Event Held at Fellowship Room of the Presbyterian Church With a Large Attendance.

From Thursday's Daily—Last evening under the auspices of the Plattsmouth Woman's club was held the reception to the members of the teaching force of the Plattsmouth city schools, the most enjoyable occasion being held at the Fellowship room of the First Presbyterian church.

The Fellowship room had been very tastefully arranged for the reception in the artistic and handsome drapes, the glowing candles in the crystal candelsticks and through the room the bright hued flowers of the early fall season left a colorful touch to the scene. Mrs. G. K. Petring and Mrs. Carl Ofe being in charge of the decoration.

In the receiving line were the officers of the Woman's club as well as the members of the board of education and the guests of honor.

The program of the evening had been arranged as far as possible with former graduates of the local high school participating in the musical numbers which was a most pleasing touch to the evening of enjoyment.

Mrs. E. H. Wescott serving as chairman of the program arrangements.

The welcome of the city on behalf of the Woman's club was given by Mrs. James T. Begley, club president, who in her delightful manner assured the teachers of the feeling of cordial welcome felt by the members of this organization.

The members of the board of education through President Frank L. Cummins, also extended the greetings of this governing body of the city schools to the teachers, both new and re-elected.

Interspersing the addresses was the very clever musical offering of Jean and Billy Knorr, small children of Mr. and Mrs. R. W. Knorr, presenting two popular vocal selections and with Mrs. Knorr as the accompanist.

Judge James T. Begley extended a welcome on behalf of the city of Plattsmouth as well as the Chamber of Commerce to the members of the teaching force and praised the tasks of the teachers in the education and training of the youth of the community to be worthy men and women.

In response to the hearty note of greeting given by the different speakers of the occasion, Superintendent R. E. Plan Pilgrimages on Successive Fridays

Road Opening Celebration at Creston on 12th and Plattsmouth Day at County Fair on 19th.

From Thursday's Daily—Tentative arrangements were made at today's noon-day luncheon of the Chamber of Commerce for the sending of "Good Will" delegations to Creston, Iowa, on September 12th, for the road celebration and dedication of U. S. 34 as the first all-paved highway across Iowa, and to Weeping Water on September 19th for the closing day of the Cass county fair, which has also been set aside and designated as Plattsmouth day.

It is not expected that nearly as large a delegation will attend the road celebration as will go to the fair, but a goodly representation from here will journey to Creston, where the delegation from Burlington and points along the way west to Creston will arrive at 12:30 p. m. and be met by the delegations from Nebraska and western Iowa. The Burlington municipal band will accompany the boosters from the east. The groups from the east and the west will join in a short parade along Creston's principal thoroughfare, followed by a luncheon and then comes the speaking and dedicatory program at 2:00 p. m.

The work of lining up the local delegation to this celebration was placed in the hands of the Good Roads committee, headed by Henry A. Schneider.

Formulation of plans and the securing of promises to attend the fair at Weeping Water one week later, on Friday the 19th, was delegated to the Entertainment and Amusement committee headed by Postmaster Jas. W. Holmes and an unusually large delegation is expected to go from here arriving in time to take part in the parade which is one of the big events of the closing day each year.

President C. C. Wescott, Vice President Frank Bestor and Treasurer Fred I. Rea were all out of town and unable to be present at today's meeting which was presided over by Searl S. Davis.

Another important matter discussed was the placing of a dump over the Burlington tracks on Vine street, for the unloading of grain, and this was referred to the Industries committee for further investigation and report.

Nye Says Probe in Illinois to be Continued

Senator Bitterly Assails the Methods of Mrs. McCormick in Hiring of Detectives.

Chicago—Bitterly assailing methods he said were employed by agents engaged by Mrs. Ruth Hanna McCormick to investigate activities of the senate campaign funds committee, Senator Nye, chairman of the committee, in a formal statement issued Wednesday night said the body would not be diverted from its course by threats "to intimidate and influence."

In the statement, issued after formal adjournment of the committee's hearing, Senator Nye expressed "amazement" over Mrs. McCormick's admission that she had employed detectives to investigate activities of the committee. He continued: "What is Nye going to do about it?"

The question contained in the confession by the candidate.

"In the face of vast possibilities in such a program as had apparently been planned by these detectives, and in fear of the great and lasting inquiry which might be the reward for doing anything other, presume it was expected that the committee would be prevailed upon by its chairman to retreat from its work in Illinois.

Says What He'll Do. "But, while admitting that there might be truth in one individual's alleged prophecy that when this private investigation of myself was finished and its results were made known 'Nye would be selling papers on the depot platform at Fargo, N. D., or grinding a hand organ for a dancing monkey' my answer to the question of the senate candidate as to what I shall do is only this:

"That no matter how unpleasant and distasteful is the responsibility in Illinois, I shall so far as I am able to do so continue to guide the investigation in Illinois along those same lines thus far followed by the committee, lines which can be accepted as a credit to the legislative body which we serve and in such a manner as will be ultimately approved by the most severe of honest and unprejudiced critics of the senate, and to follow this course with continuing instructions to our very small staff of assistants to use none but clean and honorable methods in ascertaining facts which have relation to the conduct and expenditures of any campaign for the United States senate.

"The committee would not be diverted from its course by any smoke screen laid down thru a will to threaten, intimidate and influence."

State Journal.

CAREFUL MOTORISTS PREVENT ACCIDENTS

Intensive campaigns are now being conducted throughout the nation to make the public highways safe for careful, competent and responsible motorists, and to banish the danger presented to life and property by the reckless.

It is to be hoped that the campaigns will be successful. But in the meantime, the careful motorists can themselves do much to lower the accident toll by expecting the other driver to do something dangerous.

In the words of Charles F. Kettering, Vice-President, General Motors Research Corporation, "It has been my experience in a great many years of driving that if you will consider the other fellow is likely to do something which he may not do, it is a great safety factor. I believe that we should always be upon the lookout and expect that somebody will come out of every blind alley and make the wrong turn because if we are assuming that, we are always on the alert and know just exactly how to stop and when to stop."

This is sage advice. When assuming that other drivers are capable, the driver is often powerless to avert an accident. And, when lives and property are destroyed, the blame is of only secondary importance.

Every state should do its best to formulate modern, enforceable and adequate traffic laws that will protect the careful and punish and eliminate the reckless. But until Utopian highway conditions arrive, we should all be pessimistic of the other fellow's ability at the wheel.
