For the Best Groceries & Meats SEE US

We make it our practice to furnish absolutely the very best goods at a price within the reach of all. Highest price paid for Country Produce.

R. D. STINE
Union, Nebr.

Edgar Glaze was a visitor in Union on last Sunday, coming to visit with some friends here.

Louis Clarence was looking after some business matters in Nebraska City for the morning on Tuesday of this week.

Frank Bauer and John B. Roddy were over to Lincoln on last Sunday where they went to visit with friends for the day.

Dr. J. F. Brendel of Murray was a caller in Union on Tuesday of this week and was meeting with his many friends here.

Wm. Highfield and crew of workers have been in Union where they have been doing some line work for the Iowa-Nebraska Light & Power Co.

Dean Gillespie and the family were visiting for the day on last Sunday at the home of his mother, Mrs. J. C. Gillespie of Nebraska City.

W. H. Marks has been feeling quite poorly for the past week or more and has so sore a throat that he can hardly speak, but is able to get around.

Kerosene for Your Brooder and Incubator

A successful hatch with your incubator and the raising of your chicks with a brooder depends entirely on the even heat you can maintain with your lamps.

Our high gravity, sweet odor, premium kerosene will do the job for you.

If your merchant does not have it phone our truck drivers. They will be glad to serve you with only the best in kerosene, gasoline, oil and greases.

Trunkenbolz Oil Co.

Daniel and Mrs. Lynn on last Wednesday moved to Kamp Kill Kare, where they are nicely located now, and were visited on Tuesday of this week by Jack Lidgett and the good wife, where they all enjoyed the visit.

Besides the arranging of the school grounds for the playing of that popular game, lawn tennis, the remainder of the grounds has been seeded to grass and with the growth of this, the grounds will make a very pretty place.

Benjamin Franklin Wiles of Plattsmouth was visiting with his friends in Union on last Tuesday while on his way to Weeping Water where he especially went to visit with his brother, Isaac Wiles, who has been rather poorly for some time at his home there. Mr. Wiles also visited with many other relatives in Weeping Water.

There were four deliveries of corn at the Union elevator on Wednesday.

Grinding!

Let us grind and mix your Poultry and Hog Feed. We do the job to suit you. Prices right

Geo. A. Stites
Grain Co.

Re-Capture Fugitive After Jail Escape

Checkup on Car Leads to Arrest—Other Man Sought—Error Aids Flight.

Clay Center, Neb., April 27.—Checkup on a stolen car near here during the night led to capture at Sutton early today of Kenneth Williams, one of two men who escaped from the Hall county jail at Grand Island Saturday night.

When he was caught, after a struggle with James Holmes, night officer at Sutton, he was only suspected as a car thief. He was linked later today with the Grand Island escape.

Hastings residents, who had feared that a man was trying to kill his wife, prevented possible capture of Williams and his companion, John Karl, Sunday morning at Hastings. Karl is still at large.

Sheriff John J. Harr here was called Sunday evening to investigate a car left in a ditch eight miles from Clay Center. Getting the number, he learned it was stolen at Hastings.

Out of gas, its driver, afoot, was reported to have gone toward Sutton.

The arrest there followed. He tried to break away, but Holmes called for a party of persons near by and held Williams.

About 2 a. m. Sunday W. W. Milton of Hastings had heard men trying to take his car. He shot at the thieves, but Milton's neighbors disarmed him, in the belief he was shooting at his wife, and meantime the fugitives fled. A little later the car of Harry Bolnett of Hastings was taken.

The two men had gotten away from Grand Island after slugging Joe Capp, turnkey, with a sock full of soap.

Williams was then returned to Grand Island.—World-Herald.

DAYLIGHT SAVING TIME IN EFFECT; CLOCKS SET AHEAD

New York, April 26.—Clocks in many communities in the United States and in Canada were turned forward one hour today.

Legal time in such communities was advanced at 2 a. m. when the hands of the clock were turned forward to 3 o'clock. Most householders, however, beat legal time by turning their clocks forward Saturday night when the retired.

Daylight saving time will be in effect generally until 2 a. m., September 27, the last Sunday in September, when the clocks will be turned back one hour and the tired and weary will get an extra hour of sleep.

Legal time was advanced one hour in France and Portugal April 18 and in Spain, Great Britain, Irish Free State and Belgium at 2 a. m., the next day.

of this week, they being a batch shelled by the elevator man himself, Geo. A. Stites and the others to shell were Emmitt Watson, Clifford Garrison and Paul Swan. The price was not very appealing but the time had arrived to get the corn out of the way and ready for the spring work.

Auto Wreck at Bridge.

On last Tuesday morning as Mr. and Mrs. C. A. Hughast, the former a deputy sheriff of Lancaster county, and their cousins, Mr. and Mrs. A. C. Miller, all of Lincoln, were en route to Plattsmouth where Mr. Hughast was to testify in the Creamer-Agius case, and were just coming on to the bridge over the Weeping Water creek from the west, a tire of their car blew out, hurling their car and throwing them to one side and into the bridge, on the car's side, where the car stuck, entangled in the banister of the bridge.

Man ran from Union and assisted in righting the car, when the wheel was changed for a new one and the car proceeded on to Plattsmouth. Mr. Hughast had his hands cut some and Mr. Miller had his head bumped, while the ladies who were in the front seat, Mrs. Hughast driving, were not injured. Dr. D. E. Hanson of Nehawka happened along and administered aid to the men, binding up their injuries so they could proceed on their way.

Will Play Next Sunday.

The Union ball team will play the coming Sunday on their home grounds and will have for their opponents a team from South Omaha. In the game with Nehawka last Sunday the Union team succeeded in coming out second best, with a score of 7 for them while the Nehawka team secured an even dozen.

Its a Girl, All Happy.

Miss Atteberry, who is the daughter of Mr. and Mrs. Charlie Atteberry of Union, is visiting with her parents, Mr. and Mrs. Charles Atteberry, she arriving on last Sunday via the stork route, and with the mother, is feeling fine and getting along nicely, while the proud father sure is wearing a smile and is stepping high, wide and handsome.

Uncle Chris Beil Poorly.

Uncle Chris Beil, living a number of miles northeast of Union, has been rather poorly, and while he has been sick for a long time, is now showing some improvement which is pleasing to his many friends. Uncle Chris is near 87 and will celebrate the passing of this day on May 13th, while the good wife is 83, making their combined ages quite a few years. The many friends of this estimable couple are hoping that they may continue to improve in their health.

Freda McCarroll Holding Own.

While in the accident which injured Freda McCarroll, she was very critically injured and for a time her life was despaired of, she seems to have a very firm grip on life and since the operation which was had on last Sunday, while it was feared that no good could come, she has held her own to this writing and all are hoping and wishing that she will eventually pull through the very serious state in which she is at present.

Will Open Pool Hall Friday.

Henry Swanson who has been hustling to get the furniture arranged for the opening of the pool hall, and be ready for the opening which he has been hoping to be able to hold on May 1st, Friday, and with the progress he has been making, is assured that he will be able to begin business on Friday. He expects to conduct an orderly place and will see that everyone has an opportunity to enjoy clean wholesome amusement.

Manifesting Right Spirit.

W. E. Moore has been circulating a subscription list which is meeting with a ready response by the people of Union who have been given an opportunity to give to the treatment of a very worthy person, Miss Freda McCarroll, who is in the hospital. With the stress of times when to make both ends meet is a difficult proposition the very heavy expense incurred by having the young Miss in the hospital is difficult to bear by the father. With the gifts of the many friends and they sure are many, this burden is a great deal lifted and placed on the shoulders of their many friends. On Tuesday around \$50 had been realized and all given gladly as they feel glad to contribute to saving, if possible, the life of the little Miss they all love.

Visited in Lincoln.

On last Tuesday Mr. and Mrs. W. B. Banning were over to Lincoln where Mr. Banning was called to look after some business matters and where they both visited with friends as well.

Hold Funeral Tuesday.

The funeral of the late, Mrs. Estella Brissinger, the mother of Mr. Ed Dukes, who passed away at the home of her daughter a few days since, was held on last Tuesday and was conducted by the Rev. W. A. Taylor, pastor of the Baptist church of Union. Miss Elizabeth Duncan was born at Washington, Iowa, on March 11, 1869, and was united in marriage to Charles Brissinger, in 1889, when twenty years of age. When a girl she united with the United Presbyterian church, and has ever been a consistent and devoted member. They came to Nebraska in 1910 and settled in Otoe county and have resided in this vicinity ever since. Mrs. Brissinger leaves to mourn her departure the sorrowing husband, Charles Brissinger, the children, Wm. Brissinger of Fort Madison, Iowa; Loyd, Roy and Raymond, Brissinger and Mrs. Jane Yost of Minersville, Nebraska; Mrs. Ed Dukes, Mrs. Frank Dukes and Ruthann Coffin of Nebraska City; Mrs. Dwight Dukes of Fort Morgan, Colorado; Erma and Lenora Dukes of Auburn and Frank, Charles, Harvey Duncan, brothers, of Dossell, Minn.

Re-elected Teacher For Year.

At a meeting of the board of education of the Union schools recently Miss Helen Griggs who has taught here for the past two years, this popular teacher has been secured for another year. Miss Helen Griggs came here from her home at Buffalo Gap, Wyoming, and has made many friends here by her kindly ways. She is instructor in English and Home Economics, and is liked by both pupils and parents.

In New Location.

Whit and brother Will, have changed their location and can now be found on the lot of Mr. C. H. Whitworth, just north of the Union filling station, where they will be pleased to meet their former clientele and also all new ones which may come. You all know Whit.

Two Good Cows.

I have two good cows recently fresh which I am offering for sale or will trade for young cattle. See me at the lumber yard.—E. E. Leach, a30-2t

CARD OF THANKS

We wish to thank the many friends for their words of sympathy and for the beautiful flowers, the use of cars and all assistance at the funeral services of our beloved husband and father.—Mrs. John Niday and Family.

For Sale. Needs Yellow Dent seed corn, field picked.—H. E. Warden, Union, Neb. a30-tfv.

Which GASOLINE you use DOES MAKE a DIFFERENCE

It would not make any difference which gasoline you used—the lowest priced or the most expensive—if all gasolines were made to equal standards of excellence.

But gasolines vary widely in quality and worth—in the power and mileage they give—in their ability to start your motor promptly—in their freedom from sulphur compounds which attack metal—in their freedom from tar which gums valves and piston rings and carbons the motor.

Cut quality gasoline is more expensive to use than full price, full quality gasoline.

Balanced RED CROWN GASOLINE is full quality gasoline—made to scientifically correct specifications by modern refining processes. It is clean, powerful, big mileage motor fuel for truck, tractor and passenger car—no extra price for high quality.

Always ready to go when you are.

Labor's Committee Sees a Trend to Beer

Believes Modification of Volstead Act Is Possible Soon—Surreys Congress.

Philadelphia, Pa., April 26.—Labor's national committee for the modification of the Volstead act sees the legalization of light wines and beer as a possibility in the next congress. In a report of a congressional survey released tonight the modification group which meets in conference here Monday, asserted a majority in both houses favors modification.

The report, written by Matthew Wolf, vice-president of the American Federation of Labor, and L. M. Orsburn, president of the Cigar-makers' International union, stated that only 17 members of the senate and 45 representatives were prohibition "die hards" and that some of them were "listed among the most valued customers of Washington's well known bootleggers."

"Victory in Sight." Asserting that prohibition had "resulted in the transfer of the corner saloon to the home, in the corruption of our youth, apparent corruption of our judiciary and enforcement officers and creation of bootleggers, gangsters and racketeers," the report added:

"There are few services which can be rendered in these days of depression which will be more helpful to so great a number as prevailing upon congress to modify the Volstead act.

"Our survey indicates that victory is in sight if those who have voluntarily enlisted in this case will make their wishes known to the senators and congressmen from their states.

"Admit Inability." "Even those who are opposed to the modification of the Volstead act privately admit that the inability of the government to enforce the law, to control the bootleggers, the gangsters and the racketeers, to prevent vile liquors to high school boys and girls and to our colleges has resulted in many of those churches, which, of late years, have spent most of their time and effort in opposing modification of the Volstead act, being today dimly attended and dependent upon the generosity of a limited few for their maintenance and support."—World-Herald.

It sure is amazing at the great number of earners business has to turn to get back to normal, considering the surprising directness with which it managed to get lost.

SEEKS ANOTHER DEGREE AT 83

Long Beach, April 26.—Sixty-four years ago Walter L. Church of this city was graduated from the University of Missouri. Church has announced he will return to the university to take a post-graduate course. He is 83 years old.

He was a student at the University of Missouri during the last years of the civil war. At that time federal troops were quartered in the university buildings and guarded the school. Although he holds four degrees from three universities, Church said he planned to return to the Missouri university when the next school year starts. He will specialize in sociological and educational subjects. He received a bachelor of arts degree from the university in 1867 and a master of arts degree in 1870.

In 1866 he went to the University of Kentucky and received a doctor of divinity degree. A few years later

he received a bachelor of laws degree from Washington university at St. Louis, Mo.

Church made and lost a fortune during the gold rush days in Alaska. He recouped his fortune, however, by practicing law. In 1900 he retired.

NAUTILUS TESTED

Yonkers, N. Y., April 25.—The submarine Nautilus, in which Sir Hubert Wilkins plans a trip to north Polar regions was submerged for a test off here today and came through successfully. The submarine has been here for three weeks, while ice cutters were being fitted, and because of hammering and riveting during that period, it was feared there might be some leaks in the subsea craft. When it was submerged, with a crew of twelve men on board, a large hose carried compressed air into the submarine's cabins from a compressor on the pier.

Why Shell Horsehide Outwears All Other Leathers!

IF YOU want to get longer wear and greater comfort out of work shoes, we recommend that your next pair be Wolverine Work Shoes—made of Shell Cordovan Horsehide. This leather outwears all others because it includes an inner shell found only on the horse's hips (about one-sixth of the hide). First you wear out the leather—then you wear out the shell. No wonder many say Wolverines wear two or three years!

remains scuffproof; has fifty per cent greater resistance against acids; and is almost impossible to rip and tear.

We predict that after wearing one pair of Wolverine Horsehides, you'll never be satisfied with anything less in wear and comfort. Ankle-lengths to knee-highs . . . grease-filled or flexible soles . . . we've got them all—at mighty reasonable prices. Why not come in today and try on a pair of
