Mrs. Lillian Ying Kiang First to Receive the Benefit of New Cable Act

Washington—Members of the National Woman's Party were rejoicing today with Mrs. Lillian Ying Lu Kiang, American-born woman of Chinese allegiance, who had her United States citizenship restored by Judge Joseph W. Cox, of the Supreme Court of the District of Columbia.

Mrs. Kiang lost her citizenship 11 years ago when she married Dr. Kiang Kianghu, internationally known Chinese scholar. It was restored in accordance with the provision of the new Cable Act, passed in the closing days of the last Congress. The bill was sponsored by the National Woman's Party, and this is the first case to come up in the national capital under the act.

The new amendments to the Cable Act provide that a woman who was a citizen of the United States at birth, and lost her citizenship by residence abroad after marriage to an alien or by marriage to an ineligible alien, may become naturalized by a short method. They also provide that a woman who was a citizen at birth shall not be denied naturalization by reason of her race, repealing the provision that denied naturalization to a woman married to an alien ineligible to citizenship.

Mrs. Kiang is a native of San Francisco. Upon her marriage to Dr. Kiang Kianghu, then a professor in the University of California, she lost her citizenship. Dr. Kiang has been connected with the research department of the Library of Congress for a number of years and is at present of Chinese Studies in McGill University. In China, after her marriage, Mrs. Kiang took an active part in the educational program, directing the government kindergartens for five years.

MAN SHOT FOR THIEF LEAVES THE HOSPITAL

Madison—E. B. Alexander, twenty-nine, Antlers, Okl., who was confined at a Norfolk hospital because of a bullet wound in the hip received in a shooting fray at a garage here, has disappeared from the hospital. Gilbert Seibler, who county officials said admitted shooting Alexander, was arrested and released on his own recognizance. Seibler said he thought Alexander was attempting to carry off some garage tools. No charges have been filed against either of the men.

**SOIL PROBED FOR LIQUOR**

Central City—Several hundred persons were probing the soil of a Silver Creek farm Thursday in hopes of finding liquor in addition to the 730 gallons discovered in a raid Wednesday by county officers.

Two men arrested in the raid and brought to jail here were identified as James Reynolds, twenty-eight, and Charles White, thirty-one, of Omaha. Sheriff Mohr said Reynolds had expressed willingness to plead guilty to liquor charges. The farm was leased by a third person, however, and Mohr thought the men arrested were merely hired hands.

A 700 gallon still also was confiscated. Brought to the courthouse here along with the liquor, it attracted 2,000 curious persons.

Most of the confiscated liquor was in jugs and barrels buried beneath the ground. Officers found it only by patient probing for thirty hours. They believed they had discovered it all but scores of other persons continued the search.

The still was operating in a newly built chicken-shed. Officers were of the opinion it had been working about a month. An automobile and a truck also were taken by the officers.

**SLAYING SAID JUSTIFIABLE**

Rapid City, S. D.—A coroner's jury brought in a verdict of "necessary and justifiable" shooting in the death of John "Blackie" Borland, killed by officers frustrating an alleged plot to blow up the Warren-Lamb in this city. Borland was shot and instantly killed by a sheriff's posse as he was about to flee from an ambush.

Sheriff Nielsen was the only witness called. He testified that he was tipped off Tuesday that a plot had been planned to blow up the mill, and that he had been furnished with a description of the man, had been told when and how the plant was to be blown up and what was to be used. A sheriff's posse of seven waiting there saw two men approach. Flashlights were turned on the men, and they heard and they were ordered to throw up their hands. One man complied while the other turned to flee and made a motion to throw something, the sheriff stated, whereupon one of the officers fired and the man fell. The identity of the officer who fired the shot is not known, the sheriff stated.

**WIDOW BUYS 280 ACRES OF UNIMPROVED LAND**

Wynmore, Aug. 6.—A 280-acre tract of unimproved land belonging to the Morris Jones estate was sold at referee's sale to the widow for \$75 an acre to facilitate settlement. Mrs. Jones outbid a large field.

**GREENWOOD**

W. P. Bailey, of Ashland, was called to Greenwood on Monday of last week to look after some business matters here.

Mrs. A. R. Spires and daughter, Miss Genevieve, departed a few days since for Lincoln, where they will make their home in the future.

Mesdames A. N. Wright and Lewis Wright were called to Lincoln on Monday of last week to look after some business matters for a time.

Albert Ethrege and his daughter, Mrs. Martha Hise, were attending the funeral of the late Nathan Marks, which was held at Ashland on Saturday of last week.

Mrs. Wayne Landon who has been suffering so much from a large boil on her knee, had the same lanced a few days ago, since which time the afflicted knee has been improving.

George Trunkholz, who has been assisting with a threshing crew near Walton, completing the work, returned home late last week and is now employed here with a number of bits of work which comes his way.

John C. Lomeyer was called to Lincoln Wednesday of last week to look after some business matters and made the trip with his friend, Mr. Kelley, the cream station man, who operates the truck between Greenwood and Lincoln.

Wm. Mauzer and wife, of Red Oak, Iowa, who have been spending some time in the west, where they were seeing the mountains and enjoying the coolness of the climate there, stopped on their way home for a short visit with their friends, Mr. and Mrs. P. A. Sanborn.

Thelma, a granddaughter of Uncle John Meford, who makes her home with an uncle, Preston Meford, of Kansas City, is visiting in Greenwood with her grandfather, and also spending some time with another uncle, Stephen Meford and family, of Ashland. She will visit here for about ten days.

G. W. Holt, the genial and efficient agent of the Burlington at Greenwood is at this time taking his vacation and has been spending a number of days at Quincy, where he formerly was employed by the Burlington and where the folks of the late Mrs. Holt reside, and while there is having a monument erected over the resting place of his deceased wife. While Mr. Holt is away on this mission, business at the depot is being looked after by Extra Agent L. C. Hixon.

**Caught Plenty of Fish**

Vern Shepler and family, L. C. Marvin and family and Clyde Newkirk and family, who were spending a few days last week fishing and camping, are back at work again and are forgetting the chigger bites and the sunburn, but they sure remember the excellent taste of the fish which they caught for the eating of the crowd of fourteen fishermen.

**Are Seeing the West**

Henry Wilkins and the good wife, after having secured Mr. W. H. Dollard to look after the barber shop, departed early Sunday morning for the west and expect to be away for about thirty days seeing the interesting places in the west and enjoying the cool climate that abounds in the mountains and higher altitudes during the heated spell here. They are surely fortunate that they are able to see the wonders of the west during this excessively hot season.

**Met at Arbor Lodge**

O. F. Peters and the family, of Greenwood, and the family of E. L. James, of Omaha (Mrs. James being their daughter) and the family of Barry Lewis, of Verdun (Mrs. Lewis also being a daughter) arranged to meet at Nebraska City on last Sunday and there, in the shady grove at the state park, formerly known as Arbor Lodge, enjoyed the day and inspected this historic place, eating their dinner in the shade and making a most pleasant day of it. They returned to their respective homes in the evening, well pleased with the brief reunion.

**SEVEN PERISH IN FLOOD**

Mexico City—Seven persons perished in a flood at Tampuche, Tamaulipas, bringing to thirteen the total of known dead from floods and volcanic disturbances in three states since Sunday, with a probability that there have been many more victims and millions of dollars of property loss. Dispatches from Tampico Thursday said an overflow of the Panuco river buried Tampuche under six feet of water and that seven of the inhabitants were caught in the current and drowned.

Dispatches to Excelsior from San Luis Potosi said the supervisors saw numerous human bodies and hundreds of drowned cattle carried past their retreat by the flood waters. Two persons are known to have been killed at Coscomatepec, Vera Cruz, Wednesday when Mount Tanapaca erupted and buried houses at its base under tons of mud.

**TRIO SENTENCED IN BANK HOLDUP CASE**

Pratt, Kansas, August 7.—Wesley F. Bauer, 25, Beggs, Oklahoma; Glen C. Hobbs, 28, Pawhuska, Oklahoma, and Robert R. Dean, 37, Milo, Iowa, who confessed robbing the Iuka, Kansas, State bank, were sentenced to serve from ten to fifty years in the state penitentiary Thursday. Between \$12,000 and \$13,000 in registered bonds taken from the bank in the robbery were recovered Wednesday by Platt county officers along the highway ten miles south of Cedarvale. The bandits were arrested in Kansas City.

**Murray Says Offers of Funds are Made Him**

Money Claimed His If He Would Control Oil Proration and Run for President.

Oklahoma City—The uniformed ambassadors of Governor Murray's oil field shutdown edict worked to smooth out curb complications in the greater Seminole area while the executive himself told how interests who "wanted to control me on oil proration" offered him \$138,000 for campaign funds if he'd run for president.

"I turned it down," he said. "I was offered \$8,000 a month for six months and \$15,000 for the next six months or until next spring. "I would rather live in private life than have my hands tied."

Meanwhile Lieutenant Colonel Murray, the governor's cousin who is running the field end of the shutdown operations affecting about 3,000 oil wells, received reports at Seminole from oil companies on the number of wells they had shut down in the forty miles square area and the number of "water wells" they claim should be exempt from the edict. Wells pumping water and those making less than twenty-five barrels of oil a day will not be forced to close, Murray has indicated.

Already major companies in the Seminole area had curbed as many producers as they believed would not be injured. Units of national guardsmen stood ready at Seminole for enforcement of the edict. Others had a quiet time in the Oklahoma City "doorstep" pool. Oil men watched with interest the progress of the Texas legislature's conservation work in the hope it would close the oil floodgates of east Texas, generally regarded as the greatest market for the Oklahoma market.—State Journal.

**STRUCTURE WILL BE SHOP**

Akron, O.—The huge dock where Mrs. Herbert Hoover, wife of the president, will christen the navy's new dirigible Akron Saturday, is expected in a few years to be the workshop for great transoceanic air liners. In this dock, so gigantic that it has weather comings independent of those outside, engineers putting together girders and fabric, have created for themselves a new fund of knowledge of dirigible building.

This knowledge accompanied by years of experience of veteran Zeppelin builders imported from Europe will go into the new transoceanic air liners. According to Dr. Karl Arnstein, vice president of the corporation, the structural design of the navy ship may be easily adapted to the liners. Ships the size of the Akron will be capable of carrying 100 passengers. They will have a total deck area of 12,000 square feet.

**SEVEN DIE AT CROSSING**

Vincennes, Ind.—Seven persons were killed when a Chicago & Eastern Illinois passenger train struck an automobile at a crossing three miles south of here. Those killed were:

- Joseph Sanneman, forty-five.
- Mrs. Catherine Sanneman, his wife.
- Anthony Sanneman, six, their son.
- Mrs. Joseph Vieke, forty-two.
- Lucille Vieke, five, daughter of Mrs. Vieke.
- Hilde Deem, six.
- Stella Deem, six.

All were residents of Vincennes. The party was en route to the home of Mrs. Vieke's daughter, Mrs. John Smith, who lives near the crossing where the accident occurred. Wreckage of the automobile was carried for 100 feet and the bodies were strewn along the track for a considerable distance.

**Used Child's Body as Shield from Bullets**

Tony Trobina, Gangster, Admits He Was Target in Harlem's Little Italy War

New York, Aug. 6.—Tony Trobina, admitting that he was the intended target of the gangland bullets that killed one child and wounded four others in Harlem's Little Italy, told an amazing story to police today of how he used the body of a little child as a human shield from the leaden spray.

The admission was made to a de-

tective whose identity was not made public. Shortly thereafter Trobina was arraigned on a technical charge of robbery and ordered held without bail.

Trobina is said to have admitted to the detective that he was a member of a narcotic ring recently split up and that the word had gone out that the faction of which Trobina was a follower was going to have trouble.

According to the admission to the detective, Trobina said he was sitting in an automobile in Harlem when the gangsters started to fire from their automobile.

Feigning a wound, he opened the door of his car and crawled along the sidewalk to where a group of little children were playing.

Then, Trobina said, as the gangsters' car approached the spot to which he had crawled he grabbed a little boy and held him up as a hu-

man shield. A spray of bullets burst forth from the car, killing little Michael Venzani, wounding four other children who had been playing in the vicinity, but harming neither himself nor the boy he held in front of him, he said.—World-Herald.
