

WEEPING WATER

Martin Bornemeier from southwest of Murdock was a visitor in Weeping Water last Tuesday afternoon securing seed for sowing at his home.

Fred A. Burch has been feeling quite poorly with a hemorrhage and which has kept him at his home for the past week. He was over to Lincoln to consult a specialist on last Tuesday.

Jesse Domingo who has been at the hospital at Lincoln for a number of months was down for the fair last week and sure enjoyed seeing his many friends on last Friday the great day of the fair.

LeRoy Zessen, who was injured last week by being kicked in the face by a horse, is reported as getting along as well as could be looking for and it is hoped that he will soon be all right again.

Mrs. E. C. Wright of Papillion, and friends of Mr. and Mrs. John S. Williams was spending last week with the Williams family and was assisting in the increased work on account of the county fair.

Peter Spangler has been in Omaha for some time where he has been under observation regarding his health and where he has been built up preparatory to an operation which it is expected he will have to undergo.

Mark Wiles was a visitor in Omaha on last Monday going via Plattsmouth where Mrs. Wiles stopped and visited for the day with her friend, Mrs. Martha Wetenskap, who has been quite ill of late. On his return Mr. Wiles stopped for the good wife to bring her home.

To feed the people attending the county fair and also to accommodate the crowds which were assembled, the Williams Bakery placed in service a lunch counter, and which met with such a ready response for the good things of the Williams bakery that they are now minded to continue the conducting of the lunch counter where all the good things which are baked by the bakery can be had and a very fine place to eat them as well.

"Nerves"

Do they harass you by day and keep you awake at night?

Don't neglect them. They'll ruin your charm and beauty, alienate your friends, interfere with your business and social success.

When you're nervous, take Dr. Miles' Nervine. It's the prescription of a successful Nerve Specialist put up in convenient form especially for people in your condition.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

hereafter work the two charges together. Rev. Morey has made a success with his work at Nehawka. He will deliver his first discourse at the Nehawka church the coming Sunday.

Will Make Home in Missouri.
Harry McGrady and wife who have made their home here for so many years departed a few days since with all their household and farming effects for Mountain Grove, Missouri, where they will make their home in the future. Charles Joyce with the big truck took the pioneers and their effects to the "Show Me State."

Congratulations to Weeping Water.
Mainly through the team work of the citizens of Weeping Water and those in the vicinity, was it possible to hold one of the very best fairs which has ever been put over in Cass county in all the years when they have had a fair. The fair board purchased with a surplus, some property, with buildings thereon, from A. E. Jamison, which was changed over by the free work of the people about Weeping Water, which would have cost many hundreds of dollars had it had to be paid for.

This prepared places for stock and exhibits, though more room would have also been nice. The persistent going after the matter put over this, the very best fair that ever has been held, Friday the last day of the fair, was the climax, and with an attendance of nearly ten thousand. Of course the streets were crowded, but the people notwithstanding they were crowded were happy and sociable. The exhibits were excellent, in stock and the products of the farm and orchard. During the latter portion of July and August when the weather was so boiling hot, the hot winds scorched ones cheek, it looked like there would be nothing grown. But what a revelation was the agricultural hall, when the fair came well stored with fruits, vegetables and all kinds of garden and field products. The greatest was the wonderful exhibit of corn. Gleaning the fields was necessary to get the fine exhibit, but it was a fine one, and some say, "Yes, it took a lot of searching to obtain the good corn," but remember, there never was a year when the people did not go and select the very best they could find. We are surely well pleased that we have the privilege of living in Cass county, when she can come back after being in the condition which things were scarce six weeks before this wonderful exhibition.

Again let us congratulate every citizen in Cass county on the wonderful fair and thank the hardy workers of Weeping Water and vicinity for the excellent work which they did in preparing a place to hold such a fair and entertain such a good natured concourse of happy, contented people.

Wait for Wheat Planting.
Wait for planting wheat, for there has not word been received from the Agricultural College as yet designating at what date it is safe to sow your winter wheat. When word has been received a personal letter will be addressed to every farmer in Cass county, telling of the date. Do not sow your wheat until you receive this word from the county agent.

Sold Four Cars.
During the fair, the Dowler Service Chevrolet company disposed of some four cars, they going as follows: Herman Fahrlander, Ray Fahrlander and Ben Martin of Union, while the fourth went to Roy Leaver of near Alvo.

Will Institute New Golf Course.
James Fitzpatrick of Union, formerly of Weeping Water and Joseph Dure also of Union, have leased lots west of the old livery stable formerly occupied and conducted for years by Wm. Dunn as a livery stable and feed and sales stable, and where he has held many good auction sales, have been leased and were being graded on Tuesday of this week by Mr. Ben Rich, preparatory to the installing of the course.

Well Represented at Lincoln.
Weeping Water is well represented at the state university at Lincoln in the young people of this city, they being Ralph Binger, Harold Hinds, James Elgaard, Frank Woolcott, and Miss Charlotte Joyce.

Chester White Boats.
We have a number of fine Chester White boats ready for service, new blood lines for former customers. They are priced so all can have a good boat.—Fred Rehmeier & Son, Weeping Water. s25-27v

Surprise Friends.
The lady friends of Mrs. James McNeal, formerly Miss Stutz, appeared at their home and made a happy afternoon for Mrs. McNeal, as they came prepared to play bridge and operated three tables and all entertained.

Pastor Here Six Years.
The Rev. George I. Morey, pastor of the Methodist church, and who has made such a success of the ministry here, was returned for the sixth time at the conference at Lincoln last week. He has been given the work at Nehawka also and will

LOCAL NEWS

Mr. and Mrs. Charles E. Noyes of Louisville were in the city today for a few hours attending to some business matters and while here were pleasant callers at the Journal office.

BUTTER FAT PRICE GOOD
Nebraska farmers should find the price of butterfat staying at a good level in the next few months, according to the August report from dairy herd improvement associations in the state as issued from the agricultural college. The report also indicates that the average butterfat production in dairy herd improvement associations is following the trend of other years, low production in August and September.

August receipts of butter at the four principal markets were 19 per cent smaller than in August, 1929. Drought conditions which were quite severe in some sections and the months of low production coming on makes the dairy products market look promising.

In August of this year the average production per cow was 23.5 pounds of butterfat, which was 2.3 pounds less than in July of this year. A year ago the average cow in Nebraska produced 23.3 pounds butterfat. The report states that butterfat production per cow has decreased since May when it reached 31.5 pounds per cow. Except in June, the decline has been rather sharp.

The report also indicates that the number of cows bought and sold this year has decreased somewhat over the total last year. There were thirty-one more cows sold in 1929 than in 1928 for the same period, the report points out. Twenty-eight more cows were bought for the same period last year than for this.

Elmwood Precinct Asks for Gravel Levy

Ask Board of Commissioners to Levy Two Mills for 1931 to Aid in Surfaced Road.

The residents of Elmwood precinct in which is located the towns of Murdock and Wabash, are to join in the general movement for surfaced roads for the coming year, a large petition filed this morning in the office of the county clerk asking that the board of commissioners make a levy of two mills for the year 1931 on the property in that precinct for the purpose of road graveling.

The extent of the roads to be graveled covers eight miles and a half and connects the precinct very well with the Red Ball highway running west from highway 75 to north of Elmwood, the gravel roads reaching both Murdock and Wabash.

This extent of road surfacing will, it is expected, be followed by another move for an enlargement of

the gravel in the precinct in 1932 so that all parts of the precinct can be reached by gravel.

The amount that is raised by the levy will be met by the commissioners with a like amount so that the program this coming year will be able to cover the entire eight and a half miles.

This movement will be a great boon to the residents of the entire county and everyone will feel proud that this large and rich precinct is to be taken out of the mud and that their highway system will join up with other graveled roads through that section of the county.

If the long postponed graveled of the Red Ball highway from Murray west could be secured from the state it would make a system of all weather roads that would reach into almost all parts of the county.

ENTERTAINS AT BRIDGE

One of the largest social events of the fall season was the 6 o'clock bridge luncheon given Tuesday by Mrs. Frank L. Cummins and Mrs. H. J. Richey was awarded the first honors, Mrs. John Sattler, Jr., the second and Mrs. C. A. Rawls, the consolation.

The hostesses were assisted by
