If you saw the gas leaking out of your tank onto the ground, you'd fix THAT in a hurry. Yet many a car owner is losing more than this in leaky valves, loose piston rings and defective ignition. If your car lacks the speed and power it should have, let's look it over. Our inspection won't obligate you at all. Better drive in—today.

They had gotten the lumber loaded they drove up the track and out on the highway where it crosses the railroad. The dog of Mr. Mackey barked awakening Mrs. Mackey who saw the truck pass. As the truck made a considerable noise it also awakened Mesdames Pointer and Meisinger. None of the ladies were able to identify the truck or the driver. However, suspicious are pretty well founded and no one need be surprised if arrests shall soon be made in the case.

**If baby has COLIC**

**CRY in the night. Colic! No cause for alarm if Castoria is handy.** This pure vegetable preparation brings quick comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use. And a more liberal dose of Castoria is always better for growing children than strong medicine meant only for adult use.
