and Power Company**

*You can buy only good appliances here*

Besides being a day of phenomenal bargains, Wednesday, April 15th, offers another unusual attraction to the people of Cass county — unveiling of show windows at 7:30 p. m., and beginning at 9 for the younger folks a dance in the evening at the Legion community building to music furnished by Harry Collins Orchestra. Window unveiling is incidental to the annual Merchants' Trade Exposition and Style Show, April 22 to 25, inclusive at Legion Community Building. Gorgeous displays and a \$25 prize contest in search of the missing letters will make this a feature of the days events. But the BIG FEATURE is the bargains you see below.
