

Officers to Discuss War on Robber Gangs

Meeting Scheduled for Auburn on Next Sunday to Plan Warfare on Gangs

The officers in the southeastern counties of Nebraska, in an effort to check the operations of the gangs of robbers that have infested the smaller towns in this part of the state, are to meet at the office of Sheriff Cal Broadly at Auburn on Sunday afternoon at 2:30.

The meeting will be attended by sheriffs, deputies, police officers and constables and who will discuss ways and means of most effectively stamping out the activities of the gangs which have been particularly active in this part of the state.

The smaller towns are more generally the operating field of the gangs and in the past few weeks there have been a great many of these robberies in the east half of the state and the parties pulling off the robberies have been able to make their escape. Greenwood, in this county recently had a robbery of the White & Buck-

nell store at that place and at which time a great deal of plunder was secured and including shot guns and rifles as well as ammunition which no doubt will be used in other crimes.

Whether the robberies are the work of gangs operating out of Omaha or Lincoln or some organization that is hidden in some of the smaller cities has been discussed by the officers over the state and many are of the opinion that these gangs make the practice of hiding out in some smaller community and at night venturing out on their raids in the night and hiding their loot in the small towns until it can be disposed of.

A gang of this kind was unearthed here two years ago when the police officers in checking up a party for traffic violation uncovered a gang hideout that covered members of a gang wanted in the north part of the state for a great many robberies. Sheriff Bert Reed and Deputy Sheriff Rex Young are expecting to attend the conference as representatives from this county.

Union Man is Arrested for Petit Larceny

Merle Davis Charged with Taking \$25 from Nebraska City Gasoline Station.

Merle Davis, arrested at Union Monday morning in connection with the theft of \$25 from the cash box at the Mona Motor Company filling station at Sixth street and Central avenue, Nebraska City, Sunday afternoon, pleaded guilty in police court there Tuesday morning and was fined \$25 and costs. He was unable to pay and was remanded to the custody of the chief of police and will be assigned to the street department for work. The complaint filed against Davis charged him with petit larceny.

Davis maintained his innocence until late Monday, when he admitted to Chief Speckhals of Nebraska City that he had taken the money from the cash drawer, going to Omaha where he spent it. He had less than a dollar in his pocket when he was arrested in a garage at Union.

E. Harbour, attendant in charge of the filling station at the time Davis entered the office, said when the latter came out of the office he asked if there was a chance to get a job at the station.

LITTLE GIRL INJURED

Monday afternoon at 3:30 Shirley Mason, little daughter of Mr. and Mrs. W. H. Mason, while playing in front of her home at 12th and Main streets, was injured quite severely when she was struck by a car coming east down the steep Main street hill. Shirley, with other children, were playing in the roadway and as Ray Shafer came down the hill he made efforts to attract the attention of the little girl and to have her get out of the street, he having his brakes on and going down the steep incline as slowly as possible. The child paid no heed to the oncoming car and Mr. Shafer in attempting to escape hitting the child tried to run his car off the paving and partially succeeded when the car struck the child and Mr. Shafer at that time was able to get the car stopped just as the wheels started to run over the arm of the little girl. She was bruised some by the fall on the paving and dirt and suffered a badly skinned place on the left side of the face, as well as several small lacerations on the left arm and right hand, but fortunately no bones were broken. The little one was hurried to the office of Dr. R. P. Westover, where the injuries were dressed and she was able to return home little the worse for the experience. The accident was one that Mr. Shafer could not possibly avoid and his shock at the affair was much worse than the actual injuries to the child.

CHRISTIAN SCIENCE

The subject of the lesson-sermon read at all Christian Science churches and societies on Sunday, May 24, was "Soul and Body." The lesson sets forth that the Bible often refers to Soul or Spirit as God; that the popular sense of soul in the physical body is a belief in intelligent matter, and that the true spiritual senses of man are tributary to God alone and are never contained in, or subordinate to matter. One of the citations read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p. 223) reads as follows: "Sooner or later we shall learn that the fetters of man's finite capacity are forged by the illusion that he lives in body instead of in Soul, in matter instead of in Spirit." One of the Biblical selections reads, "If we live in the Spirit, let us also walk in the Spirit." (Galatians 5:25).

A MIDNIGHT MARRIAGE

Sunday night at 12 o'clock Judge A. H. Duxbury was aroused from his slumbers by a knock at the door of his residence and responding to the alarm found several young people awaiting his coming and two of the party having the desire to be joined in wedlock even though the hour was late. The Judge issued the license to Miss Ona Craig and John E. Samson, both of Omaha, the party leaving at once for the home of Rev. C. O. Troy where another peaceful slumber was interrupted and with the multitude of deep night the marriage lines were read by the pastor. The bride is a former resident of this city, a daughter of Mr. and Mrs. W. T. Craig, the family having resided here a few years ago.

RETURNS FROM MISSOURI

They returned home last Sunday. The McDaniel family have been residents of Scotland county for the past fifty years or more, also the parents of Mr. Royer, who were Mr. and Mrs. I. T. Royer, also at one time residents of Cass county, all of whom were quite well known to the Journal family many years ago, when we were in the newspaper business at Memphis, Mo.

RAIL WORKERS IN STRIKE

Tokyo—Between 2,000 and 3,000 railway workers ceased work as a protest against proposed salary reductions which would affect 9,000 employees of the government's transportation system. Railway officials said, however, all lines thruout the country were functioning regularly. About 210,000 railway workers have threatened a sympathetic walkout.

A regiment of railway troops was notified to be prepared for emergency orders but officials reassured the public a strike was not likely. Authorities expected the non-working employes would soon return to their jobs in view of the fact negotiations were proceeding toward a settlement of the wage question.
