Right of Gov. Long, of Louisiana, is Challenged. Lieutenant Governor Cyr Declares Himself Governor and Takes Oath of Office.

Baton Rouge, La., Oct. 13.—With highway policemen guarding the capitol and the governor's mansion an state troops assembled in the background, Huey P. Long and Paul N. Cyr, governor and lieutenant governor, respectively, were in dispute Tuesday night over who is governor of Louisiana.

On the claim that Long vacated the governor's office when he certified his election to the United States senate last November, Cyr Tuesday at Shreveport took the oath as governor and publicly announced he was governor.

Apprised of Cyr's action, Long said he would not take the governor's oath he automatically ceased to be lieutenant governor or a state officer.

Meanwhile 67 men of the Baton Rouge national guard began to assemble on the community club grounds and at state capitol policemen took up positions at the entrances to the state capitol and the governor's mansion.

Capt. W. J. B. Hawthorne said mobilization orders "came from New Orleans" with no reason assigned.

Mr. Cyr telegraphed the state adjutant general as "governor and commander in chief of the Louisiana national guard" ordering him to disband the company and let the courts decide the dispute.

As night fell the troops still were assembled and resting on their arms to await Governor Long's orders.

Cyr said he did not know when he would leave Shreveport and refused to discuss his plans other than to say he might file an ouster suit against Long later.

As he left New Orleans, Long said: "That threaten Cyr to take office now and Senator Alvin King becomes lieutenant governor. Except for the fact that the state of Louisiana is rid of Paul Cyr, the matter would not be serious enough to be funny."

Cyr said: "I want Huey Long to get out of office as soon as possible so I can go in and straighten up this state and put an end to this debauchery."

A bitter political and personal feud has existed between Long and Cyr since the spring of 1928, when Long expelled Cyr by the senate after the house had voted impeachment charges which were left suspended as a group of senators asserted the proceedings were unconstitutional and that they would vote to acquit the

Democrats Set Million and Half as 'Victory Fund'

Five Hundred Leaders of Party Mobilized Under John W. Davis—Appeal to All

Washington, D. C., Oct. 13.—To pay old bills and get the party started on next year's battle for the presidency, democratic headquarters today announced plans for raising a "victory fund" of \$1,500,000.

A committee of more than five hundred state and national party leaders has been mobilized. John W. Davis, the 1924 presidential nominee, is the chairman. John H. Fahey, Worcester, Mass., is executive chairman, and James W. Gerard, former ambassador to Germany, is treasurer.

Joett Shouse, chairman of the party's national executive committee, said today that 400 thousand dollars is needed to wipe out the 1928 deficit, 600 thousand dollars to keep things going until the next convention and 500 thousand for a flying start on the actual campaign.

Owes Raskob \$325,000. Subscription of the \$1,500,000 fund was authorized by the democratic national committee at its session here last March. The party now owes Chairman John J. Raskob a total of 325 thousand dollars.

Mr. Davis in a statement issued through Mr. Shouse today said: "The victory fund is about to be instituted at a time when the political position of the party is almost impregnable. Its prospects of victory were never brighter."

"Not in generations has there been greater need or greater likelihood of democratic victory, but as great as is the need and the opportunity we cannot expect a mere victory by default. The party must present a candidate and a sound platform in 1932. It must present a strong national organization ready to mobilize the country behind both, and for this adequate funds must be available."

Raskob's Statement. Chairman Raskob said: "Achievement of the purpose of the victory fund, democratic victory in 1932, is the responsibility not of any small group but of every man and woman who feels that a change of government is imperative. Financing of the fund on a nationwide basis is fundamentally democratic in character, as every activity of the party ought to be."

Mr. Shouse said the underlying principle will be "to make every voter who is interested in constructive government a party stockholder for 1932."—World-Herald.

SISTER SHIP OF THE AKRON. Washington—The knife which is slashing the navy's budget has spared the proposed sister ship to the Akron, queen of the world's dirigibles.

Provided the Akron's official tests, which neared completion with a ten-hour speed cruise over Ohio, meet the present expectations of the department, the navy plans to ask funds for building another ship. Secretary Adams said Tuesday the proposed dirigible would not be among the items cut from the \$401,000,000, budgetary estimates for 1932. President Hoover has set \$340,000,000 as the amount he desires the navy to have.

DETROIT CITY COUNCIL DROPS "FARM RELIEF". Detroit, Mich., Oct. 10.—The city council has decided to leave farm relief to other agencies.

Met with protests from many sources Friday over their tentative approval given a lease which would bar all but Michigan farmers from the three municipal markets, council members indicated that open competition would be continued.

Protests were made by the city welfare departments, directing the markets, which contended open competition brought lower prices and from local produce dealers.

Nowadays the farmers have come back to the fundamental idea that a potato is an edible, not merely an item in commerce.
