#### They Keep On Fishing.

They are Lyle Miller, Art Dingler, Earl Dremer, Walter Vincent and Elmer and Carl, all the time thinking that they will catch a fish even though they did not catch one. They did catch one last week. They did not have much luck this week. We will see what happens later. Keep on fishing boys.

#### They Say the Boys Did It.

Well you may expect the boys to do it every time, not just what they say they did in this instance, but the boys will get there and will keep on doing something all their lives. They will accomplish a lot in a lifetime, and it is up to us to direct their efforts for they have the steam and will surely accomplish something.

Little boy your pal and he will lift you out of the dumps as well as you helping him. However in this instance, the boys were like all boys seeking to do something and getting some burnable materials, built a small fire in the garage of C. D. Ganz, which required the hurry up assistance of the Alvo fire department to extinguish. There was great excitement and many sweat pulling on the hose cart, but the damage was small.

#### Some One Has the Nerve.

They had something more than nerve when they stole the gas from the fire department truck, and when the car is placed in readiness for any fire that might occur it is expected to be in readiness for immediate action, and the one who would steal the gas from the truck and allow

a home to burn down while some one had to go get gas is far from being a good citizen.

#### Obituary.

Emery Martin Heier, son of Arthur and Eva Heier, was born Nov. 26, 1915, on a farm near Alvo, Nebraska. The years of his infancy and childhood were full and free, according to the nature of a growing boy. Young manhood was just ahead of him, but it was not his privilege to enter into this period of life.

Last spring he met with what seemed at the time a very minor accident, which later developed, however, into very serious complications and resulted in his death, on Sunday August 2, 1931, at two o'clock in the afternoon. He passed away at the age of 15 years, six months, six days.

He received Christian baptism in his youth under the supervision of the Evangelical church.

He leaves to mourn his going his father and mother, one brother, three grandparents and many other relatives and friends.

I cannot say, and I will not say that he is dead: He is just away: With a cheery smile, and a wave of the hand.

He has wandered into an unknown land.

And left us dreaming how very fair it must be, since he lingers there.

—Rev. H. A. Norenberg.

#### Death Remembrance of Emery Heier.

A previous one from us has gone. A voice we loved is stilled; A place is vacant in our home. Which never can be filled.

God in his wisdom has recalled. The boon his love had given, And through the body slumber's here. The soul is safe in Heaven.

#### Card of Thanks.

We desire to extend our heartfelt thanks to all who so kindly assisted during the illness and after the death of our son, Emery Heier, and for the kind words of sympathy and beautiful floral offerings.—Mr. and Mrs. Arthur Heier and son, Ivan Heier.

#### CAR RUNS WILD WITH TWO CHILDREN IN SEAT

Mrs. Lloyd Larson left her model T Ford sedan standing on Maple street between Second and Third streets Monday afternoon, with her two children in it while she called at the home of Mrs. W. J. Myers. The engine was left running and in some way it slipped into gear and the car started forward. As it passed the residence of J. R. Noyes, the children screamed for help and Mr. Noyes, who was sitting at the supper table, ran to their assistance. He climbed upon the running board on the right side of the car but was unable to reach the brake and the car continued to gain speed, cutting across the Noyes and Myers gardens and coming to a halt as it struck and demolished an out door closet at the rear of the John Myers' lots.

Little Bettie Maxine Larson, seven years old, jumped from the car as it ran across lots but her little brother, almost three, was unable to do so and when the building was struck and the car brought to a stop he was thrown against the windshield, but aside from a few bumps was not injured. The car was not seriously damaged.—Louisville Courier.

#### FULL PAYMENT IS URGED

Baltimore—Paul C. Wolman, national commander of the Veterans of Foreign Wars, said his organization would urge payment in full of adjusted compensation to veterans when congress convenes in December. The veterans' commander revealed the contemplated action of his organization in answer to a speech made by Representative Johnson, republican, South Dakota, chairman of the house World war veterans' committee, before the Iowa convention of the American Legion Wednesday. In his address the representative predicted that full payment of the adjusted compensation would be demanded of his committee when congress meets and said "I am convinced that it would be an impossibility to finance the complete payment of adjusted compensation, or the bonds at the present time."

## File Against Former Bankers at Beemer, Neb.

### Additional Complaints Made on Ramor Lallman and Severa May Get a Parole

West Point—County Attorney Elmerberger has filed new complaints against Joseph S. Severa and A. Henry Lallman, former cashier and assistant cashier of the insolvent Beemer State bank of which Paul Wupper was president.

Two complaints were filed against Severa and Lallman jointly charging them on three counts for issuing certificates of deposit without entering them on bank books and for misapplication of funds. Two other complaints filed only against Severa charge six counts of accepting deposits after the bank was insolvent. Four other counts against Severa charge him with making false statements to the state department of trade and commerce.

In two complaints filed separately against Lallman he is charged with accepting deposits after the bank was insolvent. Warrants for the two men were issued Thursday morning. The charges were filed late Wednesday.

Both are now serving sentences in the state penitentiary at Lincoln after pleading guilty on one count each of making false entries. Reports reached here that they may be paroled and the new charges were filed. Wupper is serving a 110 year sentence in connection with failure of the Beemer bank. Severa was given a seven year term and Lallman five years by Judge Chase of Stanton.

One complaint charges that Severa and Lallman made a statement that the Beemer bank had \$100,000 more than it actually had. Another \$100,000 discrepancy, officials charged, was found in list of bank deposits totaling \$519,000 where there really were deposits of \$419,000.

## WHEN FOOD SOURS

ABOUT two hours after eating, many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been over-stimulated. There is excess acid. The way to correct it is with alkalis which neutralizes many times its volume in acid.

The right way is Phillips Milk of Magnesia—just a tasteless dose in water. It is pleasant, efficient and harmless. It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips Milk of Magnesia, the kind physicians prescribe to correct excess acidity. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.
