SOUR STOMACH

JUST a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior tooth-paste that safeguards against acid-mouth.

Is Building Fine House.

During the odd moments when there was nothing else pressing very hard, O. E. McDonald has been manufacturing a summer house for his lawn and has it about completed. The structure is movable and can be taken in during the winter and stored, and out of the weather. He has seats there in and will screen it so that bugs, gnats and flies will be excluded and this will make a very fine place for the resting in a hot summer day. Drap around at the pleasure parlor and see it.

W. T. Weddell, who has his hand so badly mangled while working in the elevator at Wabaah some time since, is getting along very nicely. The hand of course will not be the same but it is getting along. How long it will be before he is able to use it, time only will tell.

Gust Thimman, who makes his home north of Murdock and between there and South Bend, has been in the hospital at Omaha for some time and has pneumonia, and is very ill. Mrs. E. W. Thimman and H. A. Williams were for some time at the home of their sister, Mrs. Ferdinand and Rosenow, where they remained after the death and funeral for a few days when they were brought home by Mr. Rosenow, who also brought his mother home, who makes her home with another son, Frank Rosenow here and who had remained for a few days following the funeral of the late Mrs. Ferdinand Rosenow.

Howard Brunkow and wife are rejoicing because there has been given into their care and keeping a very fine little baby girl for their very own. The daughter and mother are getting along very nicely, while the father is also able to be around. Grandfather E. E. Brunkow is getting along only he is having a hard time whileling as he is in the habit of doing as it is difficult for him to get his mouth puckered up as he keeps smiling all the time.

There were many from Murdock, Elmwood and Alvo attending the funeral of the late Mrs. Ferdinand Rosenow at Clay Center, Kansas, which occurred there on last Sunday at 1:30. Williams and family of Elmwood and many of the other of the relatives of there and Alvo.

Was at Hospital for a Time.

L. Neitzel, who has been carrying some fever for some time past but who refused to lay down but still kept at his work, was taken to the Clarkson hospital in Omaha for a clinic and after an exhaustive examination it was determined what his trouble was. MRS. ROSENOW DIES IN KANSAS

On July 31st, 1879, Miss Anna Elizabeth Keuhn was born in Nebraska, and grew to womanhood here, school, and united with the church, remaining a devoted communicant during her entire life. About thirty years ago she was married in marriage with Ferdinand Rosenow, they making their home on the farm in different places in the vicinity of Murdock for some seven years and with the husband and family removed to near Clay Center, Kansas, where they continued to reside until the time of her death, which was on November 7th, when after a year of very acute suffering from cancer she passed away to be free from suffering and sorrow and to make her home where sorrow never comes. She was surrounded at the time of her departure by her brother, Emil Keuhn, sisters, Mesdames E. W. Thimman and Frank Rosenow of Murdock, Harry A. Williams of Elmwood and other relatives. At the time of her death she was a member of the Ebenezer Methodist church of Clay Center, Kansas. She leaves besides her brother and sisters five children, three sons and two daughters and four grand children.

Mrs. Rosenow was a very patient sufferer and withstood with fortitude the suffering incident to her disease with which she was afflicted. The funeral was held at the late home at 1:30 last Sunday, November 8th, and the interment made at the cemetery on the farm where she had resided for nearly a quarter of a century. On the farm there was a church, of which she was a member, also on another portion a school and their home half way between.

There were over three hundred cars containing friends to attend the funeral, and sixteen of them were from Nebraska. The husband and family and other relatives have the sympathy of all in this, their hour of sorrow.

Youth Fined \$50 at Neb. City for Corn Theft

Gerald Wiles, 18, Given Light Sentence Because of Age—First Offense

Gerald Wiles, 18, of Weeping Water, traveling through the country as a horse-trader, pleaded guilty in county court Thursday to a complaint charging him with the theft of five bushels of corn from the field of Mike Ramold, farmer northwest of the city, last Monday night. He was fined \$50 and costs.

Judge T. Simpson Morton, before passing sentence, asked the youth regarding the stealing of the corn, which Wiles said he had taken to feed his seven head of horses. The court gave the boy good lecture and told him that owing to his youth he would not send him to jail. He said that it was not so much the value of the property stolen as it was that the farmers had to be given protection from similar thefts.

The boy said he had never been in any trouble before and promised the court that he would not take anything in the future that did not belong to him.

Wiles, with a man and his wife, were on their way to Kansas last Monday when they camped near the Ramold farm. During the night the youth, who said he owns the horses, went into the field and hunked some corn to provide feed for the animals and left there early Tuesday.

The theft was reported to Sheriff Carl Ryder early Tuesday and a trip was made south of the city where the youth was overtaken and returned to the county jail.

Wiles' companion, who attended the hearing, said that he would raise the money to square accounts with the court and secure his companion's release from jail.—Nebraska City News-Press.

CHRISTIAN SCIENCE

The subject of the lesson-sermon in all Christian Science churches for November 15th is, "Mortals and Immortals." A central truth in Christian Science is therein proclaimed, namely, that the man whom God made in His image and likeness is not the flesh and blood counterfeit who is subject to sin, sickness and death.

The golden text (11 Cor. 3:18) reads: "We all with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord." How mortality is exchanged for immortality is explained by correlative passages from the Christian Science textbook, one of which reads: "The real man is spiritual and immortal but the mortal and imperfect so-called 'children of men' are counterfeits from the beginning, to be laid aside for the pure reality. This mortal is put off, and the new man or real man is put on, in proportion as mortals realize the Science of man and seek the true model." (Science and Health, p. 409.)

The subject of the lesson-sermon for Sunday, November 22nd, is "Soul and Body."

LUTHERAN HOSPITAL

OMAHA

Few people relish thoughts of "going to the hospital," but nevertheless it is an institution that is absolutely indispensable in our modern day life, and many people are living today because they were rushed to the right hospital when an emergency arose—either from accident or severe illness.

The LUTHERAN HOSPITAL in Omaha is one equipped to handle any emergency and conveniently located to serve the people from all over this section of the country. Not only do they have the finest of equipment, but offer expert nursing and the most able professional service for all kinds of human ailments.

Nothing is more important to the onward progress of our community than a hospital service of this kind, presided over by those who have made a special study of the need of the afflicted—those who are unfortunate because of physical or mental defects.

They feature general hospital service, general practice and surgery—thus providing a most complete patient service.

The management is to be commended upon devoting their life to the work which is so much needed to make everyone fit to be a Spartan. The changes in methods from olden times is well illustrated in the work of this hospital, which typifies every modern convenience, including trained dietitians. It occupies commodious quarters, is excellently appointed and the clinic and kitchen are most modernly equipped.

Charitableness and an air of hope are inspired by the furnishings which have been selected by the decorators with this idea in view.

They give all patients a thorough examination and during treatment they are cared for by nurses who are

able, painstaking and follow the directions of the medical department.

This accounts for the rapid recovery of people going and for the fact that they remain in good condition for years afterward. Good health is a priceless asset; therefore don't neglect frequent thorough examinations.

The LUTHERAN HOSPITAL is prepared to take care of urgent cases in the most rapid and efficient manner, but it is always best for those expecting to go to the hospital to make arrangements in advance. This insures a private room and many conveniences.

As the purpose of this review is to acquaint Journal readers with the social, industrial, artistic and professional progress being made around us, we deem it appropriate to call the attention of the public to the great and efficient work that is being carried on by the Lutheran Hospital in Omaha.
