## Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative brings a perfect movement, and there is no discomfort at the time, or after. The wrong cathartic may keep you constipated as long as you keep on using it! And the habitual use of irritating salts, or of powerful drugs in the highly concentrated form of pills and tablets may prove injurious.

A week with a properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin will tell you a lot. A few weeks' time, and your bowels can be "as regular as clockwork." Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given for the youngest child. Those called from Manley included John Moeckenhaupt, Harry Hawes, William Scheehan and John F. Carper. The jury brought in a verdict of not guilty after hearing the evidence in the case.

## Widow of Lynching Victim Sues Rolph

Alleges Governor of California Aided in Inciting Public Mind. —Asks \$1,000,000.

San Francisco.—Governor Rolph, who declared the lynching at San Jose last November of two kidnap-slayer suspects "the best lesson California ever has given the country," was sued for \$1,050,000 by the widow of one of the victims.

Mrs. Evelyn Holmes, widow of John M. Holmes, alleged in her complaint the governor aided and abetted in inciting the public mind by statements he would offer no protection to Holmes and Harold Thomas Thurmond, held as suspects in the kidnap-slaying of Brooke L. Hart, young San Jose merchant.

The suit also named as defendants Sheriff Emig of Santa Clara county, from which jail the men were dragged by a mob and hanged to trees; the San Jose News and radio station KQW of San Jose and its operators, Fred J. Hart, C. V. Dahl and Eva P. Hart, and 100 John Does, ten identified as San Francisco policemen.

Mrs. Holmes filed the suit in her own name and that of her two children, David, 6, and Joyce, 5. She was made their guardian Friday by

Superior Judge Fitzpatrick and her suit asks \$50,000 actual damages and \$1,000,000 punitive damages. Apprised of the suit Governor Rolph said, "I haven't seen any of the papers yet, so I can't comment."

After the lynching there was re-percussion thruout the country but the governor retracted nothing, asserting: "The might of the people was aroused to serve notice that kidnaping and murder will not be tolerated in California."

### MUST PAY FOR MACY SCHOOL

Pender, Neb.—District Judge Ryan awarded a judgment against Macy school district for \$3,916 to First Trust company and for \$2,552 in favor of Miller Cereal mills, both of Omaha, on warrants issued by district in November, 1925. They represented the balance equipping a school after proceeds from a \$48,000 bond issue were exhausted.

The district objected to payment of warrant because no fund were available for this purpose, and claimed that since warrants were issued operation expenses of school have required all funds that could be obtained by taxation, altho it has been reduced from twelve to ten grades. It also contended that payees were informed when warrants were delivered that the district had no way of raising funds to pay them.

In a Douglas county case the supreme court recently ruled that a school district which receives benefit of labor and materials and retains it, it must pay the bill.
