LAFOLLETTE BILL HELD UP

Madison, Wis.—A group of conservative republicans and independents blocked the victory which Governor LaFollette apparently had won Friday when the state senate progressives mustered sufficient votes to pass a 12 million dollar relief bill...

With two members absent because of illness, the conservative-independent group placed the senate under a call that prevents final action until all senators are present and holds the possibility of a bitter end fight such as the legislature has never experienced before...

As the alignment now stands the progressives had sixteen supporters, including Senator Nelson, independent, who switched after having voted with the regulars on other relief bills...

We are passing the reduction on to you immediately. Starting today the new low price is— \$1.00 Philip Thioroff

Roosevelt Candidacy Expected within a Month

Acceptance Demanded by North Dakota Primary Law—Primary to Be Held March 15.

Albany, N. Y., Jan. 22.—Governor Franklin D. Roosevelt is expected to be officially entered in the race for the democratic presidential nomination before his fiftieth birthday on January 30.

The presidential preference primary in North Dakota will be held March 15 and will be preceded by one in New Hampshire on March 8. The North Dakota law requires that a candidate must give notice of his willingness to accept the nomination before delegates can be entered for him.

Platform Not Likely. The resolution of the North Dakota democratic convention has been before Mr. Roosevelt several days. The executive office has been non-committal regarding the governor's possible entrance into the campaign for the presidency...

Primary March 15. After the North Dakota primary will come two on April 5, Wisconsin and New York. On the twelfth there are two more, Illinois and Nebraska.

Other primaries are Maryland, May 2; California, May 3; South Dakota, May 3; Ohio and West Virginia, May 10; New Jersey, May 17, and Oregon, May 18.

Drouth Area is Given Feed for Its Livestock

175 Carloads of Supplies Sent to Needy Farmers in Eight Northern Counties.

Lincoln, Jan. 22.—One hundred and seventy-five carload shipments of food, clothing, livestock feed and miscellaneous supplies have been sent into eight counties of northern Nebraska...

In addition, 27 less than carload shipments have been made into the same territory.

All these shipments either were donated direct by people in the communities from which they were sent, or were purchased with cash donations, made for the relief work.

Most of the shipments being made are corn, hay, and other feed for livestock. Knox county has received 58 shipments; Boyd, 49; Holt, 32; Cedar, 27; other counties receiving aid are Brown, Rock, Keya Paha and Antelope.

Cozad has shipped four carloads of baled prairie hay and alfalfa to the drouth area and at least 20 more carloads will be shipped within the next two weeks.

A carload of foodstuffs and clothing was sent to Anoka, Boyd county, from Wahoo Wednesday. The car was transported by the North Western Railway Co. The drive was sponsored by Wahoo post, American Legion, local chambers of commerce, churches, and individual citizens.

PUBLIC LIBRARY NOTES

The report of the librarian for the month of December, 1931, shows that 4,192 books were exchanged in that time. The number of books loaned to adult readers was 2,648 and the number loaned to juvenile readers was 1,521.

The foregoing figures do not indicate only the transfer from the librarians to the borrowers of 4,192 books. They indicate at least twice 4,192 minutes (two minutes for each borrower and many have ten and fifteen gladly given them) spent in describing the books...

In this time, when many people are out of work or forced to live on curtailed salaries, they are turning to the library for occupation in leisure hours. No other institution aside from the churches, can do so much to keep up the morale of our citizens during a discouraging time.

The library is very grateful to chapter F. P. E. O. for a gift of twenty-five dollars. The Story Hours are proving very interesting. Early this month Mrs. Clement Woster's group of Camp Fire Girls gave a playlet, entitled "Mother's Busy Day."

The following is an interesting first hand account of an author whose books are very popular with young people. It is taken from a letter which Karl E. Wurl, a former Plattsmouth boy, wrote to Miss Jones.

"I saw a very interesting account in the Plattsmouth paper about library affairs concerning new books and it was mentioned that one of the most popular books among the freshmen was Will James' latest book. I have never read any of his books, but I know the author well."

"I have visited his dude ranch in the Pryor mountains in northern Wyoming and have seen his collection of horses. He is a great lover of horses and has all kinds and descriptions of them. He knows all the 'outlaws' and when they get old and cannot be used at rodeos any more he usually buys them and gives them a good home the rest of their lives."

"His most famous horse 'Will James' has only been ridden once and I saw that this year at the Midland Empire Fair in Billings this year."

For Cold Nights

By mistake we received a surplus shipment of Boys' Flannel Gowns—They're good weight—full cut—and extra well made!

Mrs. Judd's Counsel Loses Point in Trial

Suitcase Is Admitted as Evidence After Long Protests by Defense Counsel.

Phoenix, Ariz., Jan. 22.—Winnie Ruth Judd sat with apparent indifference today as her counsel lost the first major effort to keep from the jury gruesome details of the murder of Agnes Anne LeRoi, with which she is charged.

Her counsel failed in a contentious battle to keep from jury observation not only evidence of the slaying, but of the dismemberment and transportation in personal custody of the slim, wide-eyed defendant of portions of the body of Hedvig Samuelson, her other alleged victim.

Her attorneys argued in vain against introduction of a scarred and bedraggled leather suitcase, innocent in itself, except for the graphic picture called up by its recent use, and the precedent it may set in the case. The court disagreed.

Draws No Emotion. The battered receptacle in which the torso of Miss Samuelson was found in a railway station seemingly evoked no emotion in Mrs. Judd. Apparently recovered from a fit of extreme nervousness which threatened to break down her close reserve yesterday, she eyed indifferently the stained piece of hand baggage and the various witnesses who declared her its owner.

Both witnesses as having been taken to the train in Phoenix by Mrs. Judd on October 18 and to have been abandoned by her in Los Angeles the next day.

The slayings, the state charges, were perpetrated on or about October 16, at the apartment here, where Mrs. LeRoi, X-ray technician, and Miss Samuelson, invalid former school teacher, lived alone.—World-Herald.

In a few months work will be under way on Missouri river development in this vicinity. Few realize the great scope of this work that will take several years to complete.

Knabe's Tenth Annual Sow Sale!

February 1st, 1932 - 45 Head

A Word About Our Boars PROMOTER (pictured at right) in addition to being Grand Champion Boar 1931, also won first prize Junior Yearling, 1930, and Junior Champion Boar, 1929.
