ASKS FOR DIVORCE

A petition has been filed in the office of the clerk of the district court by George G. Price against Raymond Price. The plaintiff asks for a decree of divorce and the custody of a minor child, Raymond Stewart Price, aged nine months. The petition states that the father removed the child to the home of the parents of the defendant and

that owing to its age it should be with the mother. The petition also states that the parties were married on June 13, 1930 in this city. A temporary order was issued by Judge Begley that the care of the child should be with the mother until after the hearing on the merits of the case to be held on Saturday, February 20th.

Blue and White Win from Glenwood, 22 to 14

Iowans Hold Locals to Close Score in Opener, But Locals Pull Out in Last.

From Saturday's Daily
The Plattsmouth high school "blue streak" last evening added to their chain of victories when they won their second game of the season from Glenwood by the score of 22 to 14. The opening half showed a close battle with the Iowans, Harrison of Glenwood was the chief factor of his team with six points, scoring three baskets while Donat, local center, led the Platters with three field goals and one free toss. "Sharp-shooting Sam" Arn made good two free tosses and Lucie Knoflicek a field goal. Evans, center of Glenwood, who is a "whiz" at the free shots annexed three in the first half of the game. The score at the half was 11 to 9 for the Platters.

In the second half of the battle the Platters showed a more determined front to their opponents. Forbes, stellar guard, placed in two nice field tosses and a free shot, while Donat added two more baskets and Arn also contributed one to the scoring. Evans with a field goal and two free tosses and Byers with a gift shot were the only Glenwood players to register.

McCleary, substitute forward, and Ronne, guard took part in the game and assisted in holding down the Iowa shooters from growing dangerous to the Plattsmouth lead.

The tabulated score of the game was as follows:

SEWING MACHINE CLINIC

Arrangements are being made for a sewing machine clinic to be held in Plattsmouth, Friday, March 4th. It is planned to hold the clinic at the basement in the course house. However, at least twelve women must be enrolled to bring their machines to the clinic, to secure the services of Paul Hoff, extension engineer from the college of agriculture, Lincoln, who instructs the women and helps them in taking apart, cleaning and adjusting their machines, as well as advising them if replacement of worn parts is necessary. This service is absolutely free to every woman of the community who desires to take advantage of this opportunity.

Miss Jessie H. Baldwin, home extension agent, who has charge of the scheduling of these clinics, reports that the five clinics which were held in the county in January were very successful. Ninety-eight women, sixty-one of whom brought their machines with them, appeared at the five clinics, clad in old clothes and armed with screw drivers, machine oil, pie tins and other minor equipment for the task of cleaning and adjusting their sewing machines. Machines brought in in the past ranged in age from one to fifty years and the majority of them were over 20 years old. All of them were put in good working order with no expense save for replacing of worn parts.

If you desire to bring your machine to the Plattsmouth clinic, notify Mrs. Ralph Anderson, 814 Fourth Avenue, Plattsmouth, who will see that you are enrolled. Even if you find that it will be impossible to bring your machine you will call it a day well spent to come and listen in at the clinic. All women who have commented upon the sewing machine clinics say that they found them very worthwhile and beneficial. One lady in particular said, "Not one thing I ever attended taught me as much as the sewing machine clinic. After telling other women about it, they were sorry they didn't attend."

PROTESTS BRIDGE USE FOR PIPELINE

Mark M. Shaw, of Omaha, acting for the Greater Nebraska club, has protested to Attorney General Sorensen against permitting the use of the King of Trails bridge over the Platte river north of this city, for carrying the pipeline that is to take the natural gas into South Omaha.

The protestant claims that the pipeline company has offered to pay \$25 for the use of the highway for the pipeline and \$1,800 for the use of the bridge which is owned by the state. He objects on the grounds that the amount is "inadequate."

TO TAKE TREATMENT

From Saturday's Daily

Mrs. Troop has suffered from lung trouble and will have a special course of treatment. She was at the hospital at Denver for some time, but has been home since December. It is hoped that she may receive beneficial effects from the treatment at Kearney and soon be able to return home.

RIVERVIEW CLUB NOTES

Riverview club has held their regular meetings as usual. The last two were at Mrs. Gayer's and Mrs. Herbert Campbell's. The meeting at Mrs. Gayer's was a special session, for continuation of work on picture framing. At Mrs. Campbell's we had a very interesting study of outdoor living rooms, which was given splendidly by our good leaders, each meeting being completed by the delicious lunch served by our good hostesses. We hope that road and health conditions are better for our next meeting, so that all members may be

present, as we will have a demonstration by some of The men.

This meeting will be in the form of an all day's meeting, with covered dish luncheon, at the home of Mrs. Gayer Thursday, February 25, all members of your family being invited. With regrets for delay, I am,

DRY GROUP MAKES REPORT

Washington.—The Allied Forces for Prohibition, a group of dry organizations, which is raising funds to support prohibition, said in a statement that it had submitted a re-

port to the clerk of the house showing receipts of \$114,887.40 and expenditures of \$115,150.77 from June, 1931, to Dec. 31, 1931.

"We appreciate the fact that there has been some delay in filing this report," the statement accompanying the report said, "but inasmuch as it covers a complete record of our business up to and including Dec. 31, it has been impossible to submit the report on Jan. 1. Moreover we are making this report voluntarily as we are not technically required to file a report under the provisions of the corrupt practices act."
