The Good Milling Co. awarded trophies to the outstanding baby beef, swine, poultry and dairy clubs in the state. Cass county won two of these. They were won by the Weeping Water Dairy Calf Club, with S. Ray Smith as leader, and the Eagle Poultry Club with Lloyd Vance as leader.

These trophies and the one won by Helen Cole at International Club Congress at Chicago are on display at the Farm Bureau office.

More 4-H Clubs for 1931.
Club members and local leaders can be justly proud of the record that 4-H clubs of Cass county made in 1930. Members not only did themselves proud with exhibits, demonstrations and judging but also in the way in which they finished their work. Out of the 516 enrolled in various projects, 88.95% completed 100%.

What is to be the result for 1931? It is about time for those carrying animal projects to organize and all clubs should be organized by April 1st.

Anyone interested in having a 4-H club in your community, may secure further information by writing the Farm Bureau office.

The corn must be in place by 10:30 a. m. A free lunch will be served at noon. The afternoon program will consist of, experiences of Cass county hog raisers, corn growing methods of men in the county corn yield contest, summaries of the state pig crop contest and corn yield contest given by Earl Hill and D. L. Gross, specialists in animal husbandry and crops, from Lincoln.

Facts about the costs of operating corn pickers and tractors in Cass county by County Agent D. D. Wain-scott. What the prospects are for the future with corn and hogs, will probably interest Cass county farmers more than any one phase of the program.

County Agent Wain-scott wants to make this meeting a real event of the county this spring. Practically every farmer around here grows corn and raises hogs, and the discussion of the afternoon meeting will be right down to earth on the everyday problems of local producers. The men coming from Lincoln are holding a series of three corn and hog days in about 30 counties in the state. They will pick up experiences of farmers in neighboring counties that should help local men.

The details of the program will be found in the Farm Bureau column on another page.
