

### Alvo News

The W. C. T. U. meeting was held at the home of Emma Jordan on last Tuesday.

Frank Cook and George Bornemeier motored to Lincoln on last Tuesday afternoon.

Mr. and Mrs. Stout and Mr. and Mrs. Elmer Klyver were Lincoln visitors on Wednesday afternoon.

Archie Miller and his class of Sunday school boys enjoyed a wienie roast last week at South Bend.

George Foreman, who has been working at DeWitt, on gravel work, was in Alvo on Monday afternoon.

Rev. Jockson is attending conference this week and Mrs. Jockson is visiting her parents at Newton, Ia.

On Oct. 2, several of Alvo congregations are hoping to attend the Sunday school convention at the Calahan church.

R. M. Costman was over to Omaha on Tuesday of last week with a load of hogs for the farmers of the vicinity of Alvo.

Mrs. Sam Hardnock enjoyed her birthday on Sunday. Several of relatives helped her celebrate it by enjoying a big dinner together at noon.

Floyd Hite of Murdock, and working with the Nebraska Power company, was in Alvo on last Wednesday and was doing some wiring in the new barber shop.

Soren Peterson and the family were attending the county fair on last Friday, driving over and enjoying the seeing the fair and as well the meeting of his many old time friends as well.

Irene Plymale, who underwent an operation for appendicitis last week is doing very well and on Sunday, her parents motored to Nebraska City to see her and were glad to find her getting along fine.

On October 9th, the M. E. Sunday school at Alvo, will observe their Rally Day. Each class are preparing some stunt and it will take place in the basement of the church on Friday evening, Oct. 9th. All come.

Stirling Costman, who has been engaged in the garage business in Lincoln for some time past, has disposed of his interest in the business there and last week removed to Alvo for the present and will look for some other line of business.

Joe Romulus was a visitor in Eagle on last Wednesday where he was called to look after some business. He had purchased a radio from a dealer over there and held a guarantee that any defect in the workmanship would cheerfully be made good.

The daughter of Mr. and Mrs. Wm. Heller was taken to a hospital last week for special examination. She has been suffering from nephritis and has returned home and doing as well as can be expected, but we are hoping she will be relieved of her condition soon.

Harry Weychel, who is one of the very best plumbers has been doing the plumbing for the new barber shop which Carl Rosenow is having fitted up for his use. He will have water pressure and which will be a most decided convenience in the barber shop. Connection is being made with their pressure tank with a cistern which insures soft water and a pipe is being run from a cistern to the shop. Joe Armstrong and Elmer Rosenow were busy digging the trench for the pipe on last Wednesday.

Enjoyed Reunion Last Sunday. There were gathered at the home of Mr. and Mrs. Joseph Armstrong the members of the family, who celebrated the evening by a very merry time and also were served by a most delightful dinner by Mrs. Armstrong. There were there for the occasion Glen Armstrong and family of Ashland, Roy Armstrong and family of Wahoo, and E. L. Barrett and family of Havelock.

Receives Bad Cut In Head. While working at a new crib which he is building on the farm, S. C. Hardnock had the misfortune to have a piece of timber which he was using, fall, striking him on the head with such force that he was knocked down and a very severe wound made in his scalp, which was treated with disinfectants and while the wound is painful, Sam was in after a load of lumber the following day and is getting along very nicely.

Having House Repaired. Simon Rehmeier, who owns the building north of the Rock Island station, was having the building changed as to location, though very slight and having some new supports placed under the building. R. M. Costman, John B. Skinner and Stirling Costman were making the changes.

Mothers and Daughters. The Mothers and Daughters Council met at the home of Mrs. Ted McCartney Thursday afternoon. Fourteen members answered roll call. After the business meeting, Mrs. Christensen's group had charge of the entertainment. The hostess served dainty refreshments.—Reporter.

Finds Many Friends. When L. D. Mullen and the family were visiting recently in southern Kansas and also in Oklahoma, they met many of the old time friends of Alvo of former years. Among whom was a brother of Mr. Mullen, John Mullen of Morehead, Kansas. There he met also Jess Stone and well his father who is now well advanced in years and who is retired from active work. Jess however, is

farming and had some very nice crops of small grain and also of corn. However while on his trip, Mr. Mullen reported that there was very little good corn when you got far enough south, for it was generally burned out.

Trains Off Yesterday. The Rock Island railway have been operating at a loss many of their trains and while they had an application to take a number of them off, and at which time also the commission heard protests, it was decided that they be allowed to discontinue the service. Trains Nos. 37 and 38 were discontinued. With the removal of these two trains, the other trains Nos. 5 and 6 will be made local trains and will stop for passengers and will also carry the mails.

Former Eagle Bank Officers Sued at Lincoln. Special Trustee for Depositors Seeks to Recover Sum of \$26,863.54 From Group.

Suit for \$26,863.54 against Homer K. Frantz, Albert E. Ackerman, Henry Snoko, George Trunkenbolz, and Richard C. Wenzel, former officers and directors of the failed Bank of Eagle, was filed in district court at Lincoln Wednesday by Raymond H. Walker, special trustee for depositors of the failed bank.

It is alleged that the defendants while officers of the bank made a number of loans in excess of the maximum amount the bank was allowed to loan to any one individual, which was \$5,000. It is also alleged that other loans, not in excess, were with insufficient security and should not have been made.

Charge is made that the bank prior to April 7, 1932, loaned to August L. Franke and Alex F. Franke, on notes \$18,799.92 of which amount George A. Wilson was liable for \$2,600, and that later August and Alex Francke were loaned \$3,716. It is stated that the Franckes filed a petition in bankruptcy and their assets are insufficient to pay the notes. Among other loans set out upon which the plaintiff attempts to collect for depositors and unsecured creditors is \$4,245.48 and interest of \$1,518.32 to George L. Althouse.

A loan made to Charley Jacobsen in 1924, for which \$3,838 and interest of \$1,259 is asked is listed. A mortgage subject to one given the Farmers Mutual Insurance company for \$7,000, carrying interest and taxes, secured this note. It is claimed that the security was insufficient. Another loan is to Albert Wulf and Bertha Wulf in which the plaintiff seeks to recover \$891.20 and interest of \$154.

The bank went into the hands of the department of trade and commerce on Oct. 31, 1929 and was reorganized, recapitalized and reorganized with a new set of stockholders and officers on Feb. 8, 1930. The stockholders of the old bank received 75 percent of the assets by turning over an equal amount of deposits and the depositors committee brings action thru the trustee. It is claimed that for a long time the fact that excess loans had been made was not known to the committee. Attorney Sterling Mutz filed the suit.

FINISH TESTING IN CRAWFORD. Denison, Ia., Sept. 25.—Work of testing cattle to eliminate tuberculosis from the herds of Crawford county has been practically completed under the direction of Dr. W. D. Gilchrist.

The farmers of Crawford county cooperated with him, reducing the cost per head in Crawford county 2 cents under the average for the entire state.

A total of 51,926 cattle in 2,598 herds was tested. There were 770 reactors removed from the county. All the infected herds have been retested, so at the present the percentage of infection in the county is less than 1 per cent.

All clean herds will not be required to be retested for approximately three years.

### E. P. Bracken Named Executive Vice President

Selected as Successor to Conrad E. Spens of the Burlington—Former Nebraska Railroader.

Election of Edward P. Bracken, who began his railroad career almost a half century ago in Nebraska, as executive vice-president of the Chicago, Burlington & Quincy, and Colorado & Southern railroads, and their subsidiaries, was announced Thursday at a meeting of the board of directors in New York. He succeeds the late Conrad E. Spens.

Since 1910, when Mr. Bracken was appointed assistant general manager of lines east at Chicago, his rise has been rapid. In 1912, he was named general manager of lines east, in 1917 he became vice-president in charge of operation; and in 1918 he resumed his position again as general manager.

He was federal manager of the Burlington lines east during their operation by the government in 1919 and 1920. He became vice-president in charge of operation of the entire Burlington system March 1, 1920. This position he continued to hold until his promotion yesterday.

Mr. Bracken's succession to the position held by the late Mr. Spens is a story of determination and ability of a man who began his career in Nebraska in August, 1887, as an extra gang foreman, laying rail on the Omaha division of the main line. He has always since been in the employ of the Burlington.

In 1888, he was appointed roadmaster at Tecumseh, Neb., and in 1903 he went to Table Rock, Neb., as train and roadmaster. Two years later, he was assistant superintendent at Lincoln, Neb., and in 1906 he was promoted to his first superintendent at Sterling, Colo.

From Sterling, he went to Sheridan, Wyo., as superintendent in 1908. Then he was successively superintendent of the Brookfield, and Galesburg, Ill., division of lines east; general superintendent of lines west at Alliance, and then assistant general manager of lines east.

TO DEDICATE NEW SCHOOL. The Cedar Creek school building, erected the past summer, is now in use by the school, the sessions opening on September 14th and the building is filling a long felt want for a modern and adequate structure to house the school work of the district.

The school board is planning on having the formal dedication of the new building on Thursday, October 1st at 8 o'clock when the building will be formally accepted by the board and turned over to the purpose of a place of learning for the young people of the community. The program has not been fully arranged but will be one that will be most fitting to the occasion.

The school board is very grateful to L. W. Schneider and John Gauer, the building committee, who have been on the job and looked after the very best returns in the erection of the new building. The cost of the building was \$6,530, but in the necessary additions to make the building modern in all ways the sum of \$167.50 additional was spent, making the total cost of the structure \$6,697.50, and the board feel that they have a real building for the money.

The members of the board that have charge of the school affairs of district No. 31, are R. M. Stivers, director; H. A. Larson, treasurer; R. H. Meisinger, moderator; and the building committee, L. W. Schneider and John Gauer.

LIGHTNING STRIKES BARN BURNED SAME TO GROUND. On last Friday afternoon during the storm the lightning was very severe and the barn on the Jim Slander place southeast of town which is farmed by Jacob Mueller, was struck by lightning and the same burned to the ground, together with the most of the contents consisting of grain, hay and implements. Mike Shreve happened along about the time that the barn was on fire and notified Mr. Mueller. It was soon burning rapidly. There were three horses in the barn at the time and the men present went in, untied them and released the animals and also some calves that were in the barn. An alarm was sent to town notifying the fire department, but it was raining torrents at the time and it was impossible for any of the firemen to get to the fire.—Elmwood Leader-Echo.

PROTEST TRAIN CHANGE. From Thursday's Daily.—This morning a delegation comprising President H. A. Schneider, Vice-President Searl S. Davis, Secretary E. H. Wescott, of the Plattsmouth Chamber of Commerce, with Mayor John P. Sattler, were at Lincoln when they appeared before the state railway commission to protest the proposed taking off of No. 2 afternoon east bound Burlington train. The community feels that the change would work a very distinct injury in the mail service to the community, that the change is made only to transfer the train from this side of the river to the Council Bluffs-Pacific Junction line and that it is now a move that will aid the railroad greatly and causes much inconvenience here.

When and where did you ever buy 500 sheets of typewriter paper for 85c? This is the price of a good paper, we have a cheaper one still, 500 sheets for 50c of you want it. Bates Book and Stationery Store.

### HOLD FINE MEETING

From Saturday's Daily.—Last evening the Pleasant Ridge Community club, composed of the residents of the territory west of this city, met at the Becker school house for the regular meeting of the club.

The meeting was presided over by Mrs. Chris Zimmerman, president of the club who was in charge of the program of the evening, the attractions being a number of the young entertainers from this city.

Billy and Jean Knorr, who have often delighted the audiences in this part of the county, were heard in popular songs and in which they scored a distinct success in their presentation.

John Kenneth Bestor, whose grandfather, Harmon Bestor, had been one of the early settlers of the Pleasant Ridge locality, was heard in musical readings given in the delightful manner of this young artist. Mrs. J. A. Capwell, teacher of the young man, was the accompanist.

Miss Janet Westover was also presented in a group of readings in her always pleasing manner as a part of the evening program.

James Comstock, one of the outstanding musicians of the local high school, was heard in two very fine trumpet solos, the offerings reflecting the greatest credit on this talented young artist.

At the close of the evening a very fine luncheon was served by the ladies of the community club and which added to the delights of the event.

A number from this city were present at the meeting to join with their neighbors in the fine time that had been prepared for them.

### When PAIN Comes

WHAT many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sour. The corrective is an alkali, which quickly neutralizes acids. And the best alkali known to medical science is Phillips Milk of Magnesia.

One spoonful of this harmless, tasteless alkali neutralizes instantly many times as much harmful acid, and then the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Get the genuine Phillips Milk of Magnesia, the kind physicians have prescribed for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

### LOAN EXTENSION SOUGHT

St. Louis—Resolutions urging extension of federal drouth relief loans for one year, and the application of the principle of the federal farm board land act to the financing of homes in cities and towns were adopted late Friday at the second midwestern unemployment relief conference of Governor Murray of Oklahoma.

With delegates from some nineteen Mississippi valley states at the conference, called with the hope of getting a definite plan of co-operation among the middlewestern states, the meeting lasted only Friday and adjourned with adoption of the resolutions. The picturesque Oklahoma executive said "We have fixed up our relief problem in Oklahoma for the winter, but unless the rest of the states work with us, outsiders will flock into Oklahoma and we would have to maintain a relief station for the entire southwest."

Another of the resolutions adopted urges the secretary of labor require all employes of labor to give the number of employees who are citizens of the United States, and the number of non citizens, "with a view of proposing congressional action."

Three congressmen who spoke Friday suggested that money for the relief of unemployment be obtained thru heavy increases in the income taxes upon individuals with large incomes. Congressman Shannon of Kansas City, discussed the increase of multimillionaires in the United States and the number of returns made to the internal revenue department showing incomes in excess of \$1,000,000 and \$5,000,000, respectively.

### FIRST EXECUTIVE OF FALLS CITY WEAKER

Falls City—Edwin S. Towle, eighty-eight, who has been ill at his home here for some time, Wednesday night was reported as growing weaker. He was speaker of the Nebraska house of representatives in 1875 and first mayor of Falls City after its incorporation as a city of the second class. Mr. Towle was ill with a cold which developed into pneumonia. Attending physicians Wednesday night were administering oxygen.

### RELIEF

from Headaches, Colds and Sore Throat, Neuritis, Neuralgia

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Bayer Aspirin tablets cannot relieve; and they are a great comfort to women who suffer periodically. They are always to be relied upon for breaking up colds.

It may be only a simple headache, or it may be neuralgia or neuritis, Rheumatism, Lumbago, Bayer Aspirin is still the sensible thing to take. Just be certain it's Bayer you're taking; it does not hurt the heart. Get the genuine tablets, in this familiar package.
