PRECINCT ORGANIZES CLUB

From Tuesday's Daily

Last evening at the Taylor school house in Plattsmouth precinct a democratic club was organized. Those present were enthusiastic over the issues of the campaign. Many speeches were made and a general expression was heard on every side that the only hope for the nation was a change in the administration. Governor Bryan was warmly commended for a strong progressive, economical program of the state; that he had saved so much money in road construction as to be able to permanently improve almost twice as many miles of road without increase of expense than had been done in the former administrations of the state; that Cass county appreciates very much the roads improved throughout the county. The officers elected were as follows: Mrs. Roy Tschirren, president; Henry Born, vice-president; Lester Meisinger, secretary and Charles Steehr, treasurer. Many of the county candidates were present and made splendid talks. The meeting adjourned subject to the call of the president in the near future at which time a prominent speaker will be selected to address the club.
