Platters Win from Iowa Deaf, Score 19 to 0

First Game of Local Season Sees Blue and White with an Aggressive Team.

The Platters, edition of 1932, staged their first football game of the season on Friday afternoon at Athletic park, taking the Iowa School for the Deaf for a 19 to 0 victory.

The local team against the veteran organization from Council Bluffs, showed a fast and aggressive play and a machine like attack and defense. The entire team deserves full credit for a fine game and the smashing of Bob Hinz added to the thrill of the fans. Veterans and novices alike were effective in the attack on the Iowa team. In the last quarter all of the veteran players with one or two exceptions were withdrawn and the younger players given a chance and held the visitors.

The first kickoff by Plattsmouth, Hinz booting the ball, was short, and downed in mid-field. The Iowa Deaf hit the line for a ten yard gain but were held and forced to kick out. Plattsmouth carrying the ball, forced the attack into the Iowa territory when Sam Arn came through the end for six yards and a first down. The Platters continued their march to the Iowa goal when Hinz with a bullet like pass to Arn, counted for sixteen yards. Armstrong, powerhouse of the team, smashed through the foe for a first down and Hinz then took a three yard gain around the end, repeated by Arn and the ball rested on the visitors three yard line. With the goal only a short distance away, the heavy line hitting of Armstrong was called into action and he tore over for the touchdown. The try for point failed and the score was 6 to 0 for the Platters.

In the second quarter of the game the Platters showed some nice work in passing, Rummel being on the receiving end of several long passes, but they failed to score while Iowa lacked the punch to make any effective gains.

With the opening of the second half the locals proceeded to start another scoring party when Bob Hinz returned the kickoff twenty-five yards, Armstrong drove through the Iowa line for ten yards and a first down, the ball being now in enemy territory. Hinz again raced around the end for a gain of eighteen yards and on the next play carried the ball through the line for three yards, Arn then smashed through for two yards with Armstrong smashing the line for a first down and the ball resting a few feet from the visitors goal. Hinz made an attempt at a smash and brought the ball to inches of the line and on the next play carried it over. The extra point was added by Hinz around the visitors left end. Score 13 to 0 for the Platters.

In the last quarter the Platters again tallied when they started a march on the visitors that was not effectively checked and the newer players of the Platter squad were filtered into the game and proved most effective. Arn and Hinz featured the ball carrying until on the visitors fifteen yard line, Hinz loosened a long pass that fell into the waiting arms of Maynard McCleary, standing back of the visitors goal, adding another six points.

The game ended with the ball on the Plattsmouth twenty-five yard line, the locals playing wholly on the defensive for the last few moments of the game and the final score was 19 to 0.

The Platters play at Glenwood on next Friday and then return here to play Thurman, Iowa, on October 7th. The boys deserve a great crowd at their next home game as they look like the money.

CLOSING UP BANK AFFAIRS

The last stages of the affairs of the First National bank of this city, which was closed in December, 1926, is now being reached. The receivers of the bank are forwarding to Washington their application to close the affairs, pay off the final dividend and end the receivership.

It is expected that the receiver will be able to go ahead with the final disposition of the bank affairs in from sixty to ninety days, depending on the speed that the matter is handled at Washington.

There have been two dividends declared on the bank and it is thought that the last will probably be in the neighborhood of a ten per cent division among the former depositors.

State Seeks a Rehearing in the Pappio Flood Case

Says Court Wrong in Decision Sustaining the \$25,000 Verdict Against State.

In asking the supreme court for a rehearing in the case from Sarpy county where Thomas Glehill and a number of other land owners were awarded damages of \$25,000 because of the character of the construction of a state highway bridge over the Pappio, Assistant Attorney General Newkirk and Kyle Wednesday insisted that the decision hands over to claimants thousands of dollars of state funds for damages, which besides being of the most speculative nature, were caused by recurring natural conditions wholly apart from construction work on state improvement projects. If the decision stands, it will not only rise as Banquo's ghost to harass the court in later litigation, but will result in countless suits instituted by those who grow their crops on paper rather than on the land they occupy.

It is insisted by the state's attorneys that the decision is contrary to the law and the facts, and that the least that can be done is to order retrial of the measure of damages. To comply with the rule of law laid down in the decision it will be necessary to build bridges the full width of a valley, it is contended. The court said that bridges must be so built as to provide for the flow of all water which can be carried in the channel including the natural flow of the channel, which means the whole valley. The bridge was a temporary improvement only, and complaint is made that the court awards larger damages than were it permanent.

Seniors Win in Athletic Ticket Sale

Senior Class Leads, with the Freshmen a Close Second in Result of Ticket Sales.

"The Seniors Win Again," has been the common headline for football ticket sale campaigns for a good many years in the annual competition between the classes of Plattsmouth high school. The class of '33 was the victor in the campaign which closed Friday but the unprecedented showing of the freshman class was the feature of the drive. The classes finished in the following order: Seniors first, freshmen, second, juniors, third and sophomore fourth. The Frosh maintained second place throughout the contest and at one time were within three points of the lead. The entire student body gave the freshmen a great ovation for the wonderful showing which they made and also gave the freshmen credit for making the drive one of the most successful in the history of the school. It was the fear of the upper classmen that the freshmen would win which spurred them on to feverish efforts to sell tickets.

The drive this year was a great success with the exceedingly low rates making it possible for more students to buy season tickets. This fact, coupled with the victory of the team Friday points to a good football season.

The students also appreciated the posters made by Francis Warren, a post graduate. These posters show rare talent and made a splendid advertisement for the sale of tickets.
