Cass County May Have New Political Berth

Plans Suggested for Congressional Reapportionment May Place County in 2nd District

One of the tasks that will devolve on the 1931 legislature will be the apportionment of the state into congressional districts, due to the fact that the state is to lose one of its seats in the house of representatives.

In this change there must be a shifting of the counties to comply with the edict of the national congress and the fourth district seems to be the one that is slated for dismemberment and the counties divided into the first, fifth and the present sixth district. In the absorbing of the fourth there will be changes made in the other districts of the state and in the plans for the changes it is now suggested that Cass county be taken from the first district and added to the second, or Omaha district, Burt county also being taken from the third and added to the second while the third will take some of the sixth district territory, the sixth taking a part of the present fifth and the counties gathered in a part of the old fourth.

The first suggestions as to the changes was that either Gage and Jefferson be added to the first or that Saunders, Butler and Seward counties be given to this district.

The general sentiment in this county no doubt would be to remain in the first district where the county has been since the formation of the state in 1867.

120 MEMBERS OF LINCOLN FAMILY HOLD REUNION

More than 120 members of the Lincoln family who trace their kinship to Abraham Lincoln through Samuel Lincoln, the president's brother, attended the third annual reunion of the clan held Sunday afternoon at Bethlehem school near Pacific Junction, Ia.

Four generations of the family, coming from six states, attended the gathering. Mrs. Lydia Cowardis, Pacific Junction, president of the group, headed the committee on arrangements.

During the day all persons attending the reunion extended congratulations to Mr. and Mrs. B. E. Lincoln, Pacific Junction, who will observe their golden wedding anniversary Tuesday. The old couple was instrumental in arranging the first reunion three years ago.

Probably the oldest member of the family present was Mrs. Martha Carter, 82, of Woodbine, Ia. The Clifford Quirk and Elmer O'Neil families of Council Bluffs attended.

City Mail Service Crippled by Train Changes

Removal of North Bound M. P. Train Leaves City Without Night Mail Service

The taking out of service of north-bound Missouri Pacific passenger and mail train No. 107, due here at 6:30 in the evening, leaves this city without means of handling night mail from this city to the north.

With the change the last opportunity for mail going north is at 4:30 in the afternoon, being dispatched on No. 2 over the Burlington to Pacific Junction for a connection to the north. This makes it a great inconvenience to the general public as there was much mail handled over the service of No. 107, especially the air mail and which is now made impossible.

The change in the service was effective Sunday and while the Missouri Pacific has made arrangements for a southbound bus to supplant the services of train No. 108, a very good change, there has been no replacement of the main service to the north.

Postmaster J. W. Holmes is taking the matter up with the postal authorities to try and secure a star mail route by the 6:30 p. m. bus of Clarence Cotner, which would be able to handle the mail into Omaha for distribution and permitting it reaching the late air mail planes.

Many of the business houses will find the change inconvenient as orders to wholesale houses could formerly be sent out at night and give a prompt service back the next day.

FERRY AT BROWNVILLE

Brownville—Brownville is again to have a ferry. Two residents there bought a ferry boat at Blair, brought it to Brownville and made it ready for service.

CELEBRATES ANNIVERSARY

From Monday's Daily— Today marks the fifteenth anniversary of the firm of Bestor & Swatek, well known hardware dealers of this city and whose business establishment is among the best known in the county.

It was on August 25th, 1915, that Frank M. Bestor and William A. Swatek decided to embark in the hardware business and securing the room in the Union block, now occupied by the Rainbow soft drink parlor, they started into the active work of retailing. After six months at that location on South Sixth street they secured the building on Main street which they now own and which at the time of their purchase was owned by M. Fanger, and moved to the present location.

This firm has been prominent and active in the business life of the community and the two gentlemen who form the partnership have proven real assets to the community in their excellent business establishment as well as in their community service.

Joseph Tubbs, Old Resident, Passes Away

After Long and Lingered Illness Well Known Mynard Resident Called to Last Reward

After an illness that has covered many months of suffering, Joseph F. Tubbs, a resident of Cass county for the past fifty years, was called to the last reward Monday afternoon at the family home at Mynard.

The deceased has for many years been engaged in farming in the vicinity of Mynard where he has been most highly esteemed by a very large circle of friends who have, with the members of the family watched with saddened hearts the gradual failing of this long time resident of the county.

Mr. Tubbs has spent the greater part of his seventy-five years in this community, living at Mynard for some time and later at Plattsmouth where he was employed at the Burlington shops for a number of years. After leaving the shops he moved to the vicinity of Mynard and has since made his home near that place.

Mr. Tubbs was a member of Plattsmouth lodge No. 6 A. F. & A. M. of this city and also of Mt. Zion commandery No. 5, Knights Templar. Joseph Fitch Tubbs, son of Joseph and Elizabeth Tubbs, was born at Flowerfield, Mich., Sept. 21, 1855. There he spent his boyhood and received his education. On Dec. 24, 1874, he married Emma Edmonds, and to this union six children were born. Surviving him are his wife and four daughters, Mrs. Merton Cochran of Seely, Wyoming; Mrs. Lincoln Church of Two Harbors, Minnesota; Mrs. Ed Wilson of Clough, South Dakota, and Mrs. C. W. Jones of Tecumseh, Nebraska. Two sons, Clarence and Samuel, are deceased. His grandchildren and two great-grandchildren are living.

Mr. and Mrs. Tubbs came to Nebraska in 1877 and farmed near Mynard for ten years. After this Mr. Tubbs railroaded for the Burlington for five years. Then returning to the farm he lived near Mynard up to the time that he and Mrs. Tubbs celebrated their golden wedding anniversary in 1914. Since then he lived at Mynard until his death, August 25th, 1930. The funeral will be held at 2 p. m. Thursday, August 28, at the Mynard church, and interment will be in Horning cemetery.

START REMODELING WORK

The Fetzer Shoe Co. of this city, is starting the work of having the front of their store building remodeled and replaced by a new and strictly up to the minute front. The work of tearing out the old front has been carried out by Coleman & Pittman and the new front will be installed as rapidly as possible.

While the remodeling is on, the firm has started a great remodeling sale, the advertisement of which appears elsewhere in this paper and which gives some of the greatest shoe bargains that has been seen in this city in many months. The firm is doing this to noted for their splendid line of footwear and which they are offering to the public at the very lowest prices that could possibly be desired.

DEATH OF MRS. WRIGHT

Mrs. A. J. Wright, former resident of this city, who has been very poorly for the past summer, passed away Saturday evening at the home near Union. The death was not unexpected as the patient has been very poorly for the last few days and her recovery given up by the members of the family. The funeral services were held this afternoon at Weeping Water with the interment at that place. Mrs. Wright was the mother of Mrs. Dick March of this city and the members of the family circle will have the deepest sympathy in the loss that has come to them.

Old Time History is Told at Old Settlers

G. S. Upton, One of the Old Time Residents of the County Tells Many Interesting Facts.

Saturday was the last day of the 42nd annual picnic of the Old Settlers of Cass and adjoining counties, and a fine day it was for such a gathering, with the weather cool and partly cloudy, the people gathered in large numbers. Verily the woods were filled with them.

Shortly after the noon hour the picnic grounds were comfortably filled with the celebrators. All were visiting, and so it continued until the beginning of the program which was ushered in by the music of the Farmers Union band of Louisville, and such music that seemed to fairly entrance the large crowd.

The program literally was begun when P. F. Rihn, the president of the organization present to speak, but none responded. The first number of the program was the music by Ceell and James Comstock of Plattsmouth. This was highly applauded, and following which Mr. Rihn introduced the parents of the boys who rendered the popular numbers. Mrs. Wm. Baird then gave an excellent reading which had much merit to it, but on account of the large crowd and more or less noise, could not be heard and appreciated only by those in the immediate vicinity. While all endeavored to hear, it was impossible under the circumstances. Little Delaine Smith, daughter of Mr. and Mrs. C. B. Smith, gave two musical numbers, one entirely instrumental and the other accompanied by a song. This particularly struck the fancy of the audience which responded with applause of appreciation.

Three young ladies then gave several numbers, the one that caught the ear of the crowd was "Singin' in the Rain." We heard some one say the girls were pretty but we could not hear them as we were so far away.

Little Janet Westover, daughter of Dr. and Mrs. R. P. Westover of Plattsmouth captured the listeners when she gave a reading about a lover and his sweetie, and when encored gave the "Back Seat Driver," both pleasing all her hearers.

Attorney J. A. Capwell made a short address telling of his candidacy for the position of state senator, and thanked all who might see fit to vote for him.

Robert L. Propst of Lake Worth, Florida, then gave a very humorous reading, but as the airplanes kept soaring overhead, and screeching with their sirens no one could hear what was said, but Mr. Propst kept on with the reading and completed it just when the turmoil had ceased.

N. W. Gaines of Lincoln, a community worker in the city was the next speaker, and kept the crowd interested as he told his humorous stories and he said among other things that Nebraska was the best place to live in the best nation on earth, and that Cass county was the best county and Louisville the best place in the county, for he was born there, as he said he had left there before any of the members of the band were born.

They followed Uncle G. S. Upton with a history of the Old Settlers of Cass and Otoe county, which began its work and meetings at Union in 1889, this being the 42nd annual gathering. He spoke of the number of people which had addressed the various meetings and among those whom he mentioned were Judge Samuel M. Chapman, Basil S. Ramsey, Harvey D. Travis, Byron Clark, C. E. Van Wick, Gilbert Hitchcock, John Buck, E. A. Kirkpatrick, Daniel Lynn and many others. He also said that the Folden Mill which was built in 1859 and continued to do business until 1877, was located near where the bridge spans the Weeping Water west of Union. There was also a blacksmith shop there which was also an early postoffice, the first one being further up town. This with a comic strip concluded the program of the afternoon. The evening was spent in dancing and merrymaking at the grounds until far into the night.

On Saturday afternoon at Glenwood occurred the marriage of Miss Velma Shepherd and George B. Ebersole of this city. The wedding was a very quiet one, the young people motoring to the Iowa city to have the marriage ceremony performed, later returning home to this city.

Both of the contracting parties are popular in this community where the bride has made her home in recent years, she being a daughter of Mrs. Bert Donaldson of this city. The groom, the youngest son of D. B. Ebersole, one of the old and highly respected residents of the community, was born and heard in this city and where he was educated in the local schools. The groom is in the employ of the local railroad shops and is a young man held in high esteem by a very large circle of friends.

Mr. and Mrs. Ebersole are to make their future home here, starting housekeeping in the Harry Johnson property on Oak street and where they will be at home to their friends after September 1st.

MANY ENJOY PICNIC

A great many of the residents from all sections of the county gathered at Weeping Water Tuesday afternoon to enjoy the picnic of the Farmers Union of Cass county which was held in the park at that place.

The afternoon was devoted to a very fine program which embraced a concert by the combined Nehawka, Lewiston Center and Farmers Union bands, they playing a very fine series of numbers. Little Miss Janet Westover of this city, one of the popular young entertainers of the county, gave two very charming readings that were much enjoyed. In the afternoon Newton Gaines, well known representative of the state, was heard in a very fine talk. A diversion in the program was in the races and the baseball game staged between a Plattsmouth team and Elmwood and which resulted in a 12 to 0 victory for Elmwood. The evening was devoted to a fine band concert.

Gas Franchise is Awarded by the Council

United Gas Service Co. Given Right to Operate Lines in This City in Future

From Tuesday's Daily— The city council last evening took action on the long delayed franchise ordinance giving the United Gas Service Co., of Bartlesville, Oklahoma, the right to operate in this city, following the adoption of several amendments that were proposed by the judiciary committee.

Councilman Luschinsky amended the ordinance by providing that the mains must be two and a half feet under the surface, that the rates should be ninety cents for the first 1,000 feet, eighty cents for the next six thousand feet, sixty cents for the next ninety-three thousand feet and fifty cents for all over 169,000 feet.

On the adoption of the rate section Councilman Webb thought that the city could secure a better rate if they tried and he voted no on this amendment. The franchise was amended that the company place the service free 300 feet for each patron, that the ordinance was inoperative if the company was not operating here within one year, that it was forbidden for the company to sell or convey the franchise within a one year period.

On the motion of Luschinsky to place the franchise as amended on its third reading for final passage, Councilman Bestor thought that action should be held up until the litigation as to the Iowa-Nebraska Light & Power Co., franchise could be determined and steps taken to see what could be done on rates with the two companies. Councilman Johnson was not in favor of any further delay in the matter and thought with the amendments the franchise of the United Gas Service Co., protected the city. Councilman Patton also was opposed to delay in the matter of the gas at not less than 900 B. T. U.'s and the measure was again read by its title and passed.

The franchise was then passed by the unanimous vote of the council. On the final reading of the ordinance it was revealed that a meter charge of \$10 was in the document as well as the fact that there was no section that set forth the number of B. T. U. that the natural gas should contain. Councilman Webb pointed out that the omission of the definition of the B. T. U. strength of the gas would allow anything to be used, so it was finally decided by the council to reinstate the former action in passing the ordinance, accept an amendment as to the B. T. U. strength of the gas at not less than 900 B. T. U.'s and the measure was again read by its title and passed.

MARRIED IN GLENWOOD

On Saturday afternoon at Glenwood occurred the marriage of Miss Velma Shepherd and George B. Ebersole of this city. The wedding was a very quiet one, the young people motoring to the Iowa city to have the marriage ceremony performed, later returning home to this city.

Road Work to Cost Heavily Near Union

The relocation and paving of highway No. 75 from Union to Nebraska City the coming year, will be one of the most costly projects that the state and federal road departments have undertaken in the state, is the opinion of the highway committee of the Omaha Chamber of Commerce.

It is expected that the bids for the grading of the road can be let this fall and the actual paving operations be able to be undertaken early in the coming spring so that the entire highway in this stretch can be completed in one season.

The high cost of the road work will be caused by the fact that the grading alone will probably be in the neighborhood of \$15,000 a mile, due to the large number of hills that are along the route selected. Mr. Ellis states. The usual cost of paving of highways along stretches that are fairly level, runs from twenty thousand to twenty-five thousand per mile.

When completed, however, the highway will cut the distance to Nebraska City from Union a great many miles and eliminate several dangerous crossings and will make a much more scenic and attractive drive between the two cities.
