## Mynard Community Club Has Annual Election

E. H. Spangler Is Selected as the President of the Organization; Plan Active Year.

The Mynard Community club enjoyed an interesting meeting, on Friday evening, November 27, at their annual business meeting which is for members of the club and their families. The meeting was opened in the usual manner with the singing of several songs, with Miss Janet Valley leading and Mrs. C. C. Barnard, at the piano. Reports of the various committees were read, and plans for the coming year were discussed, among which, a membership drive was voted on and two captains were appointed—Sherman Cole for the West side and C. W. Wiles for the East side. Steps were taken, also, to investigate and fix the heating facilities of the hall, and a committee of three members of the club were appointed to work in conjunction with a committee from the church to attend to this matter at once.

The retiring president, C. C. Spangler, was given a hearty ovation, from the club as a note of appreciation for his services to the club, during the past year.

The following officers were elected for the coming year:  
President—Ed. Spangler.  
Vice-President—Lawrence Leonard.  
Secretary—Mrs. Sherman Cole.  
Treasurer—John Valley.

The following committees were appointed:  
Program—East Side: Miss Helene Perry, Mrs. Roy O. Cole, Richard Spangler; West Side: Will Noite, Guy Kiser, Grace Livingston.  
Fellowship—C. L. Wiles and Sherman Cole.  
Betterment—Rev. McKelvey, Julius Pitz.  
House—C. C. Barnard, C. C. Spangler.

Refreshment—Mrs. A. W. Leonard, Mrs. C. Wiles.  
Song Leader—Richard Livingston.  
Pianist—Mrs. Roy O. Cole.  
Reporter—Mrs. C. C. Barnard.

At the close of the business session a sumptuous oyster supper was served to the members by Mrs. John Valley and Mrs. Sherman Cole of the refreshment committee.

This marked the close of another pleasant year of this splendid organization. It is hoped that the club will continue to grow and be so enlarged that they may avail themselves of a larger field, in which to select talent for the many entertainments that they expect to put out.

The same standard of entertainment will be followed the coming year, a type of amusement that is wholesome, and also educational for the benefit of both old and young. A membership drive is on, and a nominal charge for dues is all that is required to become a member of this community organization.

**A RECORD TO BE PROUD OF**  
In normal times the United States has the highest standards of living in the world. And the same is true of depressed times. Temporary conditions may cause unemployment and some decrease in wages—but it will be found that these effects are felt to a lesser degree here than elsewhere.

It is impossible to escape the fact that this is largely a result of the greater availability of mechanical power per worker in this nation than abroad. In 1930 the United States produced about 41 per cent of the electrical power of the world. The kilowatt-hour production was almost four times that of Germany, the second ranking country, and more than ten times the production of either Great Britain or France. In those countries, it is well to point out, government has been an important factor in electrical development.

In contrast to this country where power has been developed through private enterprise.

The United States likewise enjoys an exceptionally low rate for its power. The cost of electricity to the average manufacturer is less than 2.5 per cent of the total value of his products—whereas 30 cents out of each dollar of corporate profits, on the average, go to meet the cost of government. Today one person out of ten is employed by government and in less than 40 years taxes have increased 13 times as rapidly as population, three times as fast as national wealth, and almost twice as fast as our increase in national income. During this period the cost of power has been constantly dropping.

The American electric industry, privately financed and operated, and regulated in the public interest by the states, has made a record to be proud of.

**CHAIN STORE TAX UPHELD**  
Washington—For the third time in the year chain stores received bad news from the supreme court, this time in a decision upholding the Virginia tax on warehouses which distribute to more than one store. Lawyers for the great Atlantic and Pacific company argued their case was different from those decided by the court in approving Indiana and North Carolina chain store taxes. The court did not think so, however.

**FOR SALE**  
Hampshire boars, Telephone 2213, n30-4td-4tw MYRON WILES.  
It begins to appear that one of the first steps in training for a game with Notre Dame is to start reducing exercises for that inferiority complex.

## W. H. Pitzer Not to Make Race for State Senate

Senator From Cass-Otoe District Announces That He Will Not Seek Re-Election

William H. Pitzer, state senator from the second district, composed of Cass and Otoe counties, at Plattsmouth, Tuesday, announced that he would not be a candidate for re-election at the coming primaries in April. Mr. Pitzer, who was elected in 1930 as a republican, in his statement as to his position, states that he has business interests that demand his attention which he cannot afford to sacrifice for a longer time in service in the legislature.

Former Senator W. B. Banning, of Union, who was representative of the second district for several terms, is being groomed by his friends in both Cass and Otoe counties, as the democratic candidate for the senatorship, the movement gaining a great deal of strength in all parts of the district. Senator Banning had a long and distinguished service in the senate and was in several of the sessions the leader of the democratic members in that body and was regarded by both republicans and democrats as one of the strong leaders in the senate. It is expected that petitions will be circulated over the district for the placing of the name of Mr. Banning on the ballot at the primary election.

Mr. Banning has not stated his position in regard to the acceptance of the nomination, but the friends over the district are hopeful that he may yield to the demand and accept the petitions if filed.

**EIGHT MILE GROVE LUTHERAN CHURCH**  
Sunday, December 6th.

**Innocent looking rubbish in a cellar is the cause of many a bad fire.**

How natural to throw scraps of paper into that old box. One seldom thinks of fire dangers, or metal waste barrels, until it is too late. There is the house in flames. Perhaps a total loss unless the investment is fully protected by fire insurance.

There is no better protection against fire loss than the sound indemnity of a carefully drawn insurance policy. That is why this agency's investment is the Hartford Fire Insurance Company.

## Charles Joyce, Weeping Water, Dies in Wreck

Automobile Driven by Joyce Crashed Against Side of "S" Bridge and Is Overturned.

Charles Joyce, 27, Weeping Water truck line operator, is dead, Irving Nelson, of that place, critically injured and four other Weeping Water young men injured, as the result of an auto accident a few miles north of Weeping Water Saturday night.

The accident occurred at the bridge north of Weeping Water, the bridge sitting at an angle to the road and which makes it necessary to exercise care in approaching the bridge. Mr. Joyce with five companions, had left Weeping Water with the intention of driving to Omaha, leaving their home town between 9 and 10 o'clock. When the car approached the bridge at a high rate of speed, the auto struck the iron railing of the bridge and was overturned.

Mr. Joyce was crushed in the car and killed instantly as he was pinned with wreckage, the force of the impact driving the wheel of the car into the unfortunate driver, a piece of iron on the bridge also struck him in the forehead causing death.

Irving Nelson, who was with Mr. Joyce in the front seat of the car, suffered a fractured jaw, punctured skull and had one ear almost torn off. He was taken to the Clarkson hospital at Omaha where his condition is still very critical.

The other members of the party suffered severe bruises but no dangerous injuries. They were Warren Harner, Milton Prall, Jr., John Welsh and Eugene Simmons, all of Weeping Water.

The wrecked auto party was discovered by Frank E. Wood, when he was returning home some time after the accident and assistance was secured at once for the injured members of the party, the rescue party also removing Mr. Joyce from the wreckage of the car.

County Attorney V. G. Kieck and Deputy Sheriff Rex Young were later called to the scene of the accident, but as the cause of the death was of an accidental nature there was no inquest held by the officers.

Mr. Joyce is survived by a wife and fourteen months old daughter, as well as the mother and one brother and sister. The family is well known over Cass county and the family have the deep sympathy of the friends in the tragedy.

## Sue Louisville Truck Driver for Large Damages

Action Filed in District Court at Omaha by Charles Mertz, Member of Wrecked Auto Party

Action was filed Monday in the district court at Omaha by Charles Mertz, a member of the auto party that was wrecked on Sunday, November 22nd, when the car in which the Golden Prairie orchestra was riding collided with a truck driven by Elmer Johnson, of Louisville.

Mr. Mertz, who was injured in the accident in which one of the orchestra members was killed, asks damages in the sum of \$25,000, from Mr. Johnson and the owners of the truck.

The collision occurred eight miles west of Omaha, the location being on a very long and steep hill, the truck going west from Omaha, loaded with the Sunday papers for distribution in the several towns between Omaha and Louisville, while the auto was coming east from Lincoln where the orchestra had played on Saturday night. As the truck came to the top of the hill one car appeared and suddenly the second car containing the orchestra came into view and passing the first car, as Mr. Johnson related, the car and the truck colliding head on, the truck forced from the paving by the force of the impact and the auto pushed some distance from the scene of the accident.

In the coroner's inquest held at Omaha, Mr. Johnson was exonerated of any fault in the collision which was termed by the jury as an unavoidable accident.

**TOWL PUT OUT OF PICTURE**  
Omaha — Police Commissioner Towl's plan to be personally present or to have a personal representative present when police destroy seized liquor in the future, was given a setback Tuesday when George Holmes, presiding judge of municipal court, informed police heads that hereafter liquor would be destroyed only on the authority of a municipal judge and only when the judge was present.

Towl had ordered police to instruct him when liquor was to be destroyed so that the commissioner or his representative could be present. The order of Judge Holmes was taken by police officials to take precedence of Towl's order, and if the commissioner or his representative was not present when the court ordered liquor destroyed, police officials didn't see what they could do about it except to destroy the liquor without waiting for Towl.

A beautiful card at Christmas time carries the message of friendship and good will. Make it more personal by having your name printed or engraved on it. The Bates Book & Gift Shop affords a wide array of handsome designs to select from.

## OMAHA FIREMAN GIVES CHASE TO "KIDNAPER"

Omaha—Fireman Tom Lynch decided, after an unsuccessful attempt to capture a kidnaper Sunday night to stick to fire fighting. Lynch was leaning against the station house door when a car stopped at the curb nearby. He saw the driver get out, approach a woman on the sidewalk, throw an overcoat over her head, force her into his car, and drive away. Lynch jumped into the driver's seat of one of the city's largest fire trucks and started in pursuit with bells clanging and siren screaming. His quarry soon lost in traffic, Lynch returned to his station and reported the incident to police, who at a late hour had received no report of any missing persons.

The Journal Job Department is equipped to turn out anything from calling cards to sale catalogs.

# Black & White

Plattsmouth's Leading Cash Store
