Bellevue Merchant Charged as a 'Fence'

Said to Have Received Merchandise Stolen From Seward County Stores

Charges of receiving stolen property were to be filed Thursday against A. Koufjaid in whose store at Bellevue was found a quantity of merchandise identified by Leftoy Garrow as having been stolen by him and others from stores in Seward county recently.

Koufjaid, according to Garrow, had been acting as "fence" for the robbery gang, buying the merchandise they got in burglaries and selling it in his own store.

Garrow was taken to Omaha Wednesday by Sheriff Grolier of Seward and Deputy State Sheriff Hillfish.

Among the stolen articles found in Koufjaid's store were 29 pairs of shoes, 48 shirts, 12 pairs of overalls, 13 cartons of cigars, 12 pounds of chewing tobacco, 8 cans of coffee and 15 cans of smoking tobacco.

Officers intend to look further for stolen merchandise, believing that Koufjaid has a warehouse nearby, Endres said.

Omaha—Andrew Koufjaid, Bellevue grocer, alleged "fence" for the Garrow-Wheeler burglary gang, was arrested and taken to Seward by state officers.

Leroy Garrow and Mr. and Mrs. Virgil Wheeler, arrested at Pleasant Dale after they had looted a store, said most of the goods they had taken in other burglaries had been turned over to Koufjaid for disposition. He is to be charged with receiving stolen goods.

FARM BOARD CHALLENGED

Oklahoma City—Governor Murray challenged the federal farm board to disclose where its state headquarters are stored, explaining he had received reports the grain has been loaned to milling companies. The Oklahoma wheat growers had expressed the opinion the farm board wheat is not in storage but has been loaned to milling companies throughout the nation.

"If this be true it would sustain my belief that the farm board was really created to prevent high prices of agricultural products," Murray said. "I challenge the federal farm board to show fully, truthfully, actually, just where this wheat is stored."

FORMER KAISER'S SON FORBIDDEN TO SPEAK

Kiel, Germany—Prince August Wilhelm, fourth son of the former Kaiser, was forbidden by police to speak at a national socialist meeting which was to have been held Wednesday night. Police said they feared his appearance might cause disturbances.

ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and nervousness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods once you learn how quickly this method acts. Please let it show you—now.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor, Charles H. Phillips since 1875.

FARM BOARD IS ATTACKED

Spokane, Wash.—Directors of North Pacific Grain Growers, Inc., regional wheat co-operative attacked the federal farm board for alleged failure to provide loans for storage facilities, and for failure to pay losses sustained by the co-operative in protecting margins on wheat loans to growers. A. E. Glees, Pullman, Wash., asked why loan applications made by the Pullman local fourteen months ago had not been approved.

A. C. Adams, treasurer, said North Pacific has advanced nearly \$110,000 on such loan applications to assist locals in acquiring their own storage houses, pending approval by the farm board.

"However, we have gone as far as we are able in view of the present distribution of our funds," said Adams, adding he had "no idea" when the farm board would make the loan available.

Wheat Acreage Drop is Seen Around Sidney

Inquiry Reveals Plan to Cut Wheat Acreage Fifteen Per Cent from Last Year.

Sidney, Neb., Sept. 11.—Western Nebraska will see a market change in agriculture during the next year, in the opinion of farm observers in this section of the state. Following one of the most disastrous years since the transformation of the Pan-Handle from a cattle country to a grain producing area, the farmers are known to be contemplating a large reduction in wheat acreage, and cuts also in corn, barley and oats.

Inquiries during the last two weeks revealed as almost certain a 15 per cent cut in wheat acreage in the Pan-Handle region. Nineteen western Nebraska counties announced a reduction of 12 per cent this year and if the proposed cut is carried through wheat plantings will be reduced more than 25 per cent in two years.

Farmers see little hope for a substantial improvement in grain market prices. More than a hundred growers have been interviewed during the last several weeks and many were in favor of allowing the law of supply and demand a chance to correct the market situation, and in favor of abolishing the federal farm board.

Since the world war, wheat has been a principal farm product in western Nebraska and the loss of revenue from this crop has left the growers facing a serious problem.

A steady move toward hog raising is reported. Many farmers have weathered the period of depression so far by raising hogs, but they complain of the price of hogs.

The poor return from crops has forced many farmers to fall behind on payment of their obligations. Many are taking jobs in nearby towns to aid them in paying expenses during the winter.—World-Herald.

Select New Teacher for High School

Miss Florence L. Miller of Fremont to Head Department of English and Dramatics.

The board of education have selected Miss Florence L. Miller, of Fremont as head of the department of English and Dramatic art in the senior high school, to succeed Miss Mary Jane Tidball, who resigned last prior to the opening of the school.

Miss Miller is a former teacher at the Fremont high school, heading the English department of that school for two and a half years and comes very highly recommended to the local schools. She is a graduate of the University of Nebraska and in addition to her teaching experience has also spent some time abroad in study and travel.

The new teacher is a step-daughter of the late Ross E. Hakamood, noted Nebraska editor and political leader, for many years one of the outstanding leaders of Fremont and Nebraska.

Miss Miller will enter at once on her work, the department being cared for temporarily by Miss Tidball pending the selection of her successor.

BAND IS KEPT BUSY

One of the most active organizations in the county in the past several months has been the Nehawka American Legion band, and the young people of south of this city and in and near Nehawka. The band has been under the direction of Jimmy Smrh as the instructor and has scored a great success where it has appeared. The band has been generous in its services to the towns of the county and have appeared in practically all of the towns in the east and central parts of the county, their white and red uniforms having become a familiar sight all over this section. The band was heard in a concert last Sunday at the American Legion picnic and was to be on the program of the county fair at Weeping Water the coming week. The band played Thursday at the state fair at Lincoln in a contest and on September 22nd it is to play at the county fair at Nehawka. A part of the festival and celebration that is being staged there. The young people deserve much praise for their fine work and the consistent manner in which they have kept at their practice and developed into the fine organization that they are. The band not only has many talented band musicians but also talented vocalists and among whom Tommy Troop of Nehawka has been an outstanding figure and heard in many of the fine concerts.

WOMAN IS PREVENTED FROM JUMP TO RIVER

Omaha—Alto, who booked her as "Mary Dee No. 1," Omaha police believe, she must be related to Steve Brodie.

Mary twice was thwarted in her effort to jump of the Douglas street bridge into the Missouri river.

Police experts estimated it will be ten hours before Mary sobers up sufficiently to sob out her story on the motherly bosom of Matron Gibbons.

PLACES WREATHS

Paris—Henry A. Swanson, commander of Post 6, Disabled American Veterans, Janesville, Wis., placed three wreaths on the tomb of the unknown soldier.

Miss Anna Rauth, who is librarian at Creighton college, was a visitor at home Sunday and Monday, as Monday was labor day and the library closed. Mr. J. C. Rauth took the daughter back to her work Monday evening to be ready for work on the following day.

Mrs. Anton Auerwald and the family were well pleased with the visit which was made by her aunt, Mrs. A. Ues, and also of a daughter of Mrs. Auerwald, Mrs. Helen Korb, both of Omaha, who spent Monday and Tuesday at the Auerwald home and also attended the state fair.

A prowler who has been tramping the streets and alleys of Manley at night has been causing some concern of late. A few doses of buck shot from a shotgun is in store for him if he is caught.

With the advance of civilization, or anyway, the coming of larger trucks, it has also become necessary for the Farmers Elevator at Manley to install a larger scale for the weighing of loads which are hauled to the elevators and which are constantly getting larger. They have just arranged for a new twenty ton scale for use at the elevator.

Larger Scales Required

Enjoyed Two Gatherings

The ladies of Manley, who are very sociable and delight in making others happy, one day last week entertained two of their number whose birthdays chanced to come wandering along, they being Mrs. John Gruber and Mrs. A. Steinkamp. There were there for the occasion and to make the event more enjoyable, the guests of honor, Mesdames Steinkamp and Gruber, Miss Carrie Schaffer, Mesdames Andy Schliefer, G. L. Meisinger, Fred Faltschman, Fred Stehman, Grover C. Rhoden, Charles Griffin, Anton Auerwald and Fred Reuter. A most enjoyable time was had by all. The same number of ladies, with the addition of a few others, also gave Mrs. Rose Kelly a farewell reception when she was moving to Plattsmouth to make her home there. Those on this occasion being her daughter, Mrs. George Stoll, of Plattsmouth and Misses Maggie and Katie Wolpert, of Manley. They had lived here with their departing friend and it was with sorrow that they were parting with her.

HOOPER ASKED TO ASSIST

Tokyo—Hugh Herndon and Clyde Pangborn, American aviators, sent a cablegram to President Hoover Wednesday requesting him to aid them in obtaining a permit from Japanese authorities to start a non-stop flight from Japan to America. The fliers appeal to the president after all other interests working in their behalf failed. Herndon and Pangborn were snafed recently for having photographed Japanese fortifications while they were in the world for their attempt to start their flight around the world. To start their flight for America, the Americans planned to fly 376 miles northward to Kamushiro beach to use as their runway.

Viaduct Near Nebraska City Ready Oct. 15th

Farm Board to Ask for No More Funds

Last Stretch in the Paving From Union to Nebraska City Will Be Ready in Few Weeks.

Stone Considers Walla Walla Plan to Sell Wheat—Also Discusses Cotton Crisis.

The new overhead crossing on highway No. 75 at what is known as the Mullis corner north of Nebraska City, will be ready for service by October 15th, the announcement from the offices of the state department of public works state.

The work of building the abutments for the Mullis overhead pass are starting within a short time and the material for the work is already on the ground and work being arranged to start.

The crossing at the Mullis corner will make complete the stretch of the paving from north of La Platte to Nebraska City, a wonderful fine piece of paving, with the completion of the Fort Crook overhead crossing over the Burlington and Missouri Pacific railroad tracks the paving will be completed into Omaha, save for the small stretch of gravel north of this city to the Platte river bridge.

It is expected that the Fort Crook crossing will be ready for opening by December 1st, according to the statements from the state highway department, the work has been delayed to some extent by the fact that foundation for the piers has been difficult to secure in the marshy soil along the Papulo bottom land.

Paving is now open from here south to a point five miles south of Auburn with the exception of a mile and a half across the Nemaha bottoms north of Auburn where some drainage work has yet to be done.

It is the general expectation that the paving work on No. 75 from here to the Kansas line will be completed in the 1932 road program of the state and make one of the best highway systems in the west.

What Plan Provides

The plan provides that the farm board sell its surplus wheat to the wheat farmer, the price to be based on the terminal market.

The amount to be sold each farmer, Summers said, would be equal the acreage which the farmer agrees to withdraw from seeding in 1932, multiplied by the average wheat yield per acre in the locality where the land so withdrawn is located.

The farm board, under the plan, would carry the purchaser's obligations at the same rate of interest which China and Germany are being asked to pay for the wheat sold to them.

Summers said that in his opinion the plan would "definitely lift 250 million bushels of wheat now controlled by the farm boards off the market for one year and about favorably affect the market immediately.

Discuss Cotton Crisis

Cotton also looked to the White House for assistance today. From the executive mansion came word that President Hoover is conferring with bankers and cotton men on the possibility of arranging banking credits for exports of the staple.

He has talked with W. L. Clayton, Texas cotton man; Eugene Meyer, governor of the federal reserve board, and George R. James, a reserve board member, on the theme of their conference has become known.—World-Herald.
