Eliminate Dumping of Rubbish in the City

Several Places Along Main Streets Are Being Used for Disposal of Debris

The city council in its stand in favor of eliminating the dumping of rubbish over the city wherever and whenever it may please parties to do so, is one move that should have the united support of the citizens in order to make a neat and attractive appearing city.

In the past there has been many complaints of parties using the vacant lots on the east of Fifteenth street near Oak for dumping grounds and the city has at different times been compelled to have this array of tin cans and other debris hauled away from near one of the main lines of travel in the city, the highway to Oak Hill cemetery and the Cedar Creek road passing over the graveled highway and especially in the spring when there is much travel during the decoration dry period the place is most unsightly.

There has been more complaints than usual this year as residents in different parts of the city have reported that parties drive to their localities and proceeded to unload loads of cans and rubbish of all kinds to make the neighborhoods unsightly despite the effort of the residents to keep their localities neat and clean.

On North Fourth street as well as on North Third street near the small park in that section large amounts of rubbish of all kinds have been reported as being unloaded and left to be an eyesore and a drawback to the neighborhoods where the residents are making efforts to beautify their places and add to the general appearance of the city.

When rubbish and cans are gathered up into loads it would be just as easy to have them hauled to some spot away from the highways of travel or the homes of other people for disposal and not force drastic action to be taken to eliminate the trouble.

A. N. Palmer Co. Sponsors Campaign for Better Writing Among the School Pupils

The A. N. Palmer company this year is sponsoring through its official paper, The American Penman, a nation wide campaign for better writing. In order to secure the interest and co-operation of supervisors, teachers and pupils, a Good Writers club was formed, members being chosen monthly. The club has three divisions, the senior division for business colleges, high schools and seventh and eighth grade, the Junior division for grades five and six, and the primary division for grades four and five. Teachers were asked to submit before the last day of each month papers written by their pupils and then submit them to the company for correction. Subject matter having been selected by the company. These papers were passed upon by a board of judges appointed by the American Penman and every elected member received a membership badge.

All teachers having pupils enrolled as members were made honorary members of this fraternity. New members were added each month and from Maine to California, and from Washington to the Gulf over five thousand members were admitted between September 1930 and April 30, 1931 when the papers for the Annual Contest were sent in. A silver cup is to be the award for the best paper in the Senior Division, a gold medal for the Junior Division and the same for the Primary Division. Second and third best papers in each of the three divisions will receive a silver and a bronze medal respectively. Winners of these prizes will be announced in the June number of The American Penman.

This being the first year of the Nation Wide Good Writers Club the plan was tried out in our city only in the four rooms mentioned below. When ten members had been elected in a room, it was entitled to a banner and each of the four rooms received not only a beautiful banner, but shows a high percentage of elected members whose names are given below. Miss Kaufman, the supervisor reports great enthusiasm and splendid results and is planning an extension of the club work for next year.

Meat Dept. Anniversary ONE YEAR OLD

ONE YEAR AGO this week, we opened our Meat Department, under the able supervision of V. T. Arn, butcher and meat cutter of many years experience. In this initial year, we have stuck to our announced policy of supplying the public with only No. 1 meats—and that at a moderate price. The steadily increasing patronage of this department proves that people know and appreciate QUALITY in meats the same as in any other commodity they buy. Price alone has never been our first consideration—but that, too, has always been in line with declining markets. . . . And, now, to show our appreciation of this fine patronage, we are offering some tremendous values in Quality Meats for Friday-Saturday buyers.

HAPPY HUSTLERS

An interesting hog clinic was held by Dr. G. L. Taylor at Lewiston Community Center, April 30th, for the benefit of the 4-H club members as well as the older folks. The most common diseases of hogs were discussed and explained by Mr. Taylor and County Agent D. D. Wainscott. They also told what caused these diseases and how they might be prevented.

There were a good many in attendance and thought it a worthwhile meeting. The monthly meeting of the Happy Hustlers was held Thursday evening with most of the members present. The meeting was called to order by the Vice President, Robert Wolfe. The roll call was answered by each

member rising and telling what they fed their hogs.

Our leader, Mr. Hobscheldt, gave the members two pictures each that were taken when the club met at Murray to build their feeders a short time ago.

Two members of the club, James and Florence Schafer, are to go to club week at Lincoln in June. The meeting was closed with club yells and songs.

Hereafter the meetings will be held on the first Thursday of every month, so don't forget the date, club members!

The club was invited to a 4-H achievement program at Florence, Nebraska, Friday evening, so it was voted upon that they would go. The program consisted of some very fine speakers, two of whom were, the Secretary of the Stock Exchange Building of Omaha and Mr.

Gardner of the Ak-Sar-Ben. There were several other clubs represented of which each member was called upon to tell the breed and number of pigs they had. A contest of the club yells was held between the different clubs and the Happy Hustlers took first place. After the program dainty refreshments were served.

Mrs. Ogeretta Austin of Union was in the city today for a short time looking after some matters of business at the county court.
