

ASSERTED WOMAN PROBER BEATEN WITH AN IRON BAR
Cincinnati, O., May 8—Mrs. Lyndall Halgren, 39, formerly of Columbus, who claimed to be a federal

undercover agent assigned to liquor and narcotic investigations was beaten with an iron bar late today by an unidentified man who forced his way into her hotel.

United States Attorney Haveth E. Mau said he never heard of Mrs. Halgren, and declared he did not use women investigators in prohibition work in Cincinnati.

Cass County Farm Bureau Notes

Copy furnished from Office of County Agent Wainscott

E. G. Ruffner has High Herd.

The Cass-Otoe-Johnson D. H. I. A. finished the second month of testing with 339 cows in twenty-four herds on test. The cows in the association averaged 797 pounds milk and 29 pounds butterfat for the month of April. E. G. Ruffner of Mynard had the highest producing herd in the association. This herd of nine Holstein cows averaged 1239 lbs. milk and 43.9 pounds butterfat for the month.

H. L. Sever of Palmyra was second with 22 Holstein cows that averaged 1233 lbs. milk and 43 lbs. butterfat. The highest producing cow in the association was also owned by Mr. Sever. She averaged 1563 lbs. milk and 68.8 lbs. butterfat.

The average feed cost per pound of butterfat in the association was 21c. All of the members in the association owning bulls joined the better sire contest. This contest is sponsored by the Dairy Department of the College of Agriculture at Lincoln. The object of the contest is for the members to have an extended pedigree made on their herd sire in order that they may find out his real value as a sire. Prizes will be given to the association making the most improvement in their herd sires.

W. T. Fager of Avoca has purchased a new registered Jersey sire. The bull comes from Wisconsin and was brought by C. H. Liebers, manager of the Nebraska Dairy Development Society who he was in that state getting a carload of calves for 4-H club work.

Ostriches Exhibited Poultry Day

Ten ostrich eggs are in the incubators at the Agricultural College getting ready to be one attraction at poultry field day scheduled Thursday, June 11th. The eggs were set so they will hatch a few days before the annual poultry day so that visitors can see the ostriches. Ten bantam eggs will be placed in incubators alongside the ostrich eggs in due time so they will hatch the same day. It takes six weeks to hatch ostrich eggs while bantam eggs will hatch in three weeks. The ostrich eggs came from a farm in California along with complete directions on how to incubate the eggs and take care of baby ostriches. Two of the dozen eggs were cracked in transit, even though the shell is as thick as fine chinaware.

Dairy Field Day Comes May 27.

Dairy Field Day is scheduled at the Agricultural College, Wednesday, May 27. The annual event is planned particularly for members of dairy herd improvement associations, but any one interested in dairying may, and is invited, to attend. Judging contests of both dairy cattle and dairy products open the morning program. Other features during the day include the breeding of a dairy herd, construction of a safe bull pen, influence of milking three and four times a day on milk production, and dairy conditions in other states. Stunts and group games will add some recreation to the day, and the sale of a membership in a dairy herd improvement association to the Perkins family will add some comedy to the program.

4-H Sheep and Corn Clubs.

The first 4-H Sheep Club in the county has been organized at Eagle. Charles Foreman is the leader of the club of six members. The members start with a purebred ewe lamb, or wether and feed and care for them until State Fair time.

The new classification on 4-H Sheep Club at the State Fair allows the club members to show one ewe over a year old, one under a year old, and two fat wethers. Chas. Gardner, secretary of Ak-Sar-Ben says there will probably be a class for 4-H fat wethers this year. Last year the boys had to show in the open class.

The Eagle Blue Ribbon Club has been organized with 12 members. James Doran is the leader this year. The organization of these two clubs bring the total enrollment well over the 500 mark in the county. The goal for the year is 600 by June 1st.

County Mixer.

"Wheels Versus Heels" brought down the house at the County Mixer held in Weeping Water, Tuesday, May 5th. This was a playlet put on by four members of the Hungry Hustlers club south of Ashland, and was a take off on the use of the tea wagon for saving steps in meal preparation.

The County Mixer is a fun day for members of women's project clubs and is the closing event of the project year. About 125 women brought covered dishes and drove or pushed through miles of mud in order to do their part in making the day a successful one.

Four of the six training center groups were represented in the song contest. Swastika Club from the Murdock group placed first and Fairview Club, representing the Elmwood group, carried away the second prize. Mrs. N. W. Gaines, of Lincoln, complimented the women on the interest they have taken in community singing and then tried them out to see if they really had learned to follow their leader.

Miss Muriel Smith, state extension specialist in Home Management, gave a brief resume of home account results in other countries.

The women then went over to the Liberty theatre where they saw the pictures, "Silly Symphony" and "The Transformation." The picture, "The Transformation" portrayed the evolu-

tion of an old house, weather beaten, shabby, devoid of paint and care, into a modern convenient and attractive home. This solved the problem, which faces more than one farm family, of how to keep its boys and girls on the farm.

Girls 4-H Clubs Organize.

Seventy-one girls from various parts of the county have enrolled in 4-H clubs the past week. Three of the clubs are carrying Cooking 1 and have for their local leaders, Mrs. Ernest T. Norris of Avoca, Mrs. Julian Taylor of Alvo and Miss Catherine Bornemeier of Murdock.

In Clothing 1, Mrs. Oscar Dowler, Manley, and Mrs. V. A. Besack of Louisville are sponsoring the work. Mrs. Albert Shelhorn's club, south of Louisville, reorganized and will carry Clothing 1. A group of girls from Union organized a Keep-Well Club with Mrs. Ivan Balfour as local leader.—D. D. Wainscott, Jessie H. Baldwin, Extension Agents.

BUILDING PROGRAM LARGE

Washington—President Hoover announced that 150 public works projects have been begun within the last three months at a total cost of \$129,213,900. In addition, plans have been completed for fifty-six projects to cost \$20,097,000. Specifications are being prepared for approximately one-half of that number and the remainder are awaiting bids.

Sites have been acquired and plans partially completed for 190 projects the cost of which will not exceed \$192,173,723. President Hoover expects this group to be under way within six months. Negotiations or condemnation proceedings have been started on 115 sites for projects on which construction will begin within a year, the total cost of which will be \$50,622,941.

Approximately 200 projects have been authorized by congress and selection of sites has begun. During

Work Clothes

Boys' Work Shirts 50c

Felt Field Hats—Famous Koko Kooler Straws

Philip Thierolf
VALUE-GIVING CLOTHING

the past two years, President Hoover said, fifty-one projects have been completed, the total cost of which was \$23,316,876. The most expensive building erected by the government during the last two years was the internal revenue building in Washington which cost \$10,000,000.

WOMAN SAW DYING LINCOLN

Omaha — Mrs. Mary Marrow, eighty-two, who as a girl of sixteen, saw Abraham Lincoln, fatally wounded, carried from the Ford theater at Washington into the home where she was visiting, died here

Tuesday night at the home of her son, F. W. Marrow.

At the time of the assassination of President Lincoln, Mrs. Marrow, then Miss Mary A. Sardo, lived on Tenth street, Washington, where she was born.

On the night of the assassination, she related, she was at a friend's home. There was a sudden commotion at the door and Lincoln was carried in. She told how later she peeped into the bedroom to catch a glimpse of the dying president. Mrs. Marrow had lived here for fifty years.

Advertise—regularly—persistently, for that's the way to get results.

SALE OF

Summer Frocks \$10

Thursday- Friday- Saturday

Here are frocks that possess all the individuality and chic features found in dresses at much higher prices. And they're selling at only \$10, too!
