Corner 5th and Main Streets

## GREENWOOD

William Leesley has been working for Cyrus Livingston, who lives some six miles east of Manley, south of the highway.

Henry Wilkens, the barber, was a visitor in Nebraska City last Wednesday, where he went to look after some business matters, making the trip in his car.

W. H. Leesley, wife and a number of the children have all been feeling quite poorly during the past two weeks, but at this time they are feeling much better.

Dr. N. D. Talcott was a visitor in Waverly on last Wednesday afternoon, where he was called to see a patient and where Mrs. Talcott also visited with friends for a short time.

A. J. Weideman, of Murray, where he is manager of the Farmers elevator of that place, which is operated by the Frederick Seed company, was a visitor with friends here over the week end.

Ray Frederick, of Murray, was looking after some business matters in Greenwood one day last week, driving over in his car to look after some matters connected with the seed business.

Jesse Olsen shelled and delivered some of his corn on Wednesday of last week, reserving the rest for a future date, when he thinks there will be a greater demand and a higher price offered.

W. M. Stearns, the auto mechanic who is in charge of the Trunkenbolz Oil company's filling station, was assisting in the cleaning up of the Watson Howard building for use as a place for the new Bible class to meet.

L. C. Marvin, who was ill for so many weeks, is now stronger and has been carrying the mail for some time. In his weakened condition, it is a day's work for him, but with the excellent weather and the very fine roads, he is getting along nicely.

While Earl Bright was chopping wood one day last week, the axe slipped and hacked a gash in his leg, which required the services of a surgeon to close. Dr. N. D. Talcott dressed the wound and Carl is doing very nicely, although it will be some time before his leg is well again.

John F. Wolff, of Plattsmouth, an appointee of the government to take the federal commercial census, was a visitor in Greenwood on last Wednesday and was interviewing the business men regarding certain facts which the government is trying to collect from which to compile data for use in connection with the recovery program.

Paul Straight was a visitor in Weeping Water on Tuesday of last week, where he was looking after some business matters pertaining to the corn and hog loans. Paul says he was in Weeping Water some 20 years ago and had not been back since until his visit of last week. He finds the hustling city much better than when he was there the last time.

### Moving Barber Shop

Mr. D. Gribble, the barber, who has been conducting his place of business on the south side of Main street and towards the east end of the business block has leased the place where W. E. Newkirk formerly conducted his grocery and market and moved his barber shop to this location. This puts the two barber shops right together and also makes a good place for both places of business.

### Horse for Sale

I have a six year old gray gelding, well broke and a good worker, weight 1300 lbs. Also a Hinman portable milking machine.—P. A. Sanborn, Greenwood.

### Church to Co-Operate

Some twenty women members of

the Methodist church of Greenwood were in Lincoln last Tuesday, where they were meeting with the new organization which is a portion of the campaign of the Methodist church in Nebraska to secure better attendance and co-operation among the members of the various church organizations and auxiliaries. This is a state-wide movement and one that should be most heartily concurred in by all the members of the church interests.

### Will Conduct Bible School

The Watson Howard building that was formerly occupied by the Weibke Cafe, has been cleaned up and repapered that it might be used on Wednesday nights of each week as a meeting place for the Mid-Week Bible class which is being organized and which met for the first time on last Wednesday.

This class will be conducted each Wednesday evening by Dr. V. S. Bakley of Lincoln. The lessons will not conform to the International Bible school lessons, but will confine their study to the text of the Bible itself.

### Baby Girl Gladdens Home

At the home of Mr. and Mrs. Roy Comstock last week there came a bit of brightness in the shape of a very beautiful baby girl which brought brightness and sunshine to the home, making the entire household happy. The little one and her mother are

both doing very nicely and the proud father wears a smile all the time now.

### Both are Better

Mr. and Mrs. Fred W. Etheredge, both of whom have been feeling poorly and were hardly able to get about, are now greatly improved and are hopeful of being back in their former good health soon.

### Visited in Fremont

On last Wednesday afternoon, Clyde Newkirk, who is secretary of the Diamond Oil Company club, accompanied by Ray Churchill, went to Fremont to attend the district meeting. They enjoyed a fine program and that was followed by a banquet such as is always featured at these district gatherings.

### Have Many Eggs Set

At the W. H. Leesley Hatcheries, two miles east of Greenwood, they have nine hundred eggs in the incubator, which have been set nearly two weeks. In addition, they set another thousand on Wednesday of last week. This practice will be continued in increasing numbers so as to have baby chicks coming on each week during the hatching season.

Like the early bird getting the worm, the early chick makes the profit. The Leesleys know how to handle the hatching business and their early hatches should bring a good return.

### VISITORS IN THE CITY

From Saturday's Daily  
This morning Mr. and Mrs. Leonard McLaughlin and family of Elmwood were in the city for a short time looking after some business matters and while here Mr. McLaughlin was a caller at the Journal office where he enrolled as a reader of the semi-weekly edition of the paper for the ensuing year. Mr. and Mrs. McLaughlin motored to Omaha where they visited for a few hours with friends and attending to some matters of business.

### HALT OMAHA POLICE PROBE

Omaha.—The Omaha city council hearing into alleged "payoffs" here will reconvene Wednesday morning. Between now and then each commissioner will have the right to add names to the list of witnesses to be subpoenaed by Mayor Towl.

At Friday's opening session, Chief of Police Allen was the only witness. The chief, questioned during his time on the stand by every member of the council, maintained no personal knowledge of alleged protection "payoffs" and offered to retire "if any member of the council feels that my usefulness has been impaired." His offer was not accepted.

Questioned about his recent letter citing "unsavory rumors" and asking

a hearing on the matter, Allen said that a former police morals squad leader, George Brigham, had charged in an affidavit that Allen had accepted \$100 a week from a night club. Allen denied the charge.

### COMING TO NEBRASKA

Washington.—Roy Brewer, president of the Nebraska Federation of Labor, and Cecil Mathews, head of the state labor department, departed for Nebraska after conferences with Secretary Perkins on co-ordination of state and federal labor laws.

### NOTICE TO PUBLIC

Anyone wanting manure may have same free of charge at Plattsmouth Feed Yard. fs-ftd&w
