## Private Employment Shows Good Increase

More Than 6,000 Were Hired During March—Rural Section Leads Over Urban.

Lincoln, Neb., April 10.—Business revival in March and thus far in April put about seven thousand idle Nebraskans to work, bringing private business and farm jobs above placements on federally created work for the first time since August, according to figures prepared by F. V. Cornell, federal re-employment director.

Rural areas jumped into the lead over urban sectors in taking advantage of commercial stimulation, a survey shows; and the eastern part of the state fared better than the western half.

Retailers show gains. Retailers have shown business increases as high as 90 per cent over last March, but because of the bank holidays then, they flip records back another year to find this year 10 to 20 per cent better than March of 1932.

Nebraskans hired for private business jumped sharply, from 935 in February, to over six thousand in March. Meantime the federal placements were at 5,193 in March, comparing with 27,547 in December, peak of the CWA program.

A complete report shows 6,298 jobs transferred from the "want work" registration list of the federal re-employment service to private pay rolls. Of them 3,864 went to farming and forestry; 777 to private building and construction; 84 to mining.

See Greater April Gain. Transportation work added 243 men, wholesale and retail trade, 225 men and women, during the month. Commercial service accounted for 395 and professional 143. Other classifications accounted for the rest.

"We expect an even greater increase in April," predicts William Cotter, federal statistician. "Reports this month are already better than last."

Rowland Haynes, relief administrator for Nebraska, after a brief survey of the state, reported to Washington that the trend can be expected to gain impetus every month until August.

What this part of the country needs is fewer Clyde Barrows and more wheelbarrows.

### FILES FOR TREASURER

One of the latest entries in the political arena is J. L. Stamp, who Monday afternoon filed as a candidate for the democratic nomination for the office of county treasurer. Mr. Stamp was democratic candidate for this office at the election four years ago and made a strong race for the position. He is well known in this section of the county as he has resided on a farm in Rock Bluffs precinct for a number of years and is numbered among the popular residents there. Prior to locating on the farm Mr. Stamp was for a great many years engaged as an auditor for the Union Pacific at Omaha and where he had a long experience in clerical work.

### BANK PAYS DIVIDEND

The Bank of Commerce of Louisville, which has been in the receivership of the state department of banking, Monday paid a dividend of 20 per cent to the depositors of the bank. This is the second 20 per cent dividend and as the bank paid a six per cent dividend at the time of closing, the bank has so far paid out 46 per cent. The bank will probably be able to make further return to the depositors before its affairs are finally wound up.

### UNDERGOING TREATMENT

Mrs. James T. Begley, who was here over the week end to look after some matters in the probate of the estate of the late Judge James T. Begley, returned to the Clarkson hospital at Omaha Saturday. Mrs. Begley is undergoing a course of treatment for an illness that has covered the past two years and also is taking a rest cure that was ordered by the attending physicians as a part of her treatment.

### VISIT AT RANDOLPH

Mr. and Mrs. Edward Gabelman and Mrs. John Jordan of this city, together with Mr. and Mrs. Henry Forno, of near Cedar Creek, motored to Randolph, Nebraska, Sunday, where they were guests of their brother, Albert Boom and family, for the day, returning home last evening.

### HOLD SERVICES

Paul Iverson of Plattsmouth was a member of the gospel team of the Hastings College Y. M. C. A. which held services at the Methodist church of Franklin Sunday morning and at the Presbyterian church at Macon that evening.

## George Homan, an Old Resident, Passes Away

Dies at Omaha Hospital at the Age of 86 Years—Buried at Old Home at Corning, Ia.

George W. Homan, 86, who over a long period of years resided at his home on South Tenth street, died Saturday night at an Omaha hospital where he had been taken on the previous Saturday.

Mr. Homan had not been in the best of health for the past two years and in the last week it was decided that an operation would be necessary to give him any measure of relief from his condition. With the advanced age of Mr. Homan, however, he was unable to rally and gradually grew worse until death came to his relief.

The deceased was formerly a resident of the vicinity of Corning, Iowa, where he was among the early pioneers of that section of our neighboring state. He came to Plattsmouth some thirty years ago and had since made his home here and had been one of the well known figures in the community during the years of his residence here.

Mr. Homan is survived by two daughters, Mrs. Green of Indianapolis, Indiana, and Mrs. Daisy Nickerson, formerly of Indianapolis, but who has for the past year been here to look after the care of the father.

The body was taken to the former home at Corning, Iowa, Sunday and where the funeral services were held today and the body laid to rest beside that of their life who preceded him in death years ago.

### LEAVES FOR WEST

Mrs. Julia Thomas, a resident of Omaha, but formerly of this city, departed last evening for Boulder City, Nevada, where she will make an extended visit with her cousin, Mrs. Alma Ramey and daughter, Mrs. William Andrews Mr. Andrews being one of the engineers at the Boulder Dam.

From Boulder City Mrs. Thomas will go to Los Angeles and Long Beach, California, where she will visit relatives and friends and on her return home she will stop off at Salt Lake City to visit her brother-in-law, Mr. Alvin Thomas whom she hasn't seen for a number of years.

As this is Mrs. Thomas' first trip to the coast, she is anticipating a wonderful time.

### CHILD IS KNOCKED DOWN

Tuesday afternoon while Betty, 10, daughter of Mr. and Mrs. H. A. Shiffer, was on her way to the St. John's school, she was knocked down by an auto and bruised to some extent.

The accident occurred at Fifth and Vine streets when the little girl in company with several companions, was crossing the street. All of the children had reached the north side of Vine street safely except Betty and who was in the path of a car driven by a high school student. The car struck Betty and hurled her to the pavement but fortunately she was not dangerously hurt and suffered only bruises and several small lacerations on her legs.

## State Work Relief for April is Assured

Actual Needs for Food and Work to Be Furnished, Says Federal Agent Haynes.

With notice of a federal grant of \$518,500 from Washington for relief purposes in Nebraska for use during April, received by Governor Bryan, and \$225,000 of federal funds still on hand, State Chairman Smith of the relief committee and Federal Agent Haynes hope to have every needy person at work within a short time.

Of the new grant \$2,737 is to be used to reimburse the relief funds for money spent in March in administering the federal re-employment service in Nebraska, and \$18,500 under this grant covers obligations incurred under emergency educational program in March. Federal Administrator Hopkins specifies his administration will not be responsible for any obligations incurred in April in excess of the grant, and any additional obligations, if incurred must, must be defrayed from local or state funds.

Federal Agent Haynes said funds on hand will be enough for food and work to meet all investigated needs. Needs of persons is being investigated and every effort will be made to supply these needs. Investigation is also being made concerning persons who may be able to work but have not accepted work, but who prefer to be supplied with food without work. The Omaha and Lincoln situations are receiving every attention.

F. V. Cornell, head of the state federal re-employment service, will leave Wednesday night for Washington to attend a conference of regional directors at which information will be exchanged and plans laid for the future.

F. P. Fulton, E. E. Fauver, E. J. Handley L. M. Buss, John Crom and J. P. Shoff, a labor committee from Wymore, conferred with State Chairman Smith Monday regarding the committee's plans for a set up to cooperate with merchants and unemployed concerning work relief.

### DISCOVER NUDIST FOLLOWER

Monday afternoon the office of Sheriff Sylvester was notified that there was a stranger lying along the highway leading to the Missouri river bridge and who apparently had little in the way of garments on his person. The matter was investigated by Deputy Sheriff Lancaster and it was found that the man was a floater and one that was apparently "hard boiled" as he protested very strongly when the officer arrived and ordered him to accompany him to the county jail. The stranger was later taken to Omaha where he was put in the government shelter at 22nd and Hickory streets to be cared for and to stop his wandering over the country.

The man when first discovered, caused a great deal of excitement among the residents of the southeast part of the city.

### RETURN TO CASS COUNTY

Mr. and Mrs. Frank Sitzman and family, who for the past few years have resided in Chase county, farming near Imperial, have returned to Cass county, their old home. Mr. Sitzman has secured the farm belonging to Mrs. Mamie Sullivan Phillipson of Chicago, south of this city and where they moved on Monday.

Mr. Sitzman will start in at once on the farm work for the season and the preparation for the planting of the land.

## Garden Club Has Large and Enthusiastic Meet

Plans Discussed and the Outlook for a Great Season in Campaign for Beautifying City.

The meeting of the Plattsmouth Garden club was held last evening at the Central school building auditorium and was one of the most largely attended and enthusiastic that the club has held and filled with many helpful suggestions.

The program of the evening was opened by a delightful piano number, "To Spring," by Greig, played by Miss Jean Knorr, one of the talented young musicians of the city.

The report of the various ward chairmen given indicated that if the general conditions are at all favorable that every section of the city will be filled with beautiful floral gardens and helpful vegetable plots to replace otherwise unattractive surroundings.

Attorney A. L. Tidd, the chairman of the Flower Show, gave a short talk on the prospects for the show that will be held in the latter part of May or the early part of June. There has been much interest manifested in the show and the prospects are that one of the most attractive shows will be staged.

J. A. Pitz, who has had a long and extensive work in fruit and shrub growing, discussed the value of pruning, his informal talk being of great value to the audience.

L. S. Devoe discussed the many interesting slogans that have been

suggested for the garden club campaign. Mr. Devoe also reported on the junior school gardens, which showed the greatest interest on the part of the young people of the city in the garden club program.

The audience was entertained by many beautiful slides on better homes and gardens as a part of the national campaign, the slides being shown by O. C. Hudson while the lecture for the slides was given by Mr. Devoe in his usual entertaining manner.

The club will hold another meeting later in April when the active work of the garden movement should be fully under way.

### VISITS IN THE CITY

The home of Mr. and Mrs. Frank Mullen and family was the scene of a most delightful dinner party Sunday when a number of the old time friends from Schubert were here for the day. The guests of the occasion were Mr. and Mrs. R. H. Boatman and Mrs. Elmer Elise. The guests returned in the evening to their homes.
