DISTRICT JUDGE OF
FICIALS IN CHURCH

Judge Begley, who for some time took charge of the St. Luke's church during the period when there was no rector, led a large congregation on Sunday morning in the regular service of morning prayer. The rector, at the request of the bishop, was supplying the vacant parish of Fremont. On Monday the rector was present with some 100 other ministers at the Presbyterian Seminary in Omaha where Bishop Shaylor addressed the group devotionally in the morning. After an interval for lunch Dr. E. G. Cuthall of Nebraska Wesleyan college gave an inspiring talk, and the meeting also heard the Rev. H. Talbot of Omaha.

BEG YOUR PARDON

In the announcement of the birth of a child to Mr. and Mrs. Marvin Johnson, at Tallahassee, Florida, appearing in the Journal Saturday, it was stated that the child was a girl. We were misinformed as to the sex of the child as it was a boy. Mrs. Johnson is a daughter of Mrs. Irene Munson and granddaughter of Mrs. John Geiser of this city. Mrs. Johnson was formerly Miss Viola M. Benjamin of Mynder.

Farmers Again
Begin Picketing
at Sioux City

Roosevelt to Be Greeted by Parade Such as Planned Before President Hoover.

Des Moines.—After a few days' hiatus, farmers' holiday association members again resorted to highway picketing as a means of keeping products from the market. In Pipestone county and near Willmar and Montevideo, small groups were patrolling the roads and Walter Groth, chairman of the Big Stone county holiday association, said picketing would soon start in Bigstone and Traverse counties, also in Minnesota.

Near Sioux City, where the strike for higher farm prices first broke out Aug. 8, two hundred holiday workers Monday night stopped Lew Smith's truck, carrying hogs and drove the animals out. Tuesday morning the trucker loaded the swine into his machine again, and returned them to the owner in Rodney. There was no general picketing, however, in the Sioux City area.

Milo Reno, president of the National Farmers' Holiday association, asked holiday leaders in western Iowa, southern Minnesota, Nebraska and South Dakota to urge their followers to convene Thursday for a parade in Sioux City at the time of Governor Roosevelt's visit. The purpose of the demonstration, Reno said, will be to direct the attention of the democratic presidential nominee to the farmers' condition. A similar parade is being planned in Des Moines for Oct. 4, when President Hoover will open his campaign.

"Our organization is not partisan," Reno said. "We believe Roosevelt should be allowed to hear our protests the same as President Hoover." He said permission has not yet been granted to stage the parade here. "If it is not granted," the leader said, "we will be there anyway. They can't keep people from walking on the streets." An informal application to hold the demonstration here was made to the city council, but Mayor Dwight N. Lewis expressed apprehension that petty disturbances might result.

In Shawano, Wis., farmers expressed disapproval of the holiday at a mass meeting.—State Journal.

PLATTSMOUTH CON-
TINUES KINDERGARTEN

Contrary to the rumors that were circulated throughout the community, Plattsmouth will continue with the Kindergarten, established three years ago.

Children entering the kindergarten must be five years of age by the following December.

Parents and patrons who are familiar with the current instruction offered, consider it the best type of instruction for children beginning their school careers.

Miss Vivian Johns is the teacher and the program is so arranged that she teaches in the forenoon at the Central building and in the afternoon at the Columbian building.

The kindergarten at the Wintersteen hill school is under the direction of Ruth Tidball and at Mercerville school by Rose Trohaska.

There were several visitors present and the hostesses served dainty refreshments.

"PROVED by the
the *Safest*
tire
ever built"

HELLO EVERYBODY, Floyd Gibbons speaking. I've just watched an execution. They're using the Guillotine in the good old U. S. A.!

Boy howdy! Those Safety Searchers at Goodrich took me down into a darksome pit at the bottom of an abandoned elevator shaft.

There was an Executioner's Block down there. Above it was the wickedest-looking piece of machinery I want to see. The Guillotine!

Instead of a blade, the business-end of it was a blunt steel spike. On the block—instead of my neck, thank you—they put a Goodrich Safety Silvertown Tire. Blown up to normal pressure.

They cranked this heavy Executioner's Ax up till I could hardly see it—they said it was only 50 feet above us, but it looked a hundred. Then they let her go.

She came down like chain lightning—BAM! Steel above, steel below. Nothing between but that tire full of air.

BAM!—but that was just the sound of the Guillotine hitting the tire. We rushed forward to look. Air still in the tire. Hardly a mark on it!

So they tried it again from 60 feet. BAM! Same result. No blowout. No damage.

They were certainly determined, these Goodrich safety seekers. They dropped the heavy weighted, death-dealing instrument 75 feet—and this time the air came out. Not a real blowout, at that. Just a gentle wheeze—a slow dying groan.

They convinced ME!

But what a test! Zowie! I would have sworn no tire ever made would stand up under half the punishment this one took. That's why they say the Safety Silvertown is the safest tire ever built.

They convinced me! Then they told me some more real news—this Safety Silvertown sells at the price of any standard tire!

"THE BLUNT STEEL SPIKE came down like chain lightning—BAM! Steel above, steel below. Nothing between but that tire full of air!"

GUILLOTINE-
tire
ever built"

"I'M FOR THIS LEAGUE, TOO! Here's something: The Silvertown Safety League. It gives me driving rules to follow—for safety. It gives me an emblem for my car. I joined up! Any Goodrich dealer will enroll you, they tell me."

Goodrich states its position on prices

As you read tire advertisements emphasizing price, bear this fact in mind:

Goodrich has provided its dealers with greater values in each price class—Safety Silvertowns, Cavaliers and Commanders. Size for size—quality for quality—Goodrich dealers will never be undersold.

Goodrich tire prices begin at **\$3.55** each (in pairs).

Corn Variety Demonstration

The meeting is to start at 1:30 p. m. but the corn will be there to see any time. There are 35 different varieties in the plots which were planted last spring. Entries for Ak-Sar-Ben

4-H club members wishing to exhibit animals at Ak-Sar-Ben must have their entries at the Farm Bureau office by Saturday, Oct. 1st, together with entry fees (\$1.00 per head for cattle and 50c for swine and sheep.) A large number of members have signified their intention of exhibiting baby beaves, swine and sheep at Ak-Sar-Ben entries for which must be made through the County Agent.

Ripen Green Tomatoes in the Cellar

Green tomatoes will ripen if the vines are pulled just before frost and hung in the cellar or some other room where they will not freeze but where the temperature will remain between 55 and 70 degrees. Green tomatoes that are free of blemishes and organisms which cause rot will keep if wrapped in paper and stored on a shelf or shallow box in cellar. Too high a temperature will cause rapid spoilage as well as quick ripening of the tomatoes. A few vines

may be covered in the garden when frost is predicted, but the number of blankets and other cover available does not make this plan practical for a large number of vines.

Home Extension Agent.
