## Railroad Situation Discussed at C. of C. Meeting

**Chamber of Commerce Urges Support of Burlington—Report on Occupation Tax Ordinance**

From Thursday's Daily—

Talks by Wm. Baird and Emil Wurl were heard today by thirty-three members of the local Chamber of Commerce on matters of vital interest to the citizens of this community. Mr. Baird spoke to the group as a citizen and member of the Chamber of Commerce relative to the relation between the Burlington shops and the people of this community. He called attention to the fact that heavy inroads have been made into the earning capacity of the railroad companies over the country and that a curtailment of expenses has been necessary. These inroads have been made by the bus and truck traffic which operate on the highways and from a standpoint of taxation represent a tremendous difference from the taxes paid by the railroad companies. Mr. Baird called attention to the fact that the closing of shops over the system for short periods had been due to decrease in business. He stated that he felt that the Burlington Company would be greatly pleased to know that the people of this community were doing everything possible to support them. At the close of Mr. Baird's remarks, the Chamber of Commerce voted to appoint a committee of three to draft a resolution urging the people of this community to support the railroad company by their patronage.

Mr. Wurl described the work which has been done to date in regard to the occupation tax question. He stated that the work has been progressing rapidly and that visitors and officials from towns in eastern Nebraska will be here next week to go into the matter more intensively.

Chairman Rea of the Finance Committee reported that there were 109 members in the Chamber now and good prospect that there would be twenty or thirty more.

## HAS CAR STOLEN

A number of Plattsmouth men who are engaged in working at the Ford plant at Omaha, making the trip back and forth via auto, had the unpleasant experience of having the vehicle of travel stolen from the parking place near the Ford plant on North Sixteenth street.

The car was owned by Robert Painter and had been used by William Gordor to supply the workers with a car while the men were merely used as being overhauled, and this had been the second day that the Painter car had been used in this way. The car was left parked as usual in the street in the parking space as the men went to work at 7:30 Wednesday morning, and at noon one of the men using the car happened to visit the parking space and found the car missing. The theft was reported to Omaha police but so far the car is still missing.

Mr. Gordor drove to Omaha to secure the workmen and made efforts to locate the car but without success.

He was given a fine of \$10 and costs for the offense.

## World Day of Prayer Observed in This City

**Inspirational Meeting Is Held at the Parlors of the First Methodist Church.**

Friday, February, 20th, was observed the world around as a public day of prayer. Locally there was gathered at the Methodist church parlors a goodly company of ladies, who well represented the different denominations of our city.

The subject of the devotional period was "Ye Shall be My Witnesses," and the meeting opened with silent prayer for the service here and elsewhere, and a quiet song "Trad Sottly, the Master is Here." Then followed the call to worship and invocation, after which came prayer of personal confession and consecration. This part of the service closed with the "Come Holy Spirit," by Mrs. Barkus and Mrs. Troy.

Attention was then directed to "A Witnessing Church." Scripture readings of early churches which sent out missionaries, and prayers of thanksgiving for the work they had done for us, were given. The quartet, composed of Mesdames Patterson, Schutz, Schulz, and Miss Gordon sang very impressively, "Jesus Saves."

"Witnessing Through the Ages," was presented by scripture and quotations from "The Christian," followed by prayers for a crusade of righteousness throughout all organizations from church to government, special prayer that those who are truly interested in world peace might be directed in all their efforts and accomplishments by the hand of God in this matter, was emphasized and that youth might accept the divine leadership of Jesus Christ in these times when so many new doctrines for living are proposed and different policies of political government are agitated.

The audience was then called to give their attention to a very small task which is being done by the united efforts of the women's missionary organizations. This was a review of the interdenominational work done in the island of the Caribbean sea—Porto Rico, Cuba, and Haiti—and most ably given by Mrs. McClusky with the help of a map which visualized for those present the actual conditions found there.

The projects for this Day of Prayer were four: Women's Union Colleges in the Orient of which there are seven, Indian work among 30,000 students in our government schools, Migrant work for those always on the move during canning seasons and Christian literature in native tongues for the women and children of foreign lands.

Prayers of dedication of ourselves to renewed effort and giving of time, talent, and possessions as God would lead us, closed the devotional part of the service. All joined in singing "Lead on O King Eternal" after which the benediction was given in unison.

## LATTER DAY SAINTS WIN

From Thursday's Daily—

The basketball team representing the Latter Day Saints church of Omaha was the opponent here last night of the local "town" team, and aside from the saintly qualities of the visitors they were a good fast team that had little trouble in smothering the array of vanished stars by the score of 28 to 15.

The visitors took a decided lead from the opening tipoff and the locals lagged at all stages of the game. The local team was apparently suffering from lack of practice and team work, while the visitors were clear to be seen had been playing with each other and in fact some as their plays were more accurate.

For the locals Hubert Dew was the best both in his shooting and the floor work.

## SUFFERS SEVERE FALL

Julius Range, old time resident of this city, who has for several years been engaged at the farm of T. G. Klimm, south of this city, suffered a severe accident Thursday while at his work around the farm. Mr. Range fell from the walk around the house and in falling tore the ligaments of his back loose. The injuries were so severe that Mr. Range had to be assisted to the house and has since been under medical care and feeling very sore and stiff.

## Pay Honor to Memory of Frances E. Willard

**Fine Program Arranged to Honor Memory of Great Leader of the Dry Cause.**

The Plattsmouth W. C. T. U. at their meeting held on Monday at the home of Mrs. J. E. Wiles, paid honor to the memory of Miss Frances E. Willard, first president of the Woman's Temperance Union, a pioneer in the dry cause and who for many years bore the brunt of the struggle that the organization waged against the liquor traffic in the United States and the world.

The meeting was under the leadership of the president, Mrs. Charles Troop and who had arranged a very fine program, touching on the life of the leader, whose passing came before the triumph of her cause in the adoption of national prohibition.

Mrs. C. C. Wescott gave a very intimate picture of the life of Miss Willard by the description of her home at Evanston, Illinois, where Mrs. Wescott had visited and where today the home is kept as it was in the lifetime of the temperance leader, the furniture, intimate articles of Miss Willard, her bible, secretary and other articles that had been a daily part of her life being still preserved there in the home that is now a memorial.

Mrs. W. L. Probst spoke on "The Frances E. Willard Memorial Fund" which is to be used in preserving the memorial to Miss Willard in all parts of the world.

Mrs. R. B. Hayes spoke on "The Cross Roads of the Pacific Helped by the Frances E. Willard Memorial Fund."

As a musical feature of the afternoon Miss Mary Kathryn Wiles was heard in two very clever numbers on the piano-accordion, the selections being presented in a very artistic manner.

One of the impressive features of the meeting was the talk given by Mrs. B. C. Kerr, a charter member of the local Union, whose activities in the society dates back into the seventies when she took up the cause that was advocated by Miss Willard and has since been most active in this work. The subject of her remarks was "The Ancestors of Frances E. Willard." Mrs. Kerr is no longer able to enjoy the pleasures of reading and her remarks on this interesting subject were given from memory.

Mrs. R. B. Hayes, one of the talented musical members of the society gave a very inspiring song, "Press On and On."

At the close of the afternoon Mrs. J. E. Wiles served very dainty refreshments to the large number of ladies in attendance.

## CHOIR HOLDS PARTY

The members of the Presbyterian choir held a very pleasant social time at the Fellowship room of the church, which for the occasion was bright with the patriotic colors of red, white and blue, with miniature crystal chery trees as the centerpiece of the tables, the place cards carrying out the Washington birth-day idea with the hatchet place cards.

The new round tables used added much to the sociability of the occasion as the members of the choir were seated around them.

The delicious dinner was served by Mrs. Frank Cloldt, Mrs. L. D. Hiatt, Miss Evelyn May, and Miss Florence Beighley.

The remainder of the evening was spent in games that added to the entertainment of the members of the party, until the rehearsal hour when the members joined in their musical work under the direction of Miss Cora Williams, choir director.

## Gravel of Highway No. 1 of Much Benefit to County

**Road West From Murray Through Center of County Will Be Used by Hundreds of People**

The state department of public works is planning to begin at an early time to start the graveling of state highway No. 1, the first authorized state highway in the commonwealth, running west from Murray to the vicinity of Elmwood. This road was laid out and graded a number of years ago but was left ungraveled as the state decided upon the gravel of "O" street road east and west through Cass county, while the Murray road would have served hundreds in all parts of the county.

There is no question that both roads are needed and now that the Red Bull or highway No. 1 is to be gravelled there is reason to feel very much pleased all over the county as this road touches practically all lines of communication over the county.

The road will connect with the "O" street project at Elmwood and Weeping Water, also touching the Weeping Water-Louisville north and south highway and then east to Union while from the extreme west of the county the residents of Greenwood can be able to reach the city in the vicinity of Ames and Murdock and then on into this section of the county.

The graveling of this road has long been boosted by the Murray business and the community as well as the Plattsmouth Chamber of Commerce which joined with our neighbors and it is pleasing to learn that the task has proven successful.

The road is already gravelled west of Murray to the old detour a distance of four miles and the new gravel project by the state will take the surfacing west to the vicinity of Elmwood.

This morning in the police court before Judge Charles L. Graves, a man giving the name of L. Krosler and his home as Auburn, was given a fine of \$20 and costs for the offense of driving a motor vehicle while intoxicated.

He was arrested and taken to jail and was very warlike when apprehended, police state, but was soon safe in the city bastille.

From Saturday's Daily—

In response to the invitation of the Pleasant Ridge Community club of which was presented by Mrs. Chris Zimmerman, president, the members of the Plattsmouth Rotary club visited the community center at the Becker school house last night to find an audience that packed the school to its capacity awaiting their coming.

The Plattsmouth visitors were welcomed by Mrs. Zimmerman for the club and the evening's entertainment was then turned over to the visitors with Searl S. Davis as the master of ceremonies.

The opening of the evening was devoted to community singing led by Mrs. E. H. Wescott and in which all joined in the singing of the old familiar songs of yesterday.

E. H. Wescott favored the audience with a very artistic rendition on the piano of the stirring military march, "Under the Double Eagle" and which were very much enjoyed.

The Rotary quartet was heard in two very pleasing songs, "The Bells of St. Mary's" and a medley of the songs of today which was very much enjoyed.

L. O. Minor favored the members of the club with a very delightful baritone solo that was a splendid feature of the evening.

For the residents of the Pleasant Ridge community at least one of the most interesting features of the evening was the talk given by Mrs. E. H. Wescott, who some thirty-two years ago was teaching at the Becker school and as a part of her portion of the program she gave a roll call of the pupils that had attended school under her and a number were present to answer as their names were called. Mrs. Wescott also gave two very much enjoyed vocal selections.

Frank A. Cloldt and L. O. Minor gave a very pleasing vocal duet, "Neapolitan Nights" and Mr. Cloldt a solo number, "Little Mother O'Mine." The Rotary quartet composed of Frank A. Cloldt, H. G. McClusky, L. D. Hiatt and R. W. Knorr, closed the program with two selections, "Honey Towan" and "I Don't."

The ladies of the Pleasant View club served a lunch that was fittingly following the program and which was to be desired in the way of good things and was a fitting conclusion of the fine evening's entertainment.

The two men were without funds and as the city will be required to provide them with food, Chief of Police Elliott accordingly following the mandate of the court, placed them at work. The task that was set for the two men was that of cleaning up the office of Judge Graves as well as the city council chamber and this morning they were engaged in making the city hall spic and span and in readiness for the council meeting on Monday evening. The work was under the watchful eye of the police magistrate and proved a very tasty job and one that won the prisoners a royal repast.

## Platters Make Two Straight from Otoeans

**Purple and Gold of Nebraska City Lose Contest Here by Score of 24 to 10 in Rough Match**

From Saturday's Daily—

The Plattsmouth high school basketball team last evening engaged their ancient and friendly foe, the Nebraska City team on the local gym and ran their record for the year to two victories over the visitors, this time scoring 24 to 10 while at the same time at Nebraska City the Platters won by the score of 18 to 6.

The game was rough and ready and Referee Kennedy of Ashland was kept busy inflicting penalties, the visitors drawing fifteen while the Platters were chalked with nine. In the foul tossing the Nebraska City team had the edge on the locals as they made six of their nine good while the Platters made but six of fifteen shots good.

The game started in a manner that caused the cold chills to creep up and down the local rooters as the visitors scored a field goal by Schnot, who also played the best game for the Otoeans, Jimmy Begley, local guard then evened the running but Roder, of the visitors made his sole contribution to the evening scoring in a field goal and the Platters were trailing. As the quarter was ending Galloway sank two free tosses and the score at the quarter was five to four in favor of the Purple and Gold.

In the second stanza of the battle however, the Platters proceeded to move away from their foe, Nebraska City counting but a free toss by Kastner, while for the Plattsmouth quintet Galloway scored two field goals, Begley one, and Captain Chiet Wiles added another for good measure and Henry Donat made his bow with a free shot that was good and at the half time the tally was thirteen to six for the Platters.

The third period saw Galloway again annex a pair of field goals and James Begley, sharpshooting guard, also dropped one in to add to the tide engulfing the visitors, while for the Otoeans Kastner kept in the scoring with a free toss.

In the last quarter the going was very rough and the visitors repeatedly drew penalties, with Galloway, Begley and Gilbert Hirt making their gift shots good while Wiles rang a field goal for good measure. For the visitors, Fleming, Maynard one, and the final score was twenty-four to ten.
