### THE ALBANY CONFERENCE

The Governors of seven industrial states have been considering compulsory unemployment insurance in a conference at Albany which was York, Pennsylvania, Ohio, Massachu- of a stupid prosperity. setts, New Jersey, Connecticut and Rhode Island. Those states pay 63 per cent of the nation's income tax and more than 50 per cent of the nation's total wage bill. The subject, therefore, is one in which they are vitally concerned, and anything they decide to do or not to do about it

Nothing definite was agreed upon at the conference, but sufficient information was developed during the Dr. Nicholas Murray Butler has discussions to make the meeting dis-

It is accepted, of course, that some plan must be worked out, as a matter of justice and public policy, to protect employes in a measure against recurring business depressions. Sentiment at Albany was against any participation by the Fedthe individual state's participation We have the word of the Financial to a minimum. This attitude may be World that 1930 marked the use of partly accounted for by our national tradition and, in larger part, perhaps, by the European experience in the "Uses rubbish to produce gasoline," venture, particularly that of Great is the headline on a scientific story, Britain. It was the judgment of the conference that this was a problem for industry itself to solve, with cap-God help little Jhonnie of tomor- ital and labor jointly bearing the row and his sister, Susie, if Profes- cost.
