Kirk at Glenwood Friday

Charged With Assault With Intent to Commit Murder and Possession of Burglary Tools.

Byrl Kirk of Omaha and "Earl Reynolds" of somewhere are under indictment at Glenwood, Ia., on charges of assault with intent to commit murder and possession of burglary tools. It was disclosed Friday.

On the first count, conviction brings a 30-year sentence, and on the second count imprisonment up to 15 years and a fine up to \$1,000 may be imposed.

Kirk, whose "furlough" from the Nebraska penitentiary was a political sensation of a decade ago, and the youth who is hiding his real identity are in jail at Glenwood because they can't raise bail.

They were arrested July 4 near Malvern, Ia., after two men in a stolen auto had been detected by the town marshal at Silver City trying to break locks on a filling station pump, and after they had fired two shots at the marshal. The marshal captured the stolen auto and traced the pair's footprints out of town.

Kirk and Reynolds were indicted Tuesday and arraigned Wednesday before District Judge O. D. Wheeler. John P. Tinley, Jr., their attorney, entered pleas of not guilty for them.

HURLEY ON AN ISLAND TOUR

Luceña, P. I.—Secretary of War Hurley was welcomed here by a crowd of 20,000 as he began a one week tour of the central and southern Philippines to supply President Hoover with information concerning political, educational, social and economic conditions. The secretary was accompanied by Governor General Davis and by Manuel Roxas, president of the Philippine house of representatives, and Senator Sergio Roxas, advocates of Philippine independence.

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly; if it doesn't you should call a physician.

GOV. BRYAN MAPS SPEECH PLAN. Lincoln, Sept. 3.—Governor Bryan announced Thursday he has accepted a speaking engagement at Beemer Sept. 12. With Roy L. Cochran, state engineer, the executive will discuss the highway situation.

Mr. Bryan speaks at the Columbus viaduct dedication Sept. 16, at the Knox county fair at Bloomfield, Sept. 17, and at the Howard county fair in St. Paul, either Sept. 18 or 20.

The executive hopes to select one of three dates for an address at Plainview in celebration of the completion of a 3-mile paving unit on Highway No. 20, he said.

He is also considering an invitation to address the Izaak Walton league convention at Norfolk, and has been asked by the American Legion of Omaha to be its official welcoming to the United States Army band when it arrives there Sept. 12.

GOLD PILE STILL MOUNTING. Washington.—The United States lacked only 2 millions of having 5 billions in gold—almost half the world's total supply—at the close of business Sept. 2. The federal reserve board weekly statement issued Thursday night showed that the monetary gold stock amounted to \$4,998,000,000, an increase of 6 millions in a week and of \$498,000,000 in the last year. The world's entire supply of gold amounts to a little over 11 billions. The gold in this country set an all time record, topping new highs of recent weeks.

The board's report also showed that there was an increase last week of \$1,000,000 in money circulation with a total outside the treasury in this country of \$5,035,000,000. This was an increase of \$524,000,000 in a year.

STATE SAVES ON FOODSTUFFS. Lincoln, Sept. 2.—Substantially reduced food prices were reported Wednesday by the state board of control after completing the purchase of provisions for 17 state institutions for the latter part of the year.

Only three commodities will cost more during the coming months than at present. Sugar, formerly purchased at \$4.80 a 100 pounds, now costs \$4.92; codfish, formerly 92 cents a pound, is now 97 cents; cheese, which was in June for 11 cents, is now 14 cents.

Bran bought a year ago for 11.05 a 100 pounds is now 40 cents. In June, beans sold for \$3.81 a 100 pounds, and now are \$3.49; rice was \$3.46 and is now \$3.21; oatmeal was \$1.98, and is now \$1.79; bacon was \$14.95, and is now \$10.44; beef was \$7.81, and is now \$6.90; flour was \$1.30, and is now \$1.15.

DEBT PLAN IS DISCUSSED. Paris.—Premier Laval and Ambassador Edge conferred for a hour on administrative questions in connection with the Hoover war debt plan and on the recent Franco-American action in extending credit to Great Britain. It was authoritatively learned that the questions of prolonging the Hoover moratorium, debt reduction and disarmament were not touched upon.

Municipalities Pay Off Bonded Indebtedness

Scotts Bluff Leads by Retiring \$42,000 of Its County Debt—Sary Is Second

Bonds issued by cities, villages, school districts and other municipal subdivisions of the state of Nebraska in the amount of \$1,156,846.35 were approved and registered by Ralph C. Lawrence, bond examiner in the office of State Auditor Marsh, during August.

Of this total \$888,177.29 were refunding and renewal bonds issued to reduce the interest rate and take up the due in some instances, which does not increase the indebtedness, leaving a total of new bonds issued of \$268,669.06.

A total of \$286,615 in bonds were reported paid and cancelled in the auditor's office during August, which makes another month's progress in 1931 in which the indebtedness was paid than issued by Nebraska municipalities.

The city of Kearney paid \$15,000; Central City school district paid \$14,000; St. Paul school district \$10,000, and Gering school district \$10,000. O'Neill school district, by yearling bonds issued July 1, 1931.

Eagle school district by paying \$5,000 cleaned up an issue of refunding bonds dated Aug. 1, 1924. Wanneta paid the last \$500 of an issue of water bonds dated April 1, 1929. O'Neill school district, by yearling of \$1,000 cleaned up a building issue dated April 1, 1913, which leaves the district free from bonded debt.

BLISS LOSES 16 MORE BANKS. Lincoln, Sept. 2.—Final orders transferring bank receiverships from Clarence G. Bliss, former secretary of trade and commerce, to E. H. Lukert, present secretary, were signed at Sidney and at Alliance this week, F. C. Radke, chief counsel for the receivership division, said Wednesday.

Eight cases were ordered turned over at both Alliance and Sidney. While the orders are considered victories for Lukert and Bryan in their controversy with Bliss, in both instances Bliss win his demand for full salary payment up to the time of his discharge as receiver.

The orders also allowed fees to attorneys for Bliss as the receiver. This was another point in controversy. Other final orders will be asked within a few days.

TRIALS BROUGHT NEARER

New York—Swift indictment of three persons by a grand jury and the issuance of bench warrants for two others brought trial nearer Wednesday for a band of five accused of the kidnaping of Charles Rosenthal, young broker. Those indicted after Rosenthal and police officers had appeared before the grand jury, were Nicholas Rutigliano, alias Nicholas Green; Marcus Blumenthal, alias Jack Markham, and Betting Green, negroes, also known as Betty Stewart.

Bench warrants were issued by Judge Freschi in general sessions for Theodore Adinolfi and Albert Sileo, who are being held in Newark, N. J. Rosenthal was abducted Aug. 11 and released seventeen days later after his mother paid \$50,000.

Accidents in State Show Gain in Two Weeks

Auto Traffic Serves as One of the Chief Causes of Accidents in the State.

The accident record in Nebraska for the two weeks ending August 25th, show that in the state the auto as the means of accidents was the cause of any other. There were 125 accidents occurring with fifteen deaths and 302 injured in varying degrees of seriousness. The outstanding cause of the accidents by autos was collision, of which there were thirty-nine. While skidding accounted for thirty-five, reckless driving nineteen; lost control, eighteen; seventeen struck pedestrians, no light, blinding lights, passing signs, speed and intoxication served to account for twenty-eight of the accidents. The truck accidents numbered thirty-seven, of which eleven were by collision, four by being struck in passing, six by striking pedestrians and five by reckless driving.

The total of all classes of accidents in the state was 562 and in which 615 were injured and twenty-nine killed. Of the injured twelve were permanent.

Baseball was responsible for 11 of the 18 sport accidents. Carelessness in the use of firearms caused 7 injuries and 1 death. The 55 other public accidents were as follows:

Falls, 18; horseback riding, 17; struck by lightning, 1; rattler bite, 1; runaway, 2; others, 16.

Runaways were responsible for 11 injuries in the farm accident class while nine persons were injured by kicks from horses or cows. Falls were responsible for seven injuries on farms, 12 in industry and 56 in home accidents, two of which caused disabilities. Farm machinery injured 19, disabled two and killed one. Power machinery and an explosion were each credited with a death in the industrial classification and falling objects caused one death in the home. As a total 78 persons were injured, five disabled and two killed in farm accidents; 40 injured, one disabled and five killed in industrial accidents and 108 injured, two disabled and two killed in accidents in the home.

The number and nature of the auto accidents occurring in the two week period in Nebraska points the need of more stringent regulation of the drivers of cars and for an adequate highway patrol system that can cover the main highways of the state and serve to check in some manner the dangers that are produced by the careless and reckless driver of autos.

Service Contract is Called Insurance

Association Is Told It Must Quit or Comply With Laws—Widhelm Is Dismissed.

National Automobile association, Omaha, was cited Thursday by Insurance Commissioner Herdman as having been unlawfully engaged in the insurance business, although purporting to write an auto "service contract."

The order was given Thursday noon, after the company failed to appear at a continued hearing called for 10 o'clock. Two postponements had already been granted. Meanwhile, Commissioner Herdman learned the association was preparing to quit the state. Representatives of the company have asked Herdman for permission to render service under contracts already written. This is under advisement.

If the association wishes to return and continue business, Herdman said, it must first comply with the insurance laws and receive the approval of the department.

The association was called on the carpet in August after several complaints, coming largely from other auto associations, had been received. Herdman said the purported service contract was in reality an insurance contract.

Another order issued Thursday by the commissioner dismisses the charges of "twisting and misrepresentation" in the sale of He pollen-tions against J. G. Widhelm of Fremont, agent for the New York Life. Evidence was insufficient to prove that Widhelm had influenced people to purchase policies to buy those he sold.

State Has Millions Laid Up to Build Roads

Treasurer Bass Has No Statement on His Offer to Pay Service Charge.

State Treasurer Bass issued his monthly financial statement Thursday but made no statement concerning an agreement with banks for a service charge upon a total of \$6,173,827 of state funds in depository banks. He is reported to be standing on his offer of one half of one percent with Lincoln and Omaha banks asking for the full maximum charge of 1 percent with the treasurer authorized to pay if he sees fit. On a basis of the 1 percent charge the state would pay annually \$61,738 service charge.

The total cash on hand in the state treasury is made up of \$6,173,827.20 due from banks, \$317,479.20 in government treasury warrants on hand and cash items of \$2,375,855 cash items on hand.

The total last month was \$6,555,896.74, or a decrease of only \$381,668 during the month.

The gasoline tax fund, together with federal aid road funds and the motor vehicle fund, the latter being available for road maintenance and administration costs, now total \$2,520,111.79, being made up of \$1,732,078.45 of gasoline tax money, \$439,793.15 federal aid road funds and \$348,239.81 motor vehicle registration fees, of which the state receives 30 percent for road maintenance and 2 1/2 percent for administration and automobile plates.

The combined road funds on hand are available for payment on existing road contracts and for future construction and maintenance of highways.

Gasoline receipts for the month totaled \$961,186.75 and the disbursements \$918,652.24. Treasurer Bass said gasoline tax receipts for August year totaled \$960,243.45. One month ago the total was \$873,095.99. He said the gasoline tax receipts for the first eight months this year exceeded by \$233,194.50 the collections for the same months last year.

The federal aid receipts for the road fund during the month amounted to \$1,431,715.88 and the state disbursed \$1,284,953.18 of that amount.

Receipts of the month for all funds including current and permanent contracts and for future construction and maintenance of highways, totaled \$918,652.24. Treasurer Bass said the disbursements for August year totaled \$918,652.24, leaving a balance of \$2,375,855.16.

The general fund balance, from which most current expenses of the state are paid, was \$1,929,312.44 at the close of the month as compared with \$2,091,746.92 in the preceding month. The general fund receipts were \$218,427.40 and disbursements \$490,864.58, or \$272,437.18 in excess of receipts.

Receipts of the capitol fund for the month from taxes total \$13,328, and there was disbursed \$3,804, leaving a balance of \$464,902.

The balance in the treasury is classified by funds as follows: Current revenue funds, \$5,798,151.10; current trust funds, \$477,882.12; permanent trust funds, \$218,694.73. Trust funds invested in bonds, including nearly \$2,000,000 for soldier relief and \$10,850,652 permanent school funds, now total \$13,827,777.22.

NORMAN THOMAS IN JAIL. Paterson, N. J.—Norman Thomas, socialist candidate for president of the United States in 1928, spent two hours in jail Thursday while he and forty-five others awaited arraignment on a charge of unlawful assembly. Thomas encountered the legal obstacles when he attempted to champion, by picketing, the cause of 6,000 silk workers now in the sixth week of a protracted strike. He said he thrust himself into the silk workers' fight at the request of the American Federation of Labor. He and his forty-five companions were freed late Thursday in \$15 bail each.

Thomas appearance with a group of pickets at the hand mills was to test a ruling by Judge Freeman of the First criminal district court forbidding strikers from assembling in front of a mill not affected by the strike.

"Judge Freeman's 'judge-made' law is a new quirk in labor law and if it is permitted to stand it will nullify all of the gains labor has made in the past thru litigation and legislation," Thomas said. Thomas said he intended to carry the case to the highest tribunal, if necessary.

WANT MARRIED WOMEN DROPPED FROM ROLLS. San Francisco.—A resolution asking the United States civil service commission to drop all married women from the rolls to give unemployed men postoffice department jobs was adopted with acclaim by postal supervisors in national convention here. A clause to allow women to reorganize in case of adversity or misfortune was inserted.

FIND MISSING WITNESS SHOT DEAD IN DITCH. Chicago, Sept. 3.—The body of Leonard Ingstrom, 27, who was kidnaped Aug. 19 by three men in an automobile, was found Wednesday in a ditch near Hinsdale, Ill., with his hands tied behind his back. Apparently he had been shot.

Ingstrom was the only prospective witness at a pending hearing of Miss Catherine Riccardi, accused of attacking her landlady, Mrs. Lena Rogers, in an attempt to rob her.

CANNON EXPLAINS STAND

London—Bishop Cannon Wednesday reiterated a statement he made last Sunday in which he had never opposed a grand jury investigation into his 1928 campaign transactions. He, the department of justice decided the law and the facts warranted such a procedure. Bishop Cannon's statement referred to a dispatch from Washington which said the United States district attorney had called for the records of the Nye investigating committee.

It emphasize again the statement I made on Aug. 29 that I have never opposed a grand jury investigation if the department of justice decides the law and the facts warrant such a procedure. I insist I have not violated the federal corrupt practices act," he said.

Richardson County Paving is Assured

Governor Bryan Says 1932 Will See Start on Concrete Project to Be Determined.

Richardson county, the home of two former governors, marched upon the capitol at Lincoln Thursday afternoon to present a petition for action of about seventy-five businessmen of Falls City, Humboldt, Rulo, Verdon and several farmers, all asking that a highway paving program be started next year in the county.

The governor told the petitioners he believed they could be assured of some paving next year.

John Mullen of Falls City stated the desire of the delegation to have paving started and called upon other citizens to give their views. Those who responded complimented the governor on getting gravel for a five mile stretch of road out of Rulo to a cemetery, for this year. When pressed for an explanation as to where they desired the pavement located, the spokesman said they were willing to leave the location to state and federal officials, but that it was their desire, according to John Hutchings, chairman of the county board, to have paving extended from the present pavement at the corner to Falls City and south toward the Kansas line, or just as much as is possible. They also desired five more miles of gravel to complete the gap between Rulo and Falls City.

The paving is desired on highway 73. Not much gravel was expressed for paving from Dawson south to Kansas.

E. L. Bowers, farmer and cattle feeder, stressed the statement that gravel in Richardson county disappears in wet weather and as trucking is heavy it will not stand. He said no commercial travel would go over the Dawson road to or from Kansas, but that heavy trucking is carried by highway 73 and it should be paved, or at least made better.

As to why the county had no paving R. E. Watzke, merchant of Humboldt, said the county had never before united on a demand.

H. A. Pence of Falls City said if former Governor Weaver had not lived in the county it might have had paving. He meant, he said, that Weaver, as suggested by Governor Bryan, did not care to be partial to his own county by
