RUNAWAY BOY HELD

From Thursday's Daily—Robert Hickler, 13, of Kansas City, Missouri, seems to have a warm spot for the town of Union as well as for running away from home. The lad ran away from home some two weeks ago and was found on a northbound Missouri Pacific train, being unattended at Union as the train arrived at that place. The boy was loafing around the town for some little time when he was noticed by Ed Leach, who taking pity on the lad, had him come to his house and where he was fed and cared for. Mr. Leach learning the names of the relatives of the youth, he communicated with them and the next day a brother arrived and took Robert back home. Wednesday morning the Union residents were surprised to see the youth alight from a Missouri Pacific train and to once more be a part of their community. This time the Union people decided to call in the legal authorities and accordingly the youth was brought to this city to be lodged in the county jail until the word is received from his father or brothers as to the disposition that they might wish made of him.

Mrs. Spens and one of their two sons was at his bedside. Mr. Spens was making a tour of Europe with his son when taken ill. Mrs. Spens, who was in Colorado at the time, hurried to London.

Mr. Spens was in Omaha from 1907 to 1912 as assistant freight traffic manager. He was promoted to freight traffic manager in 1912 and moved to Chicago. He was later made vice president of the company.

During the world war Mr. Spens was assistant director of traffic for the United States railroad administration and director of transportation for the United States food administration. He held the post of federal fuel distributor from 1922 to 1923. He was widely known in railroad circles.

Mr. Spens was in Omaha last September when the new Burlington station was dedicated. He addressed a public affairs luncheon at the chamber of commerce and spoke also at the station dedicatory ceremonies.

He was born in Princeton, Ill., in 1875 and took up railroading as a youth. He had been with the Burlington for many years, advancing steadily from minor positions. He is survived by Mrs. Spens, two sons and one daughter. Mrs. Spens was the former Louise Keeline of Council Bluffs.

SELECT PRODUCTION DATES

The Home Talent Show committee of Hugh Kearns post, American Legion has selected dates for the three productions to be put on during the fall and winter season at the new Platts theatre. The first in the series will be a comedy drama under direction of L. D. Hiatt, well known old-time theatrical man, and will be presented on the nights of October 28 and 29. The second (of a nature to be determined later) will be presented on the nights of February 3-4, and the series will probably be wound up with a good old fashioned minstrel on the nights of March 30-31. At all of the productions, popular prices of 50c for the downstairs section and 35c for the balcony will prevail and it is hoped to pack the house on every one of the six nights contracted for.

The committee has received offers of aid in staging the different productions from Miss Mary Tidball, dramatic coach at the High school, who will probably have charge of the second of the series of performances, and R. Foster Patterson, who has also had wide experience in college dramatics. The name of the opening play has not been selected, but it will be one of the newer royalty productions, possibly a well known talking picture comedy-drama and as soon as it is decided upon, selection of the cast of characters will begin. Plattsmouth has a lot of capable talent and a good cast of characters for most any type of production can be picked from among residents of the community, including residents of rural sections nearby who have been staging clever home talent shows for a number of years.

In turning to home talent shows as a contemplated source of revenue with which to meet the maintenance expense of its building, the Legion has voted to refrain from booking outside carnivals in the future and hopes to make this activity a source of equal revenue. The Legion show committee is composed of Leslie Niel, Harrison Gayer and Leo Boynton. Sub-committees will be announced later to have charge of ticket sales, program and other details.

FLIER HAS AN ACCIDENT

St. Louis—Endurance Flier Dale "Red" Jackson, holder of a barrel roll record, added another roll to his record but he did it with an automobile and he rolled into a lagoon in Forest Park. Jackson swerved to avoid colliding with another car coming at him head on, he said, and his coupe "winged over," landed on its top in the water, and almost submerged. A policeman found Dale standing on the drive unhurt.

"I don't know just how I got out of the car when it rolled over," the aviator said, "I guess I made a jump which won't be recognized as official by the caterpillar club."
