FEW CASES ARE PENDING

Few of the 13,000 prohibition law violators indicted before repeal of the 18th amendment and given amnesty under supreme court ruling that they can no longer be prosecuted, will be found within the Lincoln division of the United States court. During October, Deputy District Attorney Van Pelt tried all cases pending. There are perhaps a dozen not finally disposed of but practically all were scheduled for release. The attorney said that two were pending against Nick Indivino, already in jail with two against Herbert Odekirk, also in jail on the western coast.

One case in which he is particularly interested is that of Charles Saffarik, convicted late in October of conspiracy and sentenced to 2 years at Leavenworth. He has been out since on appeal bond. Since there is a separate conspiracy statute, the Saffarik case may not drop out of the bucket from the supreme court's ruling.

A FINE ATTRACTION

The Earl & Joye Players which appear in their weekly visit to this city at the Platz theatre, Friday evening, have an unusually strong attraction for the lovers of drama. The play this week is that of "The Girl of the Golden Pheasant Night Club," a play that offers the greatest opportunity to the talented members of the company.

The play is one that shows the troubles of the talented girl operating the night club with the busy-bodies of the town in which the club is located.

The offering is one that is calculated to hold the greatest interest and not only brings the atmosphere of the night club to the stage but gives the opportunity of the greatest dramatic possibilities that is taken advantage of by the members of the Earl & Joye company for some of their best work.

Woman's Club Have Program on Lincoln

Illustrated Lecture Given on the Life and Times of Abraham Lincoln, by L. S. Devoc.

From Tuesday's Daily
The Plattsouth Woman's club met last evening at the attractive new auditorium that has just been completed in the Central school building, a large number of the members being present.

The business session was presided over by Mrs. Robert Reed, club president, and a number of matters of importance were discussed.

The report of the unusually pleasing musical offering of the Nebraska City symphony orchestra was given by Mrs. Christine Kirkpatrick, chairman of the committee in charge of this event.

Mrs. Glenn Woodbury, chairman of the finance committee gave a report and stating that the club was planning a card party to be given at the Hotel Riley on February 12th.

Mrs. Reed reported on the plans for the first district convention which will be held here on April 2nd to 4th, inclusive, the meeting promising to be one of the largest district gatherings that has been held.

The president named as the committee to co-operate in the flower show in the spring, sponsored by the Plattsouth Garden club, Mrs. E. J. Richey, Mrs. Thomas Walling and Mrs. J. C. Petersen, Jr.

The club had as their guests for the evening Alice Hiatt and Kathryn Tough, high school students.

Several musical offerings were enjoyed on the program which was under the leadership of Miss Ruth Colby, Miss Virginia Samek being heard in two fine piano solos and Junior Devoc gave a vocal solo in a song appropriate to the coming birthday of Abraham Lincoln.

There was a special treat given the members of the club in the motion picture offering of a two reel life of Lincoln, the projection being in the hands of Emil J. Weyrich, well known photographic enthusiast. Mr. Weyrich also showed several reels of colored film taken of the Century of Progress exposition which he had taken himself at Chicago.

The program was closed with a short and most interesting talk on the life of Lincoln, by Superintendent L. S. Devoc of the city schools, who gave a very concise review of the great war president and his outstanding characteristics that had made him one of the world's greatest leaders.

After the program the members of the party adjourned to the R. W. Knorr home where the social hour and refreshments were enjoyed. The hostesses were Mrs. Knorr, Mrs. Rea McMaken, Mrs. W. V. Ryan, Mrs. L. S. Pucelik, Mrs. Thomas Walling and Mrs. Robert M. Walling.

CONSTRUCTION LOOKING UP

Washington.—Secretary Ickes said reports of a survey by the F. W. Dodge corporation shows that the increasing momentum and long range effect of public works allotments "assured a pronounced stimulation of the construction industry in 1934."

The survey was based on a canvass of thirty-seven states east of the Rocky mountains and indicates, Ickes said, that publicly financed work during 1934 will double the 1933 figure and that private work will continue to maintain moderate increases. "The construction industry, sicker of all sick industries a year ago, is very decidedly convalescent," the Dodge report said. "It has many reasons for viewing the year 1934 with renewed hope and vigor."

MULLEN AT OMAHA FUNERAL

Omaha.—Arriving here to attend the funeral of his lifelong friend and political ally, former Senator Hitchcock, Arthur F. Mullen, democratic national committeeman denied that he recently had held a secret conference with Postmaster General Farley regarding President Roosevelt's request that party leaders cease the practice of law in Washington.

"I have seen Farley several times since returning to Washington, but we have not yet discussed that question," Mullen said. "I have seen Farley only at public functions."

Mullen refused to discuss other matters, saying he was refusing all interviews out of deference to Hitchcock.

ARRIVAL OF FRENCH FRANCS

New York.—A shipment of 80 millions of gold francs, purchased by the federal government and consigned to the federal reserve bank, arrived aboard a liner. At current quotations on the franc it is worth \$5,064,000 American dollars. Before the United States left the gold standard its value would have been \$3,134,320 in American dollars. It forms a substantial part of the quantities of gold which have poured into the country since President Roosevelt established the gold price at \$35 an ounce. The shipment, assumed to be in the form of bars, was not removed from the liner's strong room because it was Sunday. It was guarded by a squad of detectives.

THREAT OF STRIKE BALLOT

Chicago.—E. K. Hogan, general vice president of the Brotherhood of Railway Carmen of America, said that unless officials of the Northwestern railway agreed by 2 p. m. Monday to settle claimed grievances with employes and employ groups, ballots would be sent out for a vote on the question of a strike within the next two weeks. Chief of the grievances, Hogan said at a meeting of the Chicago federation of labor, involved reputed refusal of the company officials to arbitrate differences, most of them for violation of company rules. He said if the strike were voted it would affect 26,000 men, even should other groups fail to join carmen.

PATENT IS RULED INVALID

Toledo, O.—Federal Judge Jones of Cleveland ruled that the patent of the General Electric company on inside frosted light bulbs is invalid because of the lack of "patentable ability." The ruling came in a suit brought by General Electric against the Save Electric company of Toledo. Judge Jones, in his ruling, overruled Percy Taylor, special master in the case, who held the patent was valid. The ruling is interpreted by officials of the Save Electric company as an end to General Electric's control of the incandescent lamp industry of the country.

CAN REDUCE RATES

Washington.—The Rock Island railway was authorized by the interstate commerce commission to reduce freight rates in drouth areas in Kansas, Oklahoma, New Mexico and Texas to avoid loss of livestock and general suffering in the area. The rates to be reduced are those on hay, straw, feed and livestock.

Did Neighborly Act

On last Saturday the neighbors and friends of Hall Pollard, who has been kept from his work by reason of the very serious illness of their little daughter, Coral, three years of age, who has had pneumonia for the past three weeks and is still very low, came and saved a quantity of wood, hauling it to the home, as it was not possible for the father to get at the work. Little Coral had been showing good improvement up until last Saturday morning, when she was taken seriously worse and the services of the physician were required during the entire day and night to enable the little one to live. Since then she has been resting slightly easier, but she is only kept from lapsing into a dangerous condition by the continued use of oxygen. Later the little patient succumbed to the dread disease. Funeral notice will come later.

Entertained at Library Tea
On last Monday afternoon, Mesdames W. August and Nelson Berger entertained at the home of the latter at a tea, the receipts from which

were to go to the library fund to enhance the amount which is being raised for the purchase of needed materials for pushing the work to completion and giving the town a nicely finished library building. The earnest work of the women of Nehawka in their endeavor to get funds to complete the building of the library without piling up a debt in the construction thereof and to be able to present the building free from all incumbrances when the time comes, is a most laudible ambition and with their well known determination bids fair to succeed. Just leave it to the women folks, and they will find a way to raise the money. But of course that doesn't mean the men can't help, for the aid of everyone is needed.

Played Golf Sunday.

Messrs. Frank Lemon, D. C. West, V. P. Sheldon and Bobbie Wunderlich were over to Nebraska City on last Sunday, where they all enjoyed a very fine game of golf, notwithstanding it being midwinter.

50 HEAD
20 Tried Sows, 15 Fall Gilts,
15 Spring Gilts

Our herd was the highest money-winning herd at the National Swine Show last year (1933) and we won more Blue Ribbons and Champions than any other herd of Hampshires of the corn belt shows. And we are of course, selling all these champion sows, in order to keep our reputation of selling a better offering year after year.

This offering of Sows and Gilts are mated to the best battery of herd boars we ever used together. One thing sure, you better get these good ones at bargain prices while you can, for I do not believe you can do it next year at anywhere near the low prices now prevailing.

A WELCOME TO FRENCHMEN

Berlin.—Entertaining foreign military horsemen, former Chancellor Von Papen thanked the French government for sending a team to the equestrian tournament. The cordiality of his tone was regarded as another evidence of the official desire to promote Franco-German conciliation. "I've invariably found the first ones to forget misunderstandings among nations and to ignore political frontiers are soldiers," Von Papen said. "I hope the tournament will improve relations between the peoples."
