a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant — as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

RULES AGAINST MORTGAGE Gurley-A legal decision of statewide interest was handed down in district court at Sidney by Judge I. J. Nisley, who barred collection of his decision on the statute of limi-

tations. The mortgage, given on a parcel of land near Gurley, was issued in 1916 and was to become due three years later. No payment was ever made on the principal or interest, and no attempt was made to force

payment. Meanwhile a new mortgage was placed on the property. The holder of the old mortgage then attempted to force collection. His case was barred by Judge Nisley's ruling. Many sections of Nebraska have been faced by this legal problem in

suits of this nature.
