

### Weeping Water

Mark Hohman purchased a Ford car of the Model A kind from the Cleo Motor company which he is liking very well.

John A. Davis and Ora A. Davis, both from near Murray, were looking after some business matters in Weeping Water Tuesday of this week.

Oscar E. Domingo was getting some lumber for the making of some repairs on the barn at the farm, getting the needed materials on Tuesday of this week.

Henry Oehlerking of northeast of Murdock was looking after some business matters in Weeping Water and was well meeting with his many friends last Tuesday.

John Jourgensen was a visitor in Omaha on Tuesday with a load of stock picked up from a number of farmers who had only one or two to go and so had to combine with others for the trip.

Ed Freeman who has been bustling during the extreme hot weather has all his corn crop two-rowed and it is doing fine notwithstanding the very dry season, the recent showers pepping up the corn nicely.

Anton Jourgensen, who has recently established a new cream station on the south side of the street, says that business is opening up and that they will in a short time add a line of feeds for chickens and other stock.

L. P. Nelson the produce station man has just purchased a new Chevrolet truck which he is using for his produce business, he having to make many trips to and from Omaha with poultry and eggs, so he has added this to his equipment.

George L. Spohn who has but recently returned from the hospital, is making good progress at this time, he being able to be down town for a short time each day and is gaining strength as the days go by and will soon be able to look after the business again.

R. G. Speak and wife, were over to Omaha on Tuesday of this week where they were called to look after some business matters and during the time Uncle Hans Johnson was compelled to remain at the store for the entire day which he thinks when it is fourteen hours as being a really full day's work.

Miss Maxine Grubbs was a guest

for the day with her friend Miss Pauline Olsen last Tuesday. Miss Pauline will soon depart for Chicago where she will spend a few weeks visiting with friends and also a sister and will go to New York for a short course of study, she being a teacher in the Nebraska schools.

Elmer Michelsen and family were over to Omaha for the day last Sunday where they were visiting at the home of friends for the day and as well enjoying the air races. Elmer says he did not enjoy the blowout which also came to him on the Pappio viaduct. However he mended the tire and they were soon on their way again.

**Attended Graduating Exercises.**  
Mr. and Mrs. G. R. Einger who are very close friends of Mr. and Mrs. Frank H. Johnson of Lincoln, were over to Lincoln last Sunday where they were the guests of the Johnson family and where also they attended the baccalaureate sermon made in connection with the closing of the year's study of the state university and where Walter Johnson, the son of Mr. and Mrs. Frank Johnson was graduating. Besides attending the exercises all enjoyed a very fine visit.

**Heard Sister Dies in West.**  
Mrs. Spencer J. Marshall received the sad news of the injury of her sister, Mrs. H. C. Catchpole of Enkly, Colorado, being injured in a car accident and later dying from the injuries. The husband and wife and their little daughter were driving to Denver on some business in their truck, when they met another car coming from the opposite direction, and veering slightly as they passed, the truck skidded, as a shower of rain had fallen and the truck turned over with the result that Mrs. Catchpole was fatally injured.

Mrs. Catchpole was born at Sterling, Nebraska in 1885, being 49 years of age. They had one daughter about 12 years of age. Mr. and Mrs. Marshall drove over, some 400 miles, Sunday night where they attended the funeral Monday and drove back on Monday night, arriving home Tuesday.

**Attended Grand Lodge.**  
Messrs. Chris Rasmussen and Richmond Hobson were the delegates from the Weeping Water Masonic lodge to the grand lodge which was met-

ing in Omaha Monday and Tuesday of this week. They enjoyed the gathering very much with the single exception of the intense heat. They returned home Tuesday evening.

**To Have New Jail.**  
The matter of having to take a prisoner to Plattsouth where they could be placed in jail until the day of trial has been a burden on the city of Weeping Water for some time. So a committee of the city council was appointed to look after securing a new jail. With the building of a new court house at Wilber they had an excellent pair of cages which they had for sale. Mayor Troy L. Davis and Councilman G. R. Binger went to Wilber where they secured the cages, making purchase of them. The cages were brought to Weeping Water by a local transfer company and will be set on concrete, then a structure built over them and thus a secure jail erected. This will place Weeping Water in a more sure position for caring for the refractory portion who do not care to obey the law.

**The Reliable Shoe Shoe Company**  
The firm of Askew and Abrams, who make harness and repair shoes have just added to their stock a line of Peters shoes and are still busy with the harness line and as well the shoe line.

**Harold Baker Family Blessed.**  
Mr. and Mrs. Harold Baker, the latter the hustler for news for the Weeping Water Republican, have received a blessing in the form of a baby boy which has come to gladden the home. All doing nicely and happiness reigns supreme.

**Painting in Country.**  
Troy L. Davis and Mr. Smith the painter were over near Murray last Tuesday where they were painting a barn on one of the farms of Mr. Davis, and found that there was a much heavier rain there than at Weeping Water.

**Five Lads, Five Days.**  
Five of the Weeping Water young men looking for some diversion were attending the Memorial day races at Indianapolis, they driving in their car. The young men were Art Johnson, Mack Marshall, Elmer Loberg, Lee McCann, Mark Partridge. When the races were over the lads concluded they had as well see the Century of Progress exposition in Chicago, so they turned the nose of their auto in that direction where they spent two days, but to their great disappointment they did not see Andrew H. Brown, president or Amos Jones. They arrived home the first of the week.

**Will Have Fine Station.**  
J. F. George who is building the service station and eating house at the junction of highways 24 and 50, four miles south of Weeping Water, is getting along nicely with the construction and is so that gas and oils can be served but the station is as yet uncompleted, but when it is finished will make a most convenient and attractive place of business. Mr. George suffered a severe injury recently which is interfering with his work on the structure, when he fell from the top of the building fracturing a number of ribs, which has kept him from doing much work on the building. However he is expecting to complete them in a short time.

**Junior American Legion.**  
The Junior American Legion ball team was over to Louisville on June 6th where they engaged the team at that place. There are only three Junior American Legion ball teams in the county at present, Elmwood, Weeping Water and Louisville. However these teams will play other teams whether members of the association or not, so get busy boys if you want to play ball.

**Bus Disappears from Garage.**  
Pt. Smith, Ark., June 4.—You've heard of the man who lost a bass drum, but—  
Ed Leavell, head of the Missouri Pacific Transportation company here, sets a new record. He lost a 29-passenger bus yesterday!  
The bus came in from Little Rock and was placed in front of the Missouri Pacific garage. It was there at 4:30 p. m. Leavell saw it. At 5 o'clock he looked out and it was gone.  
At 11:30 last night, after scouring the surrounding country for miles, and with all peace officers on the look out for it, Leavell and A. S. Kline, Missouri Pacific Lines special agent here, found the bus 9 miles away, near Alma, Ark. It was undamaged and was returned to the garage.  
A warning is being issued to circuses in the vicinity to keep an eye on their elephants.

### VISITS RELATIVES HERE

Mrs. Jessie Phillips of Chadron, is in the city to enjoy a short visit with her aunt, Mrs. B. S. Ramsey, being accompanied by her daughter, Miss Mary Lou and Mr. James Eaton, the two young people having just completed their course of study at the University of Nebraska and will accompany Mrs. Phillips back to Chadron, she having driven to Lincoln to attend the graduation exercises of the state university. Mrs. Phillips was formerly Miss Jessie Foxwell of this city.

### SELECTED AS DIRECTOR

The Nebraska Alumni association, composed of former graduates and students of the University of Nebraska, selected their officers Monday at Lincoln, the meeting being a part of the festivities and marks the close of the school year. Mrs. William A. Robertson of this city was named as one of the directors of the association.  
John Agee, of Lincoln, '10 was named as the president of the association for the coming year.

### VISIT WITH OLD FRIENDS

Mr. and Mrs. Garold Holcomb and little daughter, of Kankakee, Illinois, arrived in the city Saturday afternoon to enjoy a visit here with the old time friends and associates. Mr. Holcomb, who was formerly in charge of the pumping plant of the Plattsouth Water Corporation here, has a similar position in the Illinois city where he is in charge of a very large plant, one of the best in the state of Illinois. Mr. and Mrs. Holcomb are house guests of Mr. and Mrs. M. D. Brown and are busy renewing the acquaintance of the many friends.

### REPORTED AS IMPROVING

The many friends here will be interested in learning that Mrs. J. C. Thygeson, of Nebraska City, who underwent a major surgical operation at the St. Mary's hospital there, is showing some improvement. Mrs. Thygeson is a daughter of the late Mr. and Mrs. A. W. White and a sister of Mrs. J. A. Donelan of this city.

Thousands of cans of Plattsouth packed foodstuffs are being consumed daily throughout the middle-west and south.
