part:

"In case any party applying does not desire to state his party affiliation, he shall not be required to do so nor shall his failure to do so act as a bar to his registration for the purpose of voting at any election other than a primary election, but shall debar him from voting at any primary election."

Don't borrow your neighbor's Daily Journal. We will deliver one to your door each evening for 15c a week.

Lincoln, Aug. 4.—Kenneth Bachellor, 21, son of W. D. Bachellor, prominent Cherry county rancher, is in a serious condition at the hospital here as result of a horse kicking him in the face. He will be taken to Omaha for treatment.

Feed Wheat to Stock is Advice of Legge

To Supply Lack in Other Crops and Reduce Surplus—No Export Demand.

Chicago, Aug. 4.—The use of wheat for live stock feeding was urged today by Chairman Legge of the farm board as a means of disposing of the large visible supply of wheat which has been a depressing influence on the market.

In a radio address prepared for delivery over WLS, the chairman said, "The price of wheat has reached a point where we can and should consider wheat from the standpoint of its value as a feed for live stock."

"The present severe drought has reached a point," he said, "where shortage of feed and forage threatens serious losses to live stock growers and dairymen over a wide area. The hay crop is the smallest we have had in years. In some sections the corn crop will be reduced 40 or 50 per cent or even more.

"Hay stocks are being fed out, and the prospect for sufficient winter supplies of feed is not encouraging. Under these conditions there is danger that farmers will dispose of beef cattle and dairy animals at a sacrifice. If this movement is not headed off it may mean that a large number of animals in poor condition will be forced onto the live stock markets, and still lower levels of live stock prices."

The chairman said there was absolutely no relief possible through disposal of the surplus abroad at prices below the domestic level. Many of the most important wheat importing countries now have legislation, he explained, that could be applied to prevent or penalize any such action. He added the only way to permanently improve the wheat price situation was to reduce annual wheat production.—World-Herald.

"Smile at the Ache"

Ordinary pains—headache and neuralgia, muscular pains, functional pains, the headache and congested feeling of a cold in the head—how quickly they disappear when you take a tablet or two of

DR. MILES' Aspirin-Mint

Dr. Miles' Aspirin-Mint is the new, stable, mint-flavored tablet that is making people all over the country "Smile at the Ache" Your druggist has them.

Candidate for Sheriff Should Have Fair Treatment

Charges Filed Against George Trunkenbolz Dismissed—Should Not Be Considered

Sometime ago through the news columns of this paper it was reported that a complaint charge George H. Trunkenbolz, marshal of Greenwood, Nebraska, with an assault upon W. M. Rouse with intent to do him great bodily harm, was filed on the 14th day of June before W. E. Newkirk, who it is alleged by Mr. Trunkenbolz's representative, was intending to act as a justice of the peace. This complaint has been dismissed by the complainant, W. M. Rouse.

It was evidently filed with the intention of doing Mr. Trunkenbolz harm in his campaign for sheriff on the Democratic ticket in the primary to be held August 12th. This case never should have been filed, and this paper does not desire even in its news items to do anyone any injustice, and what was published as news in this paper should not injure Mr. Trunkenbolz in his candidacy.

Likewise, on the 17th of June there was a complaint filed by the same W. M. Rouse before the same Justice W. E. Newkirk, against Mr. Trunkenbolz to place him under a bond to keep the peace. This likewise was reported in the news columns of this paper at the time, and it likewise has been dismissed by W. M. Rouse. This complaint too should never have been filed, and was doubtless filed for the purpose of injuring Mr. Trunkenbolz in his campaign.

We ask that all readers of this paper extend to Mr. Trunkenbolz the same fair treatment that they would want under like circumstances.

Mr. Trunkenbolz has for some time past served as marshal of Greenwood, in this county, and he has the support and best wishes of the great majority of the better class of citizens of his home town, and if he were nominated and elected sheriff of Cass county, the people of the county should know that he would give them his very best service as such officer.

This article is published for the purpose of fairness, and to do justice by Mr. George H. Trunkenbolz.

W. C. T. U. MEETS

Despite the extreme heat Monday a very pleasing number of the members of the W. C. T. U. gathered at the home of Mrs. E. H. Westcott on high school hill to enjoy the fine program that had been prepared for them.

The program was opened by two piano duets, "Olive Pride" and "First Regiment," given by Cecil and James Comstock, two very much enjoyed selections.

The program featured a number of very interesting papers which were given by the ladies and covering different phases of the work of the W. C. T. U. in their fields of labor. Mrs. Charles Troop presented as her offering, "Temperance Men Do Not Keep Blue Monday," Mrs. W. O. Troop of Nehawka was heard in a very pleasing discussion of "Why Do Men Drink," Miss Elizabeth Spangler in "Who Goes to Jail" and Mrs. Edna Weisinger in "Clock Hands Betray Stills."

After the conclusion of the program of the afternoon the ladies were served very dainty and delicious refreshments by the hostess that added a great deal to the enjoyment of the day.

All work and no play—you know the old saying. Well, vacation is here and it's play time in Plattsmouth. You can get all kinds of athletic goods at Bates Book Store.

POSSIBLE GOOD IN DROUGHT

Chicago—Crop havoc wrought by unusual drought may be a "blessing in disguise" for many American farmers and a stimulant to business in general, Bernard W. Snow, of Bartlett Frazier & Co. crop experts, said Monday. Mr. Snow, former assistant secretary of the United States department of agriculture, voiced the opinion that "nature appears to be settling the federal government, with where the federal government, with \$500,000,000 at its command, has been unable to do so."

"The tremendous loss of the corn crop during July, a loss which is

still continuing, is likely to prove a blessing in disguise," amplified Mr. Snow, "the federal government has been trying to solve the disposal of surplus farm production by stimulating exports, increasing domestic use and lifting the surplus off the market."

"Latterly those in charge of the work have been urging that farmers radically reduce the acreage under production. It now looks as if the losses in corn will accomplish the needed readjustment between supply and demand of all products and incidentally emphasize the fact that acreage is not the only factor to be reckoned with in determining

the volume of crop production."

Mr. Snow pointed out that the loss of a huge proportion of the corn crop has created a heavy demand for the surplus of small grains. As a result, wheat, oats, rye and barley are being bought in heavy volume for feeding purposes.

DAKOTA FARMER IS SHOT IN QUARREL

Batesland, S. D., Aug. 2.—George Dixon, farmer, living near Batesland, was shot and perhaps fatally wounded near here early Saturday morning, following a quarrel with Raymond Reynolds, another farmer.

INFANT ASSASSIN TO ESCAPE THE LAW

Denver, Aug. 4.—The "age of discretion," as fixed under Colorado statutes, will prevent the arrest or prosecution of Gloria Utter, aged 5, who shot to death her 6-year-old playmate, Rose May Etheridge, in an argument over a rag doll.

Authorities said the infant assassin has no grasp of the abstractions of right and wrong.

After threatening her playmate with death, Gloria went to the garage of her home, obtained a rifle and fired at Rose May's back.
