Trio of Gunmen Rifle Safe and Escape in Auto

Flee Toward Kansas State Line—Three Persons Are Locked in the Vault.

Red Cloud.—Three unmasked, dark complexioned men robbed the Peoples Bank of Red Cloud just at closing time Tuesday afternoon and fled toward the Kansas line with an amount estimated at \$2,500.

Authorities asked peace officers along the Kansas border to be on the lookout for a large sedan bearing Colorado license plates and equipped with trunk on the rear. All three men were riding in the car. W. A. Sherwood, president of the bank, and Phil Sherwood, assistant cashier, were alone in the bank at the time of the robbery. They were ordered to lie on the floor after Phil had been forced to open the safe.

John Miller, manager of the J. C. Penney company store here, went to the bank during the progress of the holdup to get some change. He was ordered to lie on the floor with the other men. The bandits gathered up the loot, mostly in currency.

Before the left they took \$20 from Miller, but overlooked some of the coins on the counter and in a cash drawer. The men then ordered the bankers and Miller into the vault. Phil escaped from a rear vault door and spread the alarm.

By the time he had called for help the men had run around the side of the building, jumped into their car and fled. Several persons saw the bandits run for their car and head south. The trio in the car later was seen speeding toward the Kansas line.

Just last Saturday the Nebraska supreme court denied a rehearing to Harry and Theodore Ebsen, brothers, convicted of the \$4,000 robbery of the Webster County bank of Red Cloud July 2, 1931. Three men participated in that robbery.

The Ebsens were sentenced to twenty years each in the Nebraska penitentiary. State Sheriff Endres and Sheriff Crowell informed him that possibly five men took part in the bank robbery. One of them waiting in the bank was Deputy State Sheriff Dunphy's left for Red Cloud Tuesday evening to investigate the robbery for the state sheriff's office.—State Journal.

It is estimated that the four requested will aid 1,657,492 families of which 114,097 families owning livestock will be helped. The celerity with which the business has been handled by the Red Cross is appreciable in the statement that on April 15 there were no outstanding inquiries on which action had not been given.
