When a school girl challenged M. G. Kime to a battle with snow balls, Mike could not resist a battle with the fair belligerent, and so the battle was on. The snow balls flew thick and fast, and as Uncle Kime was stooping to gather snow for another ball, he slipped and losing his balance, fell, one hand going under him with the result that he sustained a very badly sprained wrist, and has had to have the member bandaged and is carrying it in a sling. It is giving him much pain and is very sore.

Many Visit Pipe Line Work. Last Sunday which was an ideal day with balmy weather and good roads, many of the people of Nehawka and vicinity were out for an airing to absorb the benefits of the beautiful sunshine and to see nature in her winter clothes and in spring weather, visited the work where the new pipe line is being laid. The many operations which are required to install the new line were novel to those who were not accus-

Received Severe Injury. When a school girl challenged M. G. Kime to a battle with snow balls, Mike could not resist a battle with the fair belligerent, and so the battle was on. The snow balls flew thick and fast, and as Uncle Kime was stooping to gather snow for another ball, he slipped and losing his balance, fell, one hand going under him with the result that he sustained a very badly sprained wrist, and has had to have the member bandaged and is carrying it in a sling. It is giving him much pain and is very sore.

Benefit Concert Big Success. The concert and program which was held in the Auditorium Wednesday evening was a success in every particular. The program was splendid and a good attendance was present to enjoy it. The net amount derived from the admissions was \$30.35 and this was turned over to the Auditorium and Library funds.

The hand has showed wonderful progress since it was last heard in public last fall and Nehawka is surely fortunate in having such a wonderful musical organization. The band numbers were under the direction of Mr. Smith, the leader, and the vocal selections and other numbers were supervised by Miss Mildred Nellor and the success of the program was made possible by these individuals. Those benefiting from the concert are very grateful indeed to these instructors.

The program opened with an address by A. P. Sturm. Mr. Sturm was a member of the Nehawka band back in 1889 when it boasted and was proud to have a representation of a dozen dances. Nehawka is proud of the band at that time, but according to Mr. Sturm it was no comparison to the band we have at the present time. He told of interesting events that occurred to the members of the band while he was a member and encouraged the members of the present band to continue with their practicing and maintain the same enthusiasm that they have since the latter band was organized.

His address was interesting and beneficial and no doubt much good will be the result of what he said. The remainder of the program was as follows: Normal March, Band; "Our Yesterdays," solo, Miss Mildred Nellor; Zenith Overture, Band; two Clarinet solos by Irene and Buddie Christweiser; "When Song is Sweeter," Girls Sextette; Washington Post March, Band; "Moonlight on the Colorado," Tom Troop; "Three O'Clock in the Morning," dialogue, Edith Allen and Chester Kell; "The Little Green Church," serenade, by Band; "Entertaining the Minister," reading, Dorothy Opp; Burton March, Band; solo, Axel Campbell; Cal March by Band; "In the Time of Roses," Girls Sextette; "Stars and Stripes Forever," by Band.

The members of the girls sextette were Lucille Hadley, DeLena Carpenter, Unadine and Dorothy Shradler, Florence Melsinger and Pollie Pollard.—Nehawka Enterprise.

Harold Stoll Married Jan. 10th. A double wedding took place at Fremont, Neb., Saturday, January tenth, when Harold Stoll of this place was united in marriage to Miss Clara Winkelman of South Bend, Neb. The groom is well known to everyone in this community where he was born and grew to manhood. He is the youngest son of H. H. Stoll of Nehawka and has a host of friends who extended the newlyweds heartiest congratulations.

The bride is a daughter of Mr. and Mrs. Wm. Winkelman of North Bend. Mr. and Mrs. Stoll came to Nehawka last Thursday and remained here until Wednesday visiting with relatives and friends. Last Friday evening they were serenaded by a number of his friends and the uninvited but welcome guests were treated royally by the bride and groom.

Mr. Stoll and wife are leaving at once for Dalton, Neb., where they expect to engage in farming in the future.—Nehawka Enterprise.

Edward Murphy was a visitor in Omaha on Tuesday of this week, where he was called to look after some business matters.

Arnold Schleiter of near Manley was a visitor in Weeping Water for a short time on last Tuesday afternoon, coming to secure some medicine for the sick folks.

Harry Doty was a visitor in Plattsmouth last week looking after some business matters. Harry has not been feeling the best for some time, having a slight attack of the flu.

Claude Fitzpatrick, on Wednesday and today of this week, has been busy moving from the Ploetz on the north side to a place five blocks south of Main street on the highway leading south and near the school.

R. M. Clayton, who is employed with the new pipe line, moved into the cottage of Thead Davis, which was last occupied by Roy Haslam, but who purchased a home and consequently moved, leaving the house vacant.

Mrs. George Deickman, formerly Miss Beulah Little, while she was visiting at the home of her parents, Walter Little, she was taken very ill, and had to be taken to the hospital at Omaha where she is being treated.

Mrs. Bert Jamison entertained at her home in Weeping Water on last Monday evening, the Knickerbocker Club, and where all present enjoyed a very fine time and played bridge as well as were served with a delightful luncheon.

Miss Jessie Baldwin, assistant county agent, accompanied by Mrs. Joan Carter, were over to Louisville on last Tuesday afternoon where the former was conducting an extension meeting and the latter was visiting with friends for the afternoon.

Will Make Home in Town. Following the excellent sale which was held by Thead Davis, last week, when all the goods of this gentleman sold excellently, and why not, for they were very fine grade of farming machinery and other things pertaining to the operation of the work on the farm. Thead never would have but the best and the people knew where to go to get good farm tools. In a short time Mr. Davis expects to move to Weeping Water to make his home. He has a fine home here which has been occupied by O. C. Hinds, and Mrs. Davis is working his place. Mr. Hinds looked for another and finally decided on purchasing a home and has gotten the Culver home on the south side which will make a fine place.

Has Excellent Business. The Seward Road store which is one of the landmarks of Weeping Water, for it is forty years, being established by his father, E. E. Day, and established on the proposition that it pays best to carry the best goods, a good business was then obtained and has always been kept during the years Seward came into the business a few years ago. Except the practice of carrying the very best goods and has found it pays best.

Moved Their Stock of Goods. The Weeping Water Variety store which has been having their new room made ready for occupancy for some time past, have moved into the new location, the change being made during the early portion of this week. The business has grown from its inception and with every month a better one than before. They are carrying a stock of goods greatly superior to many towns of much more population and have found that it pays to have the goods to sell, for one cannot sell them when they are not in stock. The business during the present winter has been very satisfactory, and with the removal and better equipment the stock can be enlarged and the display made the better so that the presentation of the goods and varieties will be more effective. The goods were all gotten to the new place on Wednesday and the work of arranging and placing on display continued all the week. Drop in and see the fine array of every kind of goods for the home which they have on display.

Business Is Better. D. Hammond, the Cass county representative of the Woods Brothers of Lincoln, was a visitor in Weeping Water on Tuesday and speaking of conditions he had to say, "I have found business on the increase and conditions on the mend, there is increased demand for labor and more goods are being sold and more inquiry for people who are seeking employment. While the improvement has not been in the shape of a boom, there are more people working and fewer idle with every week and

month. Spring is just about here and it will mean more people working and more money to spend for goods that means more goods and so we will be on the highway to better business conditions."

Better Automotive Business. Speaking of business conditions, Edward W. Dowler said that business is getting better and as an evidence sold and delivered six new automobiles and trucks during the past week and there is better inquiry for more.

Have New Cars. The following have the past week purchased new cars and trucks from the Dwyer Chevrolet Store: Carl Rector, purchased a new coach; Ralph Murphy, son of Edward Murphy, purchased a coach; Mr. Archie Crozier purchased a five window coupe and one which will give this young man excellent service. John Hill of near Myard, purchased a four door sedan; Jack Jourgensen, who has been using a Chevrolet truck for some time, last week purchased another one showing how he liked this excellent make of car.

Painting the Coffee Shoppe. With the many other things which has recently been done to make the Coffee Shoppe the very neatest, the interior has been painted and sure it is looking fine. The coffee and all that goes to make something good to eat is just as good.

Bit a Number of Animals. A dog claiming as his home a few miles northeast of Weeping Water bit a number of animals for George and Oscar Domingo, was finally killed, not until his biting had taken toll of some cows and horses.

Buy the Lyman Place. B. Golding of Plattsmouth, who makes a specialty of purchasing tax titles, last week foreclosed the tax on the Lyman place which is next east of Cris Rasmussen. Mr. Golding says he expects soon to put a good deal of work on this property and put it in good condition.

Hears Father Had Died. Charles H. Findley received the sad news on last Monday morning of the death of his father, W. H. Findley at his late home at Douglas, and immediately departed for the home of the parents to render such aid as possible in the hour of grief. KNABE'S NINTH ANNUAL Hampshire Bred Sow SALE

WILL BE HELD AT THE **Wm. Hicks' Sale Pavilion** in **Nehawka Nebraska**

Monday, Feb. 2, 1931
Sale Starts at 1 O'Clock Sharp

50—Head Bred Sows and Gilts—50

We are selling the best offering we have ever sold. (This seems almost impossible after having the highest average sale for the number of heads sold over all breeds in the U. S. A. We also sold top sows, top fall gilts, top spring gilts and top age sows of the Hampshire breeds for 1930.) We can prove this if you come and look the offerings over on February 2nd—the day of the sale—or any time before the sale.

For special attractions, we are selling our first, second and third prize gilts. You know they are good, to win that. These sows are bred from one of the best battery of boars ever used on our place.

Will try and have Promoter at the sale that you may see the studly stock that the blood strain contains. Promoter has the greatest record of any Hampshire boar of his age, both in the showing and the breeding pen. He is also full brother to "Nehawka Whirlwind," the best that had the record prize boar of \$1,025.00 last fall. Keep in mind the best place to buy Hampshires are where they are bred.

Where five or more are bought to go in the same community, we will deliver them free of charge. Write for catalog at once.
